Message from the *CEO*

Melbourne Royal is delighted to publish the results for the 2025 Melbourne Royal Wine Awards to acknowledge and celebrate all the trophy and medal winners.

The Melbourne Royal Wine Awards is one of Australia's oldest and most respected wine shows recognising and rewarding excellence in Australian winemaking.

The success of the Awards is attributed to the support we receive from the wine industry and in particular the industry experts who serve on our advisory committee.

I sincerely thank our industry advisory committee Chair Rohan Smith, along with Marcus Satchell, Melanie Chester, Tim Perrin, Kim Chalmers, Ed Merrison and Christina Kaigg-Hoxley for their advice, counsel and involvement.

We are most fortunate to have each of these highly experienced and respected wine industry representatives on the advisory committee. They devote considerable time and effort to ensure the Melbourne Royal Wine Awards continue to evolve and remain highly valued and respected in the Australian wine industry.

This year we received more than 2,300 entries from over 450 wineries. Thank you to all the wineries who entered the Awards this year, we are most grateful.

Judged by highly respected wine professionals, the Melbourne Royal Wine Awards offer Australian winemakers the annual opportunity to have wines benchmarked against peers and receive valuable feedback from judges to improve quality and inspire innovation. Led by Chair of Judges Marcus Satchell, 31 judges provided their skills and expertise across five days of judging at Melbourne Showgrounds from Monday 20 to Friday 24 October.

We sincerely thank all the judges taking time from their respective businesses to provide their exceptional industry knowledge and expertise to successfully judge these awards. We are most grateful to all those who generously volunteer their valuable time to assist as stewards and back of house staff to ensure the judging of the awards runs smoothly.

The prestige of winning a trophy in the Melbourne Royal Wine Awards continues to grow, with the feature trophy all Australian winemakers want to win being the Jimmy Watson Memorial Trophy for Best Young Red.

Along with the Jimmy Watson Memorial Trophy, the François de Castella for Best Young White, Trevor Mast for Best Shiraz and the James Halliday for Best Pinot Noir are some of the most respected trophies for winemakers in the country that are recognised both nationally and internationally.

Thank you to our supportive partners and sponsors in particular: Presenting Partner vintrace; Major Partners PLUMM, BevChain, Wine Ark and Sharp EIT Solutions; and Trophy Sponsors SANECTOR and the Seabrook Family.

Congratulations to all the medal and trophy winners this year.

Winning a Melbourne Royal trophy or medal is wonderful recognition and reward for your expertise, passion and commitment to produce excellent wine.

We trust that you will enjoy great value and benefit from displaying the Melbourne Royal seal of excellence.

Melbourne Royal is committed to celebrating excellence in Australian winemaking and looks forward to the Melbourne Royal Wine Awards continuing to be a unique and valuable platform to drive growth and inspire innovation in the future.

Message from the *Chair of Judges*

October saw 30 judges gather at the Melbourne Showgrounds to assess 2,327 wines from over 440 producers. It was a big week in my first year as Chair of Judges, the results of which I am very proud to present to you. This year's show is a fabulous celebration of the breadth and quality of our industry, from small producers and emerging regions through to the well-known and large-scale makers. Super exciting!

A very big thank you to all the exhibitors for entering. With entries slightly up on last year, it's a great testament to the Melbourne Royal Wine Awards that it continues to evolve and attract strong participation – particularly in what remains a challenging time for the industry as a whole.

I would first like to acknowledge the hard and tireless work of Rohan Smith, Chair of the Committee. His commitment and passion have made my entry into the Chair's role much easier. A huge thanks also to the extended, largely new committee members for their efforts throughout the year.

Of course, the show does not run without the incredible back-of-house administration team – Cass Cochrane, Oskar Long and Kirrily Waldhorn. A massive thanks as well to the stewarding team, led admirably by Su Pettitt, and to the technical support team, Andrew Toms and Kate Dryden.

And so, to the results. The Jimmy Watson Trophy was, as always, hotly contested. Any of the top red wines in the taste-off would have been worthy winners. The spread of trophy recipients – from small to large producers, across multiple states and regions – truly reflects the strength and breadth of Australian wine today.

It is wonderful to see the continued strength of Pinot Noir, with this variety taking out the Jimmy Watson Trophy this year. It was a fiercely contested class, and any one of the gold medal winners could easily have claimed top honours.

The Chardonnay gold medal and trophy winners were all exceptional, showcasing the incredible depth of talent and regional expression across Australia – wines of beautiful balance and complexity. It continues to be such a pleasurable variety to judge.

The state-based Shiraz trophies also demonstrate the remarkable range of styles and quality currently being produced around Australia. The Trevor Mast Trophy winner was a beautifully balanced wine that showed everything great Shiraz should have. The older Clare Valley Shiraz is in a truly beautiful place right now.

Likewise, the top examples of Rosé and Pinot Gris were absolutely delicious, with excellent fruit intensity and balance. These are sometimes categories that don't always capture attention in wine shows, but this year's examples were a real joy to taste.

It was also great to see the gold medal winners in the Other Reds and Other Whites classes – proof of the exciting work being done with alternate varieties across a wide range of regions. The diversity and quality emerging from these wines is genuinely encouraging.

Congratulations to all the award winners. There's a lot to celebrate, and even more to talk about. It was a great week leading one of the most outstanding teams of judges I have ever been involved with, and a wonderful reflection of the outstanding quality of Australian wine right now.

Marcus Satchell

DID YOU KNOW MOST **WINE** STORED AT HOME AGES FASTER THAN IT SHOULD?

Heat, light and vibration can all compromise a bottle long before you're ready to enjoy it. Managed wine storage safeguards your collection in purpose-built cellars designed for perfect ageing.

HERE'S HOW IT WORKS:

STEP 1:

Arrival & Provenance Check

Your wine can be shipped from anywhere in the country directly to your cellar. Every bottle is carefully receipted, catalogued with a unique QR code, and uploaded to your online inventory. From day one, your collection carries a verified history that protects its value and authenticity.

STEP 2:

Safe Cellaring

Bottles are placed into climate-controlled cellars with stable temperature, humidity, and security. This replicates Europe's finest underground caves, allowing wines to age gracefully without risk.

wineark.

STEP 3:

Digital Cellar Access

Your collection lives online as well as in the cellar. Through our proprietary cellar management system, you can view, sort, manage, and even sell every bottle 24/7, from anywhere in the world.

STEP 4:

Retrieval or Sale

When the moment comes and your wine is ready, simply arrange collection, delivery, or list bottles through our sales platform - always with complete confidence in their provenance.

HARVEST MORE THAN GRAPES. HARVEST THE SUN.

Powering Australia's next generation
of vineyards with clean energy
and innovation.

**Across Australia, vineyards are turning sunlight into yield.
Solar is now a strategic advantage that helps wineries:**

- ✓ Reduce frost and hail impact on crops
- ✓ Power irrigation, refrigeration & vineyard operations
- ✓ Boost land productivity and energy efficiency
- ✓ Cut operating costs while staying sustainable
- ✓ Build long-term resilience for future vintages
