Message from the *CEO*

Melbourne Royal is proud to present and congratulate the medal and trophy winners of the 2025 Australian International Beer Awards.

Established in 1993, the Awards acknowledge and celebrate the finest brewers from around the globe, with 14 major awards and 24 category trophies, including the highly coveted titles of Champion Australian Beer and Champion International Beer.

This year, we introduced cider and perry classes and, in collaboration with the Independent Brewers Association, established two new trophies: Champion Australian Independent Beer and Champion Australian Independent Brewery.

The Melbourne Royal Australian International Beer Awards remain the largest annual beer competition worldwide, recognising the very best in draught and packaged beer, cider, as well as design and media. This year saw close to 2,300 entries from 22 countries, with support from 391 breweries (242 Australian and 149 international exhibitors).

I extend my sincere appreciation to our esteemed Industry Advisory Group, comprised of Warren Pawsey, Tina Panoutsos and Justin Fox, Jon Seltin, Chris Swersey, and Craig Bowen. Their incredible support, counsel, and dedication remain instrumental in the success of the Awards. I truly value the input from our industry partners and Advisory Group, as they uphold the integrity of the Awards, ultimately enhancing the beer drinking experience for consumers.

My heartfelt thanks go to the many judges who travelled from across Australia and around the world to take part in the rigorous four-day judging process, as well as to our 70-strong stewarding team, led by Craig Bowen, and the wider event and operational crew. Your expertise, generosity and commitment bring these Awards to life each year.

Congratulations to all 2025 medal and trophy winners. We trust that your success at the esteemed 2025 Australian International Beer Awards will help bring immense value and commercial success throughout the year and beyond.

These Awards would not be possible without the generous support from our Australian International Beer Awards partners. We extend our appreciation to our presenting partners Barrett Burston and Cryer Malt and major partners Boortmalt Asia Pacific and Hop Products Australia.

Furthermore, we express gratitude to our trophy sponsors, BevChain, Bintani, ecogrip, Orora, Sun Tap Decals, Yakima Chief Hops, Joe White Maltings, Weyermann Specialty Malts, Thirsty Merchants, The Crafty Pint, Fermentis and Novonesis. We also thank our sponsors Kegstar and Lallemand Brewing, and industry supporters Independent Brewers Association, Brewers Guild of New Zealand and Brewers Association.

Once again, we are immensely grateful for the extraordinary support received from the beer industry, and I extend my best wishes for a year filled with brewing excellence and resounding success for the industry.

Brad Jenkins
Chief Executive Officer

Message from the *Head Judges*

As the 2025 Australian International Beer Awards come to a close, we celebrate not only the exceptional quality of this year's entries, but also the resilience and dedication of brewers in a year that has tested the strength, adaptability and spirit of our industry.

Despite rising operational costs, shifting consumer trends, supply chain challenges and the closure of many valued venues, small and independent brewers have continued to rise to the occasion – delivering an outstanding standard of beer that truly impressed in 2025.

This year celebrated the dedication, diversity and innovation shaping the future of beer – locally and globally – with 2,277 entries from 391 exhibitors across 22 countries, reaffirming the Awards' place as one of the world's premier beer competitions.

Of those entries a total of 1,611 came from Australian breweries, with 666 from international entrants where 1,296 were packaged beers, 862 were draught, 45 were design entries, and 21 were media submissions.

We welcomed 82 judges, including industry leaders and sensory specialists, representing a broad range of backgrounds and brewing philosophies. Their expertise and commitment ensured every entry was assessed with rigor, fairness and integrity.

A crucial part of this effort was the support of our 64 volunteer stewards, who ensured seamless coordination and upheld the professionalism of the event. This passionate team poured through over 1,000 litres of beer samples and used nearly 13,000 glasses over three days of judging.

This 2025 Awards 269 Gold, 751 Silver, and 732 Bronze medals were awarded – each representing a benchmark of technical excellence, sensory balance, and stylistic integrity.

Gold medals are awarded to beers of outstanding quality – technically flawless, well-balanced, and exceptionally drinkable.

Silver medals recognise excellent beers that come close to gold, with only minor deviations.

Bronze medals celebrate solid brews that show clear strengths and potential for further refinement.

We want to acknowledge every brewer who submitted an entry. Whether medal-winning or not, each beer represents time, dedication and creative courage. For some, these results will inspire further refinement; for others, they will affirm their place at the pinnacle of the craft.

To ensure objectivity, each beer was assessed blind by judging panels of four to six, guided by a table captain and supported by an associate judge. Our unique judge rotation initiative continued in 2025, giving new international and emerging judges valuable opportunities while allowing experienced local judges to mentor and coach. We also maintained rotational table captains, strengthening collaboration and consistency across panel.

To be awarded a coveted Melbourne Royal Australian International Beer Awards trophy, a beer must first earn a gold medal and then undergo further evaluation by a dedicated trophy panel. These winners represent the best of the best, brews that truly embody brewing brilliance.

We extend heartfelt thanks to our volunteer stewards, led again by the ever-capable Ellen Kittson, for their professionalism and care. Our sincere appreciation goes to the Industry Advisory Group, including Jon Seltin and Chris Swersey, as well as former industry Advisory Group Jayne Lewis, for their guidance and continued passion for the Awards.

We also acknowledge Chief Steward Craig Bowen, Kirrily Waldhorn, Senior Manager, Food and Beverage Awards, Oskar Long, Manager, Food & Beverage Awards, and Cass Cochrane Manager, Food & Beverage Awards, whose tireless dedication makes this competition not just possible, but world-class.

Finally, thank you to the team at Melbourne Royal, including CEO Brad Jenkins and Executive General Manager of Agriculture Darren Keating, & the IT team behind the scenes - your continued support elevates both the Awards and the broader beverage industry.

While the industry faces challenges and change, this year's awards remind us of the strength and spirit that define the brewing community. We are proud to be part of a collective that remains committed to innovation, collaboration, and the ongoing pursuit of excellence.

To all exhibitors, judges, stewards, and supporters – thank you. Whether you walk away with a trophy, a medal, or a new perspective, your participation represents a vital step forward for brewing in Australia and beyond.

Here's to resilience, creativity, and brewing brilliance in 2025 and the years ahead.

CONCENTRATED LUPULIN PELLETS

Cold Pelleted

TOOLS FOR YOUR HOP PLAYBOOK:

CRYO HOPS®

A FULLY PATENTED PROCESS PROVIDING THE HIGHEST QUALITY AND
MOST EFFICIENT CONCENTRATED LUPULIN PELLET

Exclusive to Yakima Chief Hops, Cryo Hops® Brand pellets are a concentrated lupulin pellet produced using a patented cryogenic process that gently separates the components of a hop cone. The unique Cryo Hops® process creates the most ideal environment for limiting oxidation, preserving hop oils and resins and delivering the highest quality product with the greatest alpha concentration. Cryo Hops® Brand pellets provide intense hop flavor and aroma, enabling brewers to efficiently dose large quantities of alpha acids and oils with less volume and greater beer yields.
