IS IT POSSIBLE?

IS IT POSSIBLE to produce a new growth of hair on heads when once atrophy of the roots has done its work? The answer is "No!" But why allow the scalp to get into that condition when it has been demonstrated, beyond a doubt, that the premature decay of the hair can be arrested, and a splendid crop of new hair produced, even in advanced cases of baldness, by my preparations, which are the result of thirty-three years of study of the hair and its treatment.

SPECIFIC EXAMPLES.—I know hundreds of gentlemen who were losing their hair over twenty years ago, and who, by carrying out my instructions, saved their hair. I know scores of gentlemen who, in spite of an inherited tendency to baldness, have good hair at forty and fifty years of age.

APPARENTLY HOPELESS CASES.—I do not say my treatment is infallible, but I do say that cases which were thought to be hopeless have yielded to my treatment. I have thousands of genuine testimonials, which prove the truth of this assertion. These can be seen at my Consulting Rooms, 195 Collins-street, Melbourne.

MR. REYNOLDS, of HOBART, came to Melbourne to buy a wig. He consulted me and bought my preparations, and by their use has now a lovely head of hair.

MR. CASEY, SEA LAKE, was as bald as a billiard ball on the top of his head, and now he has a good growth of hair.

MR. MURRAY, QUEENSLAND, writes:—"Your treatment of my hair is a splendid success. It has clothed my bald head with a good crop of hair."

A GENTLEMAN writes from **RAVENSTHORPE, QUEENSLAND**:—"The six months' course of your treatment has effected a complete cure of a very troublesome scalp disease which I have had for over twelve years."

MR. FARTHING, OF MELBOURNE, had a scalp disease of long standing, which was cured in a few months.

MRS. KIDDLE, NEW SOUTH WALES, had eczema, with terrible irritation of the scalp for 15 years. Irritation stopped immediately, and disease cured in a few months.

If you have any scalp disease, write me or use my preparations, and get it cured at once, or it will destroy your hair. If you have a fairly good head of hair, and it is falling out, use my Baldene. Two months' treatment, by post, 11/6

Gentlemen who are going bald should use **SPECIAL PARASENE** and **COSMO LOTION**, one at night and the other in the morning, and wash the head once a week with **SHAMPUNA**. **PRICE**, with postage (two months' treatment):—Victoria, 11/6; four months', 22/-; other States, 12/6 and 23/6.

Ladies with hair falling out should apply **RESTORER** at night and **COSMO LOTION** in the morning, and wash the hair with **SHAMPUNA**. Two months' treatment, 12/6; four months' treatment, 23/6.

NATURALINE is a splendid preparation for colouring Grey Hair. It acts quickly, naturally, and effectively, and is perfectly harmless. Made in all colours. Get the right strength. No. 1 for Light-Brown Hair, Medium or Medium-Brown Hair; No. 2 for Dark Brown or a Light-Black; Extra Strong or very Black Hair. Price: Victoria, with postage, 6/3. Other States, 6/8.

AN INVITATION !

To the Choicest, Finest, Brightest and Most
 Interesting Furnishing Emporium in Melbourne,
 With Branches in every Suburb.

People who live at a distance in the country can have no idea of the immense stocks of beautiful Furniture that are exhibited at each of **TYE'S** Furnishing Stores. Everything for the Home—the mansion, cottage, or up-country homestead—is stocked in a variety of styles, designs, qualities and prices, the cheapest of which is the highest value at the price.

Do not fail to visit TYE'S when you come to Melbourne for the Show

It will pay you to inspect **TYE'S** stocks before deciding upon furnishing even the humblest apartment.

A Special Department is in existence for the prompt, careful and expert handling of inquiries and orders from the Country.

## THE FAMOUS Jersey Milking Machine.

**T**HE JERSEY Milking Machine is the most natural milking machine you can buy. It does not hurt the cow in the least. Cups will not fall off small-teated cows. It requires no attention—does not get out of order, because it cannot. It is the biggest aid a dairyman can have; pays for itself over and over again. There's no overflow—no choking of pipes. Be sure you get the "Jersey."

## When Exterminating Rabbits

**E**FFICIENCY is the qualification that should determine which method should be employed. **THE "SUDDETH" FUMIGATOR** is not only inexpensive, costing but £5, but is portable and light. One man can easily operate it—thus doing the work of two. Takes but a few minutes to adjust. The smoker attachment enables you to instantly detect and close all the burrow outlets.

*Write for Illustrated Booklet.*

## New Automatic Cream Separator.

**Separating Finished  
Same Time as Milking.**

**T**HE AUTOMATIC Cream Separator is an ingenious combination of a powerful perfectly-balanced motor with a special separator. It will keep running continuously and automatically for six hours. The cost of upkeep is ridiculously small; and separates as fast as seven or eight milkers can supply. No intricate gears. You have only to pull the cord on the side and the machine keeps going, producing a smooth cream, skimmed to .01. This will prove a wonderful saver of labour, time and expense.

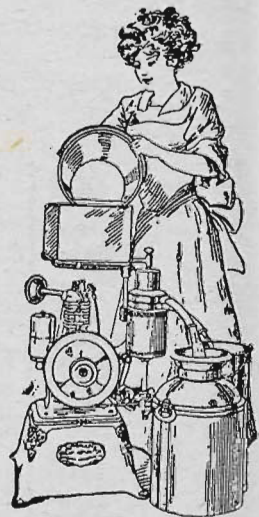

**One size machine for any size dairy.**
