DEAR SIR,—I have much pleasure in stating that the Six-Furrow Plough supplied by you has given us entire satisfaction. After finishing the stubble, the Plough was put to work in ground that had not been worked for eleven years, the work done by the Plough with one man and a team of five horses being all that could be desired. The Plough is easily managed, and can do eight acres per day comfortably.—I remain, yours faithfully, WM. SQUIRE, Manager for ANDREW O'KEEFE, Esq.

RULES.

As the Council of the Royal Agricultural Society of Victoria has resolved to hold its Shows under the rules of the English Kennel Club, as adopted by the Victorian Poultry and Kennel Club, and has recognised that Society as the local custodian of a Stud Register kept in accordance with the Kennel Club Rules, the following code is published for the guidance of the Society's Dog Shows.

1. Every dog exhibited at the Show must, at or before the time of entry for such Show, be entered in a registry of names kept by the Victorian Poultry and Dog Society at their offices, 195 Collins-street, Melbourne. A charge of 1s. each dog will be made for registration. A name that has been already assumed and duly registered in the "Victorian Poultry and Kennel Club's Stud Book," or entered in any published number of the "Kennel Club Calendar" or "Stud Book," by the owner of a dog of the same breed, cannot be registered except by a distinguishing name or number. If the name of a dog be changed, or an old name be re-assumed, such name shall be required to be registered previous to the time of entry.

NOTE.—Any dog not previously registered in accordance with Rule 1 may be registered at this Society's office at the time of entry for Show on payment of the registration fee of one shilling.

2. Dogs that are already entered in the "Victorian Poultry and Kennel Club's Stud Book," or in any published number of the "Kennel Club Calendar or Stud Book," are exempt from the above rule, provided their name remains unchanged. Puppies exhibited in classes exclusively for litters of puppies are also exempt.

3. Any dog which is to be exhibited at a Show held under the Rules must be the bona fide property of the exhibitor in whose name he is entered, and must have been so fourteen clear days before the first day of the Show. Each dog must, on the entry form, be clearly identified by name, by date of birth, and by the name of his sire or dam, and of the breeder, each and every one of them, if known (as registered in accordance with Rule 1); and if the dam was covered by more than one dog, the names of all must be given. If the age, pedigree, or breeder's name be not known, the dog must be entered at each show as breeder, age, or pedigree unknown, any or all, as the case may be.

4. The bona fide owner of the dam at the time she whelps shall be considered to be the breeder of the litter. In cases, however, where a bitch is lent for breeding purposes, the person to whom the bitch is lent shall be considered the breeder of the puppies born during the period of such loan, provided he or she, before the litter is born, send to the Secretary of this Society, or to the Secretary of the Victorian Poultry and Kennel Club, a statement of the facts, signed by himself or herself and the owner of the bitch.

5. If the name of a dog which has won a prize has been changed, it is necessary in entering the said dog to give his old name as well as his new name every time he is exhibited until the change has been duly published in the "Victorian Poultry and Kennel Club's Stud Book"; and if his name be changed again, all his names must be repeated for a like period.

6. If a dog shall be entered except as before directed by Rules 1, 2, 3, 4, and 5, he shall forfeit any prize that may have been awarded him, and if the omission be detected in time, he shall not be allowed to compete, and shall in either case forfeit all entrance fees and subscriptions.

7. The Council or authorities may reserve to themselves the right of refusing any entries they may think fit to exclude.

8. A castrated dog or spayed bitch shall be disqualified from competing, or receiving a prize if awarded.

9. Total blindness shall absolutely disqualify; partial blindness shall have great weight against a dog. Should a dog appear to be deaf or lame, it shall be in the power of the Judge to disqualify, unless he is satisfied that such defects are temporary.

10. No dog shall be qualified to compete who shall be declared by the duly qualified and appointed Veterinary Inspector during the Show to exhibit any form of any contagious or infectious disease, neither shall such dog be entitled, if in that condition, to receive a prize if awarded, unless the Council shall consider that the owner of the dog was not to blame in the matter. The Veterinary Inspector shall give his decision in writing, duly signed, to the Secretary or Committee of the Show before its close, and such opinion shall be final as regards the condition of the dog.

11. Any person who is proved to the satisfaction of the Council to have been guilty of any fraudulent or discreditable conduct in connection with dogs, dog shows, or field trials, may, in addition to any pecuniary penalty to which he may be liable, be declared incapable of competing for or winning a prize at any Show or field trials held under these rules, for such period as the Council may decide upon.

12. An equal (champion) or first prize shall be counted as a win to both dogs. In estimating the number of prizes a dog has won, the number of prizes won shall be calculated up to 12 noon of the day previous to the original day of closing entries for the Show.

13. No dog shall be allowed to compete in a novice class that has won a first prize up to the time of judging such class, but in the event of a winner being barred, his entry money shall be returned.

14. The Committee of the Victorian Poultry and Kennel Club shall, from time to time, forward to the governing bodies of all Shows held under the Club's Rules a list of Shows selected by them as being worthy to rank as two-point Shows. A first prize at any one of such Shows shall, for all purposes of a winners' class qualification, count two points. A first prize at any other Show held under the Victorian Poultry and Kennel Club's Rules shall count one point. No dog shall be qualified to compete in a winners' class that has won less than six points at Shows held under the Rules of the Victorian Poultry and Kennel Club, or at Shows registered in and for the "Kennel Club Calendar" and "Stud Book"; and no dog shall compete in an open class that is qualified to compete in a winners' class at any show where winners' classes are provided for that breed. The prizes must be won in open classes provided for dogs of any breed, or in

varieties of the same breed, divided by weight, colour, sex, or age, in adult classes; and one of the prizes must be won at a Show held by the Victorian Poultry and Kennel Club, or the Kennel Club of New South Wales, or at a Championship Show held under the Rules of the English Kennel Club. The Shows of the Victorian Poultry and Kennel Club, the Kennel Club of New South Wales, the Royal Agricultural Society of Victoria, the Victorian St. Bernard, Mastiff, and Newfoundland Club, and of the Southern Fox Terrier Club shall rank as two-point Shows. All other Shows held under the Rules of the Victorian Poultry and Kennel Club shall rank as one-point Shows.

15. The Committee of the Victorian Poultry and Kennel Club may select each year two Shows to be called Championship Shows, the Show of the Victorian Poultry and Kennel Club to be one of them. At these Shows a championship prize certificate shall be provided in such breeds or varieties of breeds as the Committee of the Victorian Poultry and Kennel Club shall determine, and shall be competed for without any extra entry fee, by the first prize winners in the winners' classes and the open classes of each of the breeds or varieties selected, the sexes to be judged separately. A winner of two championship prizes certificates at Championship Shows shall have the title of Champion.

N.B. to Rules 14 and 15.—These Rules as amended shall come into operation upon 1st June, 1897, and any dog which shall have qualified previously to that date to compete in a champion class must compete in a winners' class where such class is provided. Any dog entitled to be called a champion before that date shall not be deprived of his title.

16. If any dog be disqualified by the Judge, or formally objected to during the Show, for being improperly tampered with, the Veterinary Inspector shall examine the dog, and give his opinion to the Secretary in writing before the close of the Show.

17. Any objection to a dog may be made by any person; it must be made to the Council or Secretary of the Society not later than the Friday preceding the close of the Show. The objection must be in writing, and the objector must (unless in cases where the objection is laid by the Council or by the regularly constituted Committee of a Show, in which case a deposit shall not be necessary) at the same time lodge a sum of £1 in the hands of the Council or Secretary, which deposit shall, if the objection be proved frivolous, be forfeited.

18. In the foregoing Rules, the word "dog" shall be interpreted to include both sexes.

SPECIAL REGULATIONS.

1. All dogs must have chains and collars, without names, attached, to enable them to be taken out if required.

2. Any dog wearing a collar with its owner's name thereon will be disqualified from receiving a prize.

3. Exhibitors will, on personal application to one of the Stewards, be permitted to loose their dogs for exercise for a short time each day—in the morning, prior to the opening, and in the evening, after the closing of the Exhibition; but they will on no account be permitted to remove the same from the yards without a written order from the Secretary, and a deposit of £2. (See General Regulations, Clause 30.)

4. Dogs considered by the Stewards and Hon. Veterinary Surgeon unfit for exhibition, either from disease, vice, or other causes, will not be received; or removed if found necessary.

5. Dogs to be in their places in the yards on Wednesday by ten o'clock.

NOTE.—The Society will engage a thoroughly practical man to take charge of the dogs.

197

GENERAL REGULATIONS.

1. All exhibits must be the bona fide property of the exhibitor, and produce, which must be the growth of the present year, must be grown or made by the exhibitor, except in the case of Agricultural Societies being exhibitors.

2. No exhibit will be allowed to enter in more than one class, except for a sweepstake, or for a special or champion prize.

3. Applications for space for stands of machinery and implements, single exhibits, or goods for exhibition only (Sections 41 and 42), must be made on or before Wednesday, 30th June, 1897. After the applications close positions will be allotted, and a charge of 1s. per foot frontage will be made for the space granted, exclusive of space under cover, for which the charge is 5s. per foot for first five feet, with a reduction after that amount. Entries of this description of exhibits must afterwards be duly made on the Society's forms, and properly described for insertion in the Catalogue.

4. General entries must be made in writing on forms supplied by the Society, and must be in the hands of the Secretary, at the office, the Rialto, 497 Collins-street, Melbourne, on or before Saturday, the 7th day of August, 1897, at 12 o'clock noon. On payment of an extra entry fee, double fee entries will be received at the office after that hour till 5 p.m. on Tuesday, 10th August, when all entries close. Entry fees, in accordance with next regulation, to accompany each entry.

5. Members of the society (subscription £1) will be charged a fee of 5s. on each entry in a numbered class, except for Poultry and Wines, in which Sections the entry fee in each class is 2s. 6d., and in Classes 35, 36, 37 (which see). Non-members will be charged 10 per cent. on the money value of the first prize in each class in which they enter, provided always that no entry fee in any class shall be less than 5s. (which amount covers entries in classes in which medals are offered for first prizes), except in Poultry and Wines, for which the entry fee is 2s. 6d. Entry fees must accompany entries.

6. Separate entries (with entry fees) must be made for Special Prizes in cases in which the prizes have class numbers. When the Special Prize is not in a numbered class, a separate entry is not required.

7. The correct age of exhibits of Live Stock must be set forth in each entry. Any infringement of this rule will disqualify the exhibit.

8. In addition to other particulars, the date on which sheep were shorn must be stated on the entry form.

9. The breeding year dates from 1st August in each year for horses, and 1st July in each year for cattle. Colonial-bred shall mean bred in any of the Australasian colonies.

10. Entry tickets will be issued about a week before the Show opens. The entry ticket of each exhibit will state the number of its box, stall, pen, or stand, as the case may be, which will correspond with its number in the official catalogue. The entry ticket must be produced at the gate, when it will admit the exhibit and attendant to the Grounds. It must be retained and again produced when the exhibit leaves the yards. Attendants' passes will be issued by the Secretary on the Show Grounds.

11. In order to prevent the non-exhibition of animals which have been entered for the Show, thus causing unnecessary preparations, expenses, and disarrangement of the Show Yard, any person making an entry will be subject to a fine of £2 for each horse entry not exhibited, of £1 for each entry of cattle not exhibited, and of 10s. for each entry of sheep or pigs not exhibited, unless a certificate under the hand of the exhibitor or his authorised agent be lodged with the Secretary of the Society before the day of exhibition, certifying that such non-exhibition is caused either by—(1) The death of the animal or animals; or (2) contagious or infectious diseases (confirmed by the explanatory certificate of a veterinary surgeon); or (3) by its becoming ineligible for the class in which it has been entered, or other reasonable cause. The non-payment of such fines to debar all persons owing them from exhibiting at the future meetings of the Society.

GENERAL REGULATIONS.

12. All exhibits of Carriages, Buggies, etc. (Section 35) Manures (Section 41), and Machinery, Implements, and Miscellaneous Exhibits (Section 42) must be in their places in the yards on Tuesday night, 31st August. All other exhibits, except Hunters, Ladies' Hunters, High Jumpers, Cavalry Horses, Carriage Pairs, and Wines, etc. (see foot of this regulation) must be in their places in the yards by 10 a.m. on Wednesday, 1st September, when the Judges will begin adjudication. Hunters, Ladies' Hunters, High Jumpers, Cavalry Horses, and Carriage Pairs will only be required to be in the yards on the day or days on which they perform. Except for Cavalry Horses, boxes will not be allotted to horses in these classes. Wines, etc. (Section 39), must be lodged in the cellars of the Exhibition Building, Carlton Gardens, on or before Tuesday, 3rd August, 1897, at 5 p.m.

13. Exhibits will not be received in the yards after the date and hour specified. No animal or article, whether for competition or not, will be admitted to the Show Grounds, unless duly entered.

14. All exhibits must be placed where directed by the Secretary, and (except live stock, in accordance with Regulation 30), and carriages, etc., must not be removed from their classes during the Exhibition.

15. The owner or exhibitor of any exhibit or stand of exhibits disapproved of as an exhibit by the Council of the Society must immediately, upon notice to that effect, remove such exhibit or stand of exhibits from the Society's Grounds.

16. As many men will be allowed into the Yards free as the Council may deem necessary to take charge of exhibits, and passes will be issued to all such on application to the Secretary at the Show Grounds.

17. Exhibits must not be rugged during the hours the Show is open to the public.

18. When ordered by the Stewards, attendants on horses and cattle must take the exhibits out on parade. Exhibitors shall be subject to a fine of 10s. in each case in which the order of the Stewards to parade is not obeyed, and shall be liable to forfeit any prize awarded to their exhibit or exhibits.

19. No exhibitor or manager of an exhibiting company (except in the case of an owner riding or driving his exhibit) will be allowed in that section of the yard in which his exhibit is placed during the adjudication of the Judges, and it shall be the duty of the Stewards to prevent any person interfering with the Judges, and, if necessary, to order the removal of such offender from the yards. Persons in charge must on no account leave their respective lots, or address the Judges, unless authorised by the Stewards of the section in which they are competing.

20. The Judges may award a second or a third prize instead of a first one, or may withhold a prize altogether, where the exhibits are not of sufficient merit. Any exhibit (for which no class is provided) likely to benefit the colony, if entered as an extra in a competitive section, may be recommended a prize or certificate if considered meritorious.

21. The Judges are requested to make a reserve number of the exhibit next in merit beyond those to which prizes are awarded in every class where the number of entries exceeds the number of prizes offered, if, in their opinion, the exhibit is of sufficient merit to deserve a prize; they are also requested to give commendations when deserved.

22. No prize can be recommended by the Judges for extra exhibits if the Prize-list contains a class in which the same can compete.

23. The Council may withhold any prize when fraudulent or erroneous statements have been made regarding an exhibit; and exhibitors guilty of false entries or statements may be debarred from again exhibiting, and, if Members, will be liable to expulsion from the Society.

24. Any person insulting or interfering with the Judges during the Show will be subject to removal from the yards; and the prizes, if any, awarded to such person may be forfeited.

25. Any exhibitor or attendant refusing to attach the Prize Card to any exhibit to which a prize is awarded, and to keep the same on during the hours of exhibition, will, on proof thereof to the Council, forfeit all prizes awarded to such exhibit during the Show, and may be disqualified from again competing, and no exhibitor will be allowed to display any Prize Card in addition to those issued by the Society for the year.

26. Should any exhibit, having gained a prize, be disqualified, the next on the list does not necessarily obtain the same prize. The Council, with or without the advice of the Judges, shall decide the question.

27. All persons exhibiting shall accept the decision of the Judges appointed by the Society as to the merits of their exhibits, and in the case of protests alleging infringement of the regulations, the decision of the Council shall be accepted as final and without appeal.

28. Protests against awards must be lodged with the Secretary, in writing, before 12 noon on the day after such awards are made, with a deposit of £1 sterling, which will be forfeited to the Society if the protest be found, on due consideration, to be unfounded or frivolous.

30. Any exhibit of Horses or Cattle may be removed from the yards each day of the Exhibition after 5 p.m. on depositing with the Secretary an approved cheque for £10 (or for any exhibit of Dogs, £2; see Special Regulation, under Section 34, Clause 3) as a guarantee that the animal will be returned to the yards next morning before 10 a.m. In the event of the animal not being returned before the time specified, the cheque, together with all prize money (if any) it has won, will be forfeited; but on the animal's return each day the cheque will be refunded to the exhibitor.

34. The privilege of distributing trade lists, advertisements, or other documents is restricted exclusively to exhibitors at their respective stands. Any person infringing this regulation will incur expulsion from the yards.

35. Every reasonable care will be taken of exhibits, but no responsibility will be incurred by the Society.

36. All exhibits of Live Stock must be removed from the Show Grounds within one week after the last day of sales, or a charge will be made for boxes.

37.
