RULES.

[As the Council of the Royal Agricultural Society of Victoria has resolved to hold its Shows under the rules of the English Kennel Club, as adopted by the Victorian Poultry and Kennel Club, and has recognised that Society as the local custodian of a Stud Register kept in accordance with the Kennel Club Rules, the following code is published for the guidance of the Society's Dog

Shows.]

1. Every dog exhibited at the Show must, at or before the time of entry for such Show, be entered in a registry of names kept by the Victorian Poultry and Dog Society at their offices, 195 Collins-street, Melbourne. A charge of 1s. each dog will be made for registration. A name that has been already assumed and duly registered in the Victorian Poultry and Kennel Club's Stud Book, or entered in any published number of the Kennel Club Calendar or Stud Book, by the owner of a dog of the same breed, cannot be registered except by a distinguishing name or number. If the name of a dog be changed, or an old name be reassumed, such name shall be required to be registered previous to the time of entry.

Note.—Any dog not previously registered in accordance with Rule 1 may be registered at this Society's office at the time of entry for Show on payment of

the registration fee of one shilling.

2. Dogs that are already entered in the Victorian Poultry and Kennel Club's Stud Book, or in any published number of the Kennel Club Calendar or Stud

Havelock Tobacco, Finest American Leaf.

Book, are exempt from the above rule, provided their name remains unchanged. Puppies exhibited in classes exclusively for litters of puppies are also exempt.

3. Any dog which is to be exhibited at a Show held under the Rules must be the bona fide property of the exhibitor in whose name he is entered, and must have been so fourteen clear days before the first day of the Show. Each dog must, on the entry form, be clearly identified by name, by date of birth, and by the name of his sire or dam, and of the breeder, each and every one of them, if known (as registered in accordance with Rule 1); and if the dam was covered by more than one dog, the names of all must be given. If the age, pedigree, or breeder's name be not known, the dog must be entered at each show as breeder, age, or pedigree unknown, any or all, as the case may be.

4. The bona fide owner of the dam at the time she whelps shall be considered to be the breeder of the litter. In cases, however, where a bitch is lent for breeding purposes, the person to whom the bitch is lent shall be considered the breeder of the puppies born during the period of such loan, provided he or she, before the litter is born, send to the Secretary of this Society, or to the Secretary of the Victorian Poultry and Kennel Club, a statement of the facts, signed by himself or herself and the owner of the bitch.

5. If the name of the dog which has won a prize has been changed, it is necessary in entering the said dog to give his old name as well as his new name every time he is exhibited until the change has been duly published in the Victorian Poultry and Kennel Club's Stud Book; and if his name be changed

again, all his names must be repeated for a like period.

6. If a dog shall be entered except as before directed by Rules 1, 2, 3, 4, and 5, he shall forfeit any prize that may have been awarded him, and if the omission be detected in time, he shall not be allowed to compete, and shall in either case forfeit all entrance fees and subscriptions.

7. The Council or authorities may reserve to themselves the right of refusing

any entries they may think fit to exclude.

8. A castrated dog or spayed bitch shall be disqualified from competing, or

receiving a prize if awarded.

9. Total blindness shall absolutely disqualify; partial blindness shall have great weight against a dog. Should a dog appear to be deaf or lame, it shall be in the power of the Judge to disqualify, unless he is satisfied that such defects

are temporary.

10. No dog shall be qualified to compete who shall be declared by the duly qualified and appointed Veterinary Inspector during the Show to exhibit any form of any contagious or infectious disease, neither shall such dog be entitled, if in that condition, to receive a prize if awarded, unless the Council shall consider that the owner of the dog was not to blame in the matter. The Veterinary Inspector shall give his decision in writing, duly signed, to the Secretary or Committee of the Show before its close, and such opinion shall be final as regards the condition of the dog.

11. Any person who is proved to the satisfaction of the Council to have been guilty of any fraudulent or discreditable conduct in connection with dogs, dog shows, or field trials, may, in addition to any pecuniary penalty to which he may be liable, be declared incapable of competing for or winning a prize at any Show or field trials held under these rules, for such period as the Council may

decide upon.

12. An equal (champion) or first prize shall be counted as a win to both dogs. In estimating the number of prizes a dog has won, the number of prizes won shall be calculated up to 12 noon of the day previous to the original day of closing entries for the Show.

13. No dog shall be allowed to compete in a novice class that has won a first prize up to the time of judging such class, but in the event of a winner being

barred, his entry money shall be returned.

14. The Committee of the Victorian Poultry and Kennel Club shall, from time to time, forward to the governing bodies of all Shows held under the Societies' Rules a list of Shows selected by them as being worthy to rank as two-point Shows. A first prize at any one of such Shows shall, for all purposes of a champion class qualification, count two points. A first prize at any other

Foster's Lager Beer, pure Malt & Hops.

Foster's Lager Beer, pure Malt & Hops.

Show held under the Victorian Poultry and Kennel Club's Rules shall count one point. In calculating the points necessary to qualify for a champion class, a prize won in a novice class shall not count. No dog shall be qualified to compete in a champion class that has won less than six points at Shows held under the Rules of the Victorian Poultry and Kennel Club, or at Shows registered in and for the Kennel Club Calendar and Stud Book; and no dog shall compete in an open class that is qualified to compete in a champion class at any Show where champion classes are provided for that breed. The prizes must be won in open classes, or in classes provided for colonial-bred dogs of any breed, or in varieties of the same breed, divided by weight, colour, sex, or age, in adult classes; and one of the prizes must be won at a Show held by the Victorian Poultry and Kennel Club, or at a two-point Show held under the Rules of the Kennel Club. This Society's Shows, and the Shows of the Victorian Poultry and Kennel Club. shall rank as two-point Shows. All other Shows held under the Rules of the Victorian Poultry and Kennel Club shall rank as one-point Shows.

15. No dog shall be entitled to be called a champion that has not won a first prize in a champion class at a Show held under these Rules, or in a challenge class at a Show held under Kennel Club Rules. No dog entitled to be called a champion shall be allowed to compete in an open class at any Show held under

these Rules, whether a champion class be provided at the Show or not. N.B. to Rules 14 and 15.—These Rules shall come into operation upon 1st July, 1890, and any dog which shall have qualified previously to that date for competition in a champion class must compete in a champion class where such class is provided. Any dog entitled to be called a champion before that date shall not be deprived of his title. A first prize won at any Show under these Rules previous to 1st July, 1890, by any dog not fully qualified to compete in a champion class under the old Rules, will score one or two points as provided in the new Rules.

16. If any dog be disqualified by the Judge, or formally objected to during the Show, for being improperly tampered with, the Veterinary Inspector shall examine the dog, and give his opinion to the Secretary in writing before the close of the Show.

17. Any objection to a dog may be made by any person; it must be made to the Council or Secretary of the Society not later than the Friday preceding the close of the Show. The objection must be in writing, and the objector must (unless in cases where the objection is laid by the Council or by the regularly constituted Committee of a Show, in which cases a deposit shall not be necessary) at the same time lodge a sum of £1 in the hands of the Council or Secretary, which deposit shall, if the objection be proved frivolous, be forfeited.

18. In the foregoing Rules, the word "dog" shall be interpreted to include

both sexes.

REGULATIONS. SPECIAL

1. All dogs must have chains and collars, without names, attached, to enable them to be taken out if required.

2. Any dog wearing a collar with its owner's name thereon will be dis-

qualified from receiving a prize.

3. Exhibitors will, on personal application to one of the Stewards, be permitted to loose their dogs for exercise for a short time each day—in the morning, prior to the opening, and in the evening, after the closing of the Exhibition; but they will on no account be permitted to remove the same from the yards without a written order from the Secretary, and a deposit of £2. (See General Regulations, Clause 30.)

4. Dogs considered by the Stewards and Hon. Veterinary Surgeon unfit for exhibition, either from disease, vice, or other causes, will not be received; or

removed if found necessary.

5. Dogs to be in their places in the yards on Wednesday by ten o'clock.

Note. - The Society will engage a thoroughly practical man to take charge of the dogs.
