"MERVAL"

REGISTERED

The Greatest and Most Economical Health Restorer for Poultry in existence

"MERVAL" has stamped its wonderful FAME in the history of POULTRY KEEPING through the great TEST OF TIME, and the CONSISTENTLY GOOD RESULTS which have attended its use throughout the Commonwealth over a period of thirty-six years. Thousands attribute their success entirely to the use of "MERVAL."

"MERVAL" A PROVED ASSET TO THE POULTRY INDUSTRY.—Throughout the steady growth of the Poultry Industry, "MERVAL" has continued to exercise its wonderful influence by maintaining HEALTH in the POULTRY YARD with MAXIMUM EGG PRODUCTION and highest profits for the poultry farmer.

"MERVAL" will act as a certain and speedy Cure for DISEASES in Poultry, Ducks, Turkeys, Geese and Pigeons.

THE REGULAR USE OF "MERVAL," at the slight cost of 2/6 per week for 300 Fowls, will prevent the outbreak and spread of Disease amongst the flock, and will keep the birds in the utmost possible state of HEALTH and PRODUCTIVITY.

"MERVAL" IS USED at all Leading Government and other Laying Competitions, including Burnley and Geelong. "MERVAL" is also used on all Government Farms and Agricultural Colleges, and by all leading Poultry Breeders.

READ what some of them have to say:—

R. R. CHRISTIE, St. Elmo Poultry Farm, Bentleigh, Vic., writes:—

"Please forward by to-morrow's train 'MERVAL' to the value of £2, in bulk. I may state I use it once a week in the wet mash, and I find it keeps my stock in perfect health, and I never see chicken pox or roup in my yard. I start my chickens from five to seven days old with 'MERVAL,' and I find my losses from all causes is practically normal. I have no doubt 'MERVAL' helped my birds to put up world's record."

L. C. VERREY, Oxshott, Surrey, England, writes:—

"Dear Sirs,—I have used 'MERVAL' for the last twelve years, and I cannot speak too highly of it. Whenever I have a bird off colour, I give it 'MERVAL' the best medicine I ever used, and I have used a good many this last 30 years, and will never be without 'MERVAL' in my yard."

J. T. COATES, Harveston, Rockhampton, Queensland, writes:

"The last lot of 'MERVAL' came to hand yesterday. I would like to say that, after having used 'MERVAL' now for nearly three years, I have a higher opinion of it as a poultry medicine than ever. Our losses amongst the chickens this season amounted to less than 10 per cent. for 4000 chickens; those more than seven days old, only 3 per cent. died; and the losses from all causes among the grown fowls has been reduced to practically normal proportions.

We use 'MERVAL' once a week, mixed in the morning mash, and give it in the drinking water whenever any sign of sickness occurs in the yard, with the invariable result that all sickness disappears within a day or two. Our pullets have had 'MERVAL' once a week since they were hatched this season, and they have commenced laying two months earlier than usual, and are altogether the finest lot we have ever raised. I am certain this is due to the regular use of 'MERVAL,' which has kept them in a vigorous healthy condition from birth.

C. C. DUNN, Spero Stud Farm, Cheltenham, Vic., writes:—

"It has always been my contention that poultry require a tonic towards the end of the summer months. About February chicken pox generally makes its appearance, and for some years I have been worried with this complaint, and in consequence have suffered financially. Having heard good accounts of 'MERVAL' from several practical poultry farmers, I decided to give it a trial. Results obtained have far exceeded my expectations. The fowls and young stock never looked so well before, and only five cases of chicken pox out of 1100 birds. All my pullets in the current competitions had 'MERVAL' once a week, from January to April 1, and I consider that being in such splendid health considerably helped them to put up a world's record for the Winter Test at Geelong, which was 584 eggs."

MR. H. V. HAWKINS, Dorking Speciality Breeder, Brighton, sends the following unsolicited testimonial:—

"One often notices in the daily and weekly press that certain powders are 'peculiarly efficacious.' Now, sir, without flattery, I am of opinion the most efficacious fowl tonic is that which you sent me some years before the war, and which is still known to many grateful poultry farmers as 'MERVAL.' I can, without successful contradiction, state that there is no better tonic to parrots, adult and young growing fowls, than 'MERVAL.'"

R. M. SHACKLEFORD, Pasco Robles, California, writes:—

"I bought a dozen cans of MERVAL, for which I think you [illegible] always balked at testimonials on anything that [illegible] handling in its use, because of the fact that all people do not do things alike. I am willing, however, to state the fact that I moved about eight hundred pullets and young roosters from upland on to low river land. A few days afterwards they were affected with a very serious attack of canker, which spread so rapidly that in 48 hours all were more or less affected and some were dying. I telegraphed for 'MERVAL,' and shut off all running water—administered the 'MERVAL' according to directions. The next day they were better. The second day they began to eat, only some half-dozen dying after medicine was given. I continued the treatment four days, then gave them fresh water for two days. Afterwards gave the 'MERVAL' every other day for one week, feeding, in the meantime, good, rich food. At the end of that time every bird was thriving, and a stranger would not have discovered that there was an ailing chicken among the lot. Within four weeks from the time the chickens were attacked with canker, the roosters were ready for the market, and sold for a fair price, and were in good condition. We lost about 20 in all during the first two days after they were attacked with canker. I consider the cure very remarkable and effective, and shall never be caught without 'MERVAL' on my ranch in the future. I will try your 'MERVAL' on my hens as you suggest, and will report result to you."

From MARVILLE POULTRY FARM, Moorabbin:—

"Sir,—Just a line to add my testimony to the many that you must already have in regard to your tonic, 'MERVAL.' I have been using it now for something like twelve years, and found that, as a 'pick-me-up' during the moult, in quickly curing a cold, and in keeping a flock in that bright, healthy appearance that denotes profit, it stands alone. All my birds coming from competition, and all my intended breeders, get 'MERVAL' every day for at least two months. The result is—quickly moulted and well conditioned birds for the breeding season.—Yours, etc., J. E. BRADLEY."

Country and Interstate Exhibitors must inform the Secretary by post or telegram of the despatch of their exhibits, giving all particulars, in order that arrangements may be made for receiving them. Two or more dogs may be sent in one hamper or box if it be properly divided and labelled.

Note.—The Society's postal and telegraphic address at Show time is Show Grounds, Ascot Vale.

7. The Society will be most anxious for the care and safety of the Dogs sent for exhibition, or any other property entrusted to them, but it must be distinctly understood by Exhibitors, and all other persons, that the Society will not be responsible for the loss, detention of, or damage to any Dogs or other property, whether arising from accident or other cause whatever, or from any act or omission of themselves, their officers, agents, servants, or others.

8. The Society will engage a thoroughly practical man to feed and take charge of the dogs during the day, and also a night watchman.

9. In order to prevent the non-exhibition of Dogs which have been entered for the Show, thus causing unnecessary preparation, expense and disarrangement of the Show benches, any person making any entry will be subject to a fine of 10/- for each and every entry of Dogs not exhibited, unless a certificate under the hand of the Exhibitor or his authorised agent be lodged with the Secretary of the Society before the day of the exhibition, certifying that such non-exhibition is caused either by (1) the death of the Dog or Dogs; or (2) contagious or infectious disease (confirmed by the explanatory certificate of a veterinary surgeon); or (3) by the Dog or Dogs becoming ineligible for the Class in which they have been entered, or other reasonable cause. The non-payment of such fines to debar all persons owing them from exhibiting at future exhibitions of the Society.

3. Stallions over 2 years of age must be registered under the Horse Breeding Act, 1919.

4. The prizes to be awarded by judges appointed by the Society.

5. In any case where, in the opinion of the Director of Agriculture, any misstatement has been made regarding any exhibit the prize shall not be awarded.

6. All exhibits to be subject to General Regulations.

NOTE.—Separate entries are not required for Champion Prizes of Australia.

GENERAL REGULATIONS.

(Also see Special Notes in Each Section.)

ENTRIES.

2. No exhibit may be entered in more than one class, except for a sweepstake and a special or champion prize. Where any exhibit has, through oversight, been allowed to compete in more than one class (not being one of the exceptions abovementioned), such exhibit shall, whether awarded a prize or not, be deemed to be ineligible to compete, or to have competed, in any class other than the first in which its name or particulars appear in the Show Catalogue.

3. The Council reserves the right to reject at any time any entry submitted for this Exhibition. No disqualified animal shall be allowed to compete for a prize.

4. When a Special Prize is not in a numbered class, a separate entry is not required. No entry can be changed after entries close.

CLOSING DATES OF ENTRIES.

Railway Regulations.

IMPORTANT NOTICE.—Exhibitors desiring to have their stock conveyed by rail from the Show Grounds on Thursday evening must order their trucks through the Show Grounds Stationmaster before 4 p.m. on Wednesday, 24th September.

(Exhibits are consigned direct to Show Siding at Society's Grounds, and Exhibitors are particularly requested to send in their applications for trucks at once to the local Station-master, or to the Live Stock Agent, Railway Department, Melbourne, or through their own selling agents.)

1. The Undermentioned conditions shall be applicable in respect of agricultural machines and implements, machinery, produce, live stock (including dogs, poultry and other birds), buggies, motor cars, drays, waggons, and other goods of a like nature, sent for exhibition to Agricultural Shows.

They may also, by special arrangement with the General Passenger and Freight Agent, be made operative in respect of :—

Agricultural machinery, sent for field trials.
Ploughs, sent for ploughing matches.
Horses, sent for horse parades.

2. The exhibits will, in the ordinary course, be carried in goods or cattle trucks, by goods or mixed trains; but valuable animals may, if it be convenient to the Commissioners, be carried in horse boxes by passenger trains and charged the same as if loaded in cattle trucks and forwarded by goods trains. Each 3 stalls in "F" or "FF" to be regarded as equivalent to one full cattle truck.

3. When the exhibits are consigned on the forward journey, the consignor will require to declare, on the consignment note therefor, that they are for exhibition, specifying the Show for which they are intended, and the waybill must be indorsed accordingly.

The original freight charges shall be imposed and prepaid in respect of the forward journey in all cases, except that valuable animals carried by passenger trains in accordance with clause 2 will be charged goods train rates, whether loaded in horse boxes or cattle trucks.

4. On the return journey any exhibits, or portion thereof, which are certified by the Secretary of the Show as having been exhibited, and not sold, will be carried "free" to the station whence they were forwarded, provided the journey is completed at any time within one month from the date of despatch on the forward journey. A certificate in the approved form must be handed in when the exhibits are consigned, and such certificate must be attached to the waybill.

If a greater number of vehicles be used for the carriage of exhibits on the return journey than was used on the forward journey, ordinary freight charges will be imposed in respect of exhibits carried in the additional vehicles.

All exhibits, or part thereof, which have been sold, or are not accompanied by the aforesaid certificate, will be subject to the ordinary freight charges on the return journey, and such charges shall, in all cases, be made "to pay."

5. Exhibits, accompanied by the aforesaid certificate, may be forwarded on from one Show to another, subject to the freight charges, as prescribed in clause 3 of this division, being prepaid, and when the final destination is reached, they may be returned "free" to the original despatching station, conditionally on the observance of the provisions of clause 4 of this division. If, however, in proceeding to another Show, such exhibits be returned over any portion of the line in respect of which the full freight charges have been paid on the forward journey, the exhibits may be sent free over such portion of the line.

6. All exhibits are carried solely at the risk of the owner, and must be loaded and unloaded by or at the expense of the consignors or consignees.

7. Owners of stock going to or returning from Shows may be allowed free carriage of fodder, as specified hereunder, if it be loaded in the trucks with the animals :—

1 cwt. for each horse or head of cattle each way.
20 lbs. for each pig or sheep each way.

8. Exhibits from the Department of Agriculture—viz., wheat, straw in bulk, olive oil, wine, honey, &c., fruit (preserved), charts, &c., fibres, including flax, hemp (dressed and undressed), willows, manures, vegetable oil, eggs, also the necessary marquees, poles, and pegs, tables, trestles, and fittings forwarded to the various Agricultural Shows in the State, shall be forwarded free.

9. Consignors should give not less than four (4) days' notice to the station-master of the number and description of live-stock trucks, and 48 hours for other trucks, &c., required to load exhibits.

10. Judges appointed to act at Agricultural Shows will, on production of an approved certificate, be granted return tickets at Holiday Excursion Fares.

11. If a full sheep-truck load of sheep, or a full cattle-truck load of horses, cattle, or pigs has been paid for on the forward journey, and the whole of the stock has been returned "free," in accordance with the provisions of clause 4 of this division, one stock attendant in respect of each truck will be granted a refund of the return fare paid by him. He must travel in the truck or in the van of a goods train with the stock, and must provide himself with a copy of form P69, duly completed by the station-masters at the forwarding and returning stations respectively. A receipt for the refund must be given on the certificate by the attendant, after which it must be forwarded to the Auditor of Receipts as a voucher.
