The Company acts as **Executor under Wills, Administrator of Estates, Trustee under Settlements, Agents for Absentees, Committee of the Estates of Insane Persons and Guardians.**

Persons who are Executors or Trustees may, if they so desire, transfer their Trusts to the Company, and thus be relieved of further responsibility. The Company may be appointed to act with an individual. Experience has shown that, by appointing **The EQUITY Trustees Company** with an individual Trustee, a Testator provides for the performance of the trusts under his will in the best possible way. The Company, being a responsible corporation, stands as security for the protection of Trust Funds and invests these funds properly, and keeps full and exact accounts from the beginning to the end of the trusts; and the private Trustee, being intimately acquainted with the needs and desires of the beneficiaries, keeps the Company in touch with them, and sees that their wishes have full consideration.

## General Regulations.

1. Entries will only be received subject to rules and regulations, and all exhibits must be the bona-fide property of the Exhibitor at time of entry, and produce, which must be the growth of the preceding 12 months, must be grown or made by the Exhibitor, except in the case of Agricultural Societies being Exhibitors.

2. No exhibit will be allowed to enter in more than one class, except for a sweepstake or for a special or champion prize.

3. Applications for space for stands for manures, machinery, and implements, single exhibits, or goods for exhibition only (Sections 48 and 49), must be made (by ordinary letter) on or before Saturday, 27th June, 1908. Exhibitors having a seven years' tenure must lodge an application each year. After the applications close, positions will be allotted, and a charge per foot frontage will be made for the space granted. Entries of this description of exhibits must afterwards be duly made on the Society's forms, before the close of general entry, for insertion in the Catalogue.

4. General entries must be made in writing on forms supplied by the Society, and (including those by post) must be in the hands of the Secretary, at the office, Equitable Building, Collins-street, Melbourne, on or before Saturday, the 25th July, 1908, at 12 o'clock noon. On payment of a double fee, double-fee entries will be received at the office after that hour till 12 o'clock noon on Saturday, 1st August, when all entries close. Entry fees must accompany each entry. Entries for competition are limited to three exhibits in Horses and Cattle (except in Classes for 2-year-old Bulls in Sections 12, 17, 18 and 19, where six exhibits are allowed), and two exhibits in Sheep and Swine, which exhibits must be brought before the Judges.

5. The Council reserve the right to reject at any time any entry submitted for this Exhibition. No disqualified animal shall be allowed to compete for a prize.

6. When a Special Prize is not in a numbered class, a separate entry is not required. No entry can be changed after entries close.

7. The correct age of exhibits of live stock must be set forth in each entry. Any infringement of this rule will disqualify the exhibit.

8. No sheep to be entered or shown that have been shorn before 12th July in the preceding year. The date on which sheep were shorn to be stated on entry form, and the month and year of lambing of all sheep under 2½ years old must also be stated. No sheep will be allowed to compete that have their wool oiled or dressed with any foreign matter whatever.

9. The breeding year dates from 1st August in each year for horses, and 1st July in each year for cattle. Colonial-bred shall mean bred in any of the Australian States or New Zealand.

10. All male animals competing in the breeding classes must be visibly entire, and any marks of spaying on females shall disqualify them from competing in such classes.

11. Entry tickets will be issued about a week before the Show opens. The entry ticket of each exhibit will state the number of its box, stall, pen, or stand, as the case may be, which will correspond with its number in the official catalogue. The entry ticket must be produced at the gate, when it will admit the exhibit and attendant to the grounds. It must be retained, and again produced when the exhibit leaves the yards. Attendants' passes will be issued by the Secretary at the Show Grounds after 10 a.m. on Thursday, 27th August, 1908.

The non-payment of such fines to debar all persons owing them from exhibiting at the future meetings of the Society.
