WORLD'S PATENTS — TRADE MARKS DESIGNS AND COPYRIGHTS

**G. G. TURRI & CO., REGD. PATENT ATTORNEY,
RIALTO, 499 COLLINS STREET, MELBOURNE, C.I.**

Mr. GEORGE TURRI—Established 51 years—is the First Patent Attorney Officially Registered to practice in the Commonwealth of Australia. He acts for many successful Manufacturers and Inventors of the World's Chief Countries (including "MacRobertsons," Lord Nuffield, British Celanese Ltd., etc.).

Valuable Advice will be supplied Free; and, in some cases, printed matter. Inventors and Investors are invited to call or write for Information.

WANTED — DEFENCE INVENTIONS

WANTED — FARMING INVENTIONS

WANTED — HOUSEHOLD INVENTIONS

SOME GOLDEN TIPS.

IF YOU begin with a **PROVISIONAL PATENT**, push on speedily during its nine or ten months' period; produce a commercial embodiment; in suitable cases obtain wide and favourable publicity, and **get right on the market**. Include **EXHIBITING** at Agricultural Shows, etc. Most steps in Patent matters are important in order to attain success and reduce risk. The whole cost of a **PROVISIONAL Patent** is £5/5/-, if the invention is simple.

SCRAP, modify, or remake your models or samples so long as you can improve. Extra expense and extra patience in that direction will pay.

SECURE Patent Rights in full for new and immediately marketable inventions of every day utility; give simple inventions preference.

TAKE CARE to obtain further Patents (in addition to the first) if that will cover improvements produced, which are valuable enough to be monopolised. As two farms are worth more than one, so are Patents.

DON'T AGREE to part with any share in your Invention before settling the terms (which should be written). Don't sell "for a song."

IN MOST CASES instruct the Patent Attorneys to search records, and advise as to Prior Patents, etc.; at least cover Australian Patents.

PATENTS abroad should only in some cases be obtained. If wisely marketed, they may pay. They may be applied for in the **UNITED STATES, CANADA, BRITAIN, IRELAND, NEW ZEALAND, INDIA, SOUTH AFRICAN UNION, FRANCE, GERMANY**, the Argentine, Japan, Belgium, Italy, Mexico, Sweden, Russia, Poland, Czecho-Slovakia, etc.

A HELP to obtaining Patents is the **INTERNATIONAL CONVENTION**. It allows twelve months in which to apply for a Complete Patent for an Invention on which Patent has been applied for in (say) **AUSTRALIA**. There are forty countries granting that privilege. A free list of these countries is available on application to **G. G. TURRI & CO.**

IT IS OFTEN when on the market profitable to use and Register one or more **TRADE MARKS**. Some Trade Marks are worth each the best part of a Million Pounds (abroad). As a **DESIGN** Registration costs little; obtain advice thereon. (Fifteen years for about £10/10/-; or five years for about £5/5/- one class).

A DESIGN covers a newly-invented, useful or ornamental shape or pattern of an article or articles. According to the materials used, the Designs are classified. In some classes the cost is less than above.

IT IS WISE to Register **COPYRIGHT** (and costs almost nothing—except sometimes in U.S. America). Copyrights remain in force in some cases nearly 100 years.

BARBWELD

THE BETTER BARBWIRE

OLD STYLE

Electric Welded

"Barbweld," the new and better barbed wire, costs less, lasts longer and is THE STRONGEST BARB WIRE MADE. "Barbweld" saves you money because of lower costs and lower freight charges. The barbs, being electrically welded, are rigid and positive in action, superseding the old style, twisted barb wire.

It is with pleasure that the manufacturers of "Barbweld" announce that they have extended their plant to enable them to manufacture nine-gauge "Barbweld," and thus offer this new barb wire in three grades—heavy, medium and light. The new heavy gauge "Barbweld," with a breaking strain of 1,276 lbs., is the strongest barb wire manufactured.

**"WELDMESH"
FENCING
SUPPORTS
ITSELF!**

"Weldmesh" electrically welded fencing is rigid and because of its rigidity it requires no droppers and fewer posts. Each joint of a "Weldmesh" fence actually reinforces the strength of the fence, permitting of a much higher tension to be applied without risk of distortion. "Weldmesh" and "Barbweld" together make an ideal fence, giving the maximum security.

Show Time is a Good Time to DO IT !

When a man builds up his Life Assurance through the years he establishes a double-barrelled asset. His A.M.P. Policies ensure his family's security after his death, and they give him security while he lives.

Show Time is a good time for a countryman to drop into the A.M.P. Office and talk his plans over with an experienced officer of the Society. An interview will cost nothing, and may show a way of establishing a new financial outlook.

Owners desirous of scratching their horses for any event must notify the Gate Steward at least a quarter of an hour before the event starts. Trotters must be scratched in writing at the Secretary's office on the Show Grounds before 6 p.m. on the day before the event is scheduled to take place.

Horses may be exercised on the arena, by permission of the Superintendent, before 8.30 a.m. and after 5.30 p.m. on any day of the Show, or one week prior thereto, weather permitting, but they will not be permitted to jump obstacles.

If a request is made on the entry forms, the Society will endeavour to provide boxes for horses entered in the Arena Events.

As an indication of what is meant by "fair hunting pace," it has been ascertained that horses should complete the course not slower than 1 min. 55 seconds, and not faster than 1 min. 35 seconds.

The dates at the head of each Class indicate the days on which the various events are to be conducted. The Council reserves the right to make any alteration in the programme which it may deem necessary.

CATTLE

Stewards in Chief—Beef Cattle: J. E. ROBERTSON, Esq.
Dairy Cattle: G. L. WILSON, Esq.

Entries are accepted on the distinct understanding that stock may not be removed from the Show grounds until after 5 p.m. on Friday, 30th September.

The breeding year for all Cattle (including Fats) dates from 1st July in each year.

Cow or Heifer entered as "in milk" can be transferred to the "in calf" class, if she has not calved prior to judging day, or vice versa.

Cows or Heifers entered in the "in calf" classes must be stripped out prior to entering the judging ring.

Judges have the right to order any Cow competing for Championships to be milked dry before finally awarding the prizes.

In all sections feed sheds are available for exhibitors. Charge, 12/6 during the currency of the Show. Feed-mixing bins may be hired for 2/6 each. Exhibitors are not permitted to stack feed in the Cattle Pavilions.

Cows and Heifers in milk must be in the yards on Wednesday, 21st September, and be fully milked out prior to 5 p.m. (except Friesians, Section 23, which will be stripped out at 9 p.m.), at which hour they will be stripped out in the presence of the Stewards, or whom they may appoint. They will be judged first on Thursday morning. The owner or his representative must be in attendance when females are being stripped out.

Entries of milking stock (Sections 18 to 25, inclusive) will only be accepted subject to the following regulations regarding the disposal of milk.

In order that the Society can comply with the provisions of the Dairy Supervision Act, exhibitors are not permitted to dispose of milk prior to and during the currency of the Show, either by sale or gift, other than to the Society's agent, who is situated at the Milk Room (beside the No. 1 Cattle Pavilion). All milk will be purchased according to butter-fat value, based upon a complete test of the bulked milk, and returns forwarded to exhibitors after the Show. No milk will be paid for unless approved milk utensils are used and hygienic methods are adopted.

Entries limited to three in each class (except where otherwise specified) from any one exhibitor.

Only one exhibitor will be recognised as an owner from any one holding, and any exhibitor who enters, or permits the entry of any of his stock, in the name of any other exhibitor, shall be disqualified.

Any exhibitor who shall, without due cause, fail to parade any animal before the Judge, when required so to do by the Steward of the Section, shall be liable to a fine of £1.

Parades.—All prize-winning horses and cattle must be taken out on parade, in accordance with the printed programme. Exhibitors shall be subject to a fine of ten shillings in each case in which this regulation is not complied with, and shall also be liable to forfeit the prize or prizes awarded to their exhibit or exhibits. The parading of non-prize-winning animals is optional with exhibitors. All horses and cattle parading must wear exhibit numbers. No ribbons will be permitted on exhibits except those won during the Show.

If, in the opinion of the Secretary, any exhibit or exhibits of stock be deemed to be dangerous, the owner of such exhibit or exhibits shall immediately, upon notice to that effect, remove such exhibit or exhibits from the Society's Grounds.

All male exhibits of Cattle over the age of 12 months shall be rung through the nose, and when on parade or going to and from the parade shall be led by such ring. Exhibitors will be liable to a fine of £2 for every infringement of this regulation.

Each exhibitor is required to see that each of his exhibits is securely tethered in its stall, and in the case of polled breeds it is compulsory that they be tethered by the nose ring in addition to the head stall or neck rope.

JUDGING ARRANGEMENTS (CLASS 285).

The steers are to be weighed alive on the day previous to judging and the live weights handed to the Judge. In the first place, the steers are to be judged alive (by the Shorthorn Judge in the Shorthorn ring) on the lines of breed characteristics and suitability for the beef trade. A maximum number of 40 points can be awarded to exhibits when alive.

The steers are to be sold by auction at the Show Grounds on behalf of the exhibitor, and on Tuesday, 27th September, they will be slaughtered in the presence of the Judge (a butcher), weighed for dead weight, and judged on appearance when dressed for colour, quality and value of meat, hide and offal. The maximum number of points which can be awarded for the dead carcass, hide and offal is 60. The live weight is also to be furnished to the carcass judge, who has power to have the carcass cut as he wishes in order to arrive at a correct judgment. The prizes are to be awarded to the exhibits that gain most points in the two judgings, and are the property of the exhibitors who enter the steers, and not of the purchasers.

After the final awards are made, the meat must be placed on exhibition for two days at butchers' shops within a radius of six miles from Melbourne G.P.O., due notice of days and place to be given to the public. The judges are to be asked to furnish reports on the competition to the Shorthorn Society of Australia (Victorian Branch), Temple Court, 422 Collins Street, Melbourne.
