Walker's Patent Rotary Steam Pump.

VERTICAL
OR
HORIZONTAL.
—
CERTAIN IN
ACTION.

This Pump has been designed to meet the requirements of a large and increasing class of customers who desire a cheap, compact and efficient Pump, made on the direct acting principle, but free from the complicated arrangement of Steam Valves so common to this class of Pump. We claim to meet this want in this Pump as a direct acting Pump; it has a long stroke; is free from many wearing parts, as the only moving parts of the Machine having heavy duty to perform, viz., the Piston Rod, the Piston and Plunger, are, so to speak, in one solid piece and in a direct line, having no intermediate joint pins, cotters or levers about them wearing, loose, whilst the arrangement of steam valve is of the simplest and best understood elements of mechanism, viz., a common slide valve, worked in the ordinary method by an eccentric direct from the crank shaft; its principles of construction are so universally understood that a common fireman is never at a loss in working it, and any ordinary engineer can repair it when it is out of order.

STMPLE,
DURABLE,
ECONOMICAL,
AND
EFFICIENT.

Useful for all purposes. See Exhibition, British Court.

 128 3 J. W. Fleming, Fleming House, Brunswick, "Merry Hawk;" s Ace of Clubs (imported), d Black Hawk Belle (imported), s of d Renowned Black Hawk.

MERRY HAWK is got by Ace of Clubs (imported) out of Black Hawk Belle, the celebrated trotting mare, imported from America to England by Lord Berwick, and afterwards purchased at an immense cost for Australia, where she arrived with Cambridge Chief and Flying Morgan. She was considered one of the best trotters that ever left America, and was a daughter of the renowned Black Hawk, sire of so many famous horses in the United States. Ace of Clubs, sire of Merry Hawk, was without doubt the best thoroughbred stallion ever sent to this colony—he got The Ace, King of the Ring, Irish King, Argus Scandal, Wollamai, All Fours, and many others; but no higher recommendation can be given than that his son King of the Ring's first foal was First King, winner of the Champion race, and the only horse able to lower the mighty Chester's colours. MERRY HAWK, it will thus be seen, comes from a direct cross of a most fashionable thoroughbred horse, and the best trotters in the world. For quality he has no equal, and his action may be described as the poetry of motion. He has been awarded first prize as a Trotting Stallion at the West Bourne and Heidelberg Shows.
