# Torrumbarry Estate

ECHUCA

## DORSET HORN STUD

FOUNDED IN 1922 BY MR. H. L. BAILLIEU, WITH A COMBINATION OF THE BEST IMPORTED AND SOUTH AUSTRALIAN BLOOD.

Two of the Ram Lambs Imported in 1936.

Dorsets are early and prolific lamb breeders. The Torrumbarry Estate Dorset Stud is one of the largest in Australia, and is noted for the soundness of its sheep and their strong Down character.

The Stud was augmented in September, 1936, by the importation of five Rams and 20 Special Stud Ewes, personally selected in England by Mr. H. L. Baillieu. These sheep, after selection, won first prize at Royal Sussex and County Shows; also first, second, third, and champion prizes at Royal Show held at Bristol.

In 1945 and 1947, further importations were made from the well-known CLENSTONE Stud, Dorset, England.

## Facts . . .

IN THESE DAYS of sensationalism, plain straightforward facts in black and white, about farming problems, which can be read at leisure, filed for future reference and acted upon with confidence, are of great value to all who make a living from primary production.

"Stock and Land" provides practical and vital facts of interest to Farmers and Graziers, including Animal Health, Botany, Wool Sale Reports, Seasonal Conditions, and Answers to Legal Questions, as well as four pages of well-stocked interests for women, including a really efficient Shopping Service, all set out in easily and interestingly readable form and mailed direct to each subscriber each week.

All this is backed by the finest system of market reports in Australia. Actual figures giving weights and values per pound of livestock sold at Newmarket with helpful notes on quality are published each week. The Newmarket prices form the basis for all stock values throughout Victoria, Riverina, Tasmania and South-east South Australia.

Exhibits must be bona fide property of the exhibitor at time of entry.

No bird may be entered in more than one class, and birds entered in wrong classes will not be judged, and the entry fees will be forfeited.

Entry fee, 1/-. Prizes in each class will be:— First, 5/- and 40 per cent. of entry fees; Second, 2/6 and 20 per cent. of entry fees; Third, Card and 10 per cent. of entry fees. (See particulars of Special Prizes and Trophies at end of Section).

Budgerigars, Canaries and Cage Birds must be delivered to the Superintendent at the Pigeon Pavilion on the Show Grounds not later than 9 p.m. on Wednesday, 20th September. Country and interstate exhibitors may make arrangements with the Society to receive their birds and return them after the Show.

Exhibitors must provide suitable cages for their birds—standard, if possible. Gummed labels to be affixed thereto will be supplied by the Society, and no addition must be made to these labels by exhibitors. In the event of an exhibitor adding to the information included on the label by the Society, the bird to whose cage this label is attached will be disqualified.

No bird suffering from any disease will be allowed to be exhibited.

Judging will be commenced at 9 a.m. on Thursday, 21st September, and, with the exception of those engaged by the Society, no person will be admitted to the Pavilion on that day. The Pavilion will be open to the public from 9 a.m. until 9 p.m. on Friday, 22nd September, and Saturday, 23rd September.

During the Show the birds will be in the custody of the Society, and must not be touched or handled by the owner or any person, on any pretence whatever, without the permission of the Superintendent.

Exhibitors will not be permitted to remove their birds before 9 p.m. on Saturday, 23rd September.

The Society will arrange for a competent person to feed and otherwise attend to the birds, and caretakers will be on duty in the Pavilion night and day during the currency of the Show.

The greatest care will be taken of the exhibits, but the Society will not be responsible for any accident, mistake, loss or damage, from whatever cause arising, the exhibits being at the sole risk of the exhibitor. In case of the death of any exhibit, the same shall be certified by the Veterinary Surgeon or his deputy.

Exhibitors of birds which are protected or kept under permit, must produce their permit when called upon to do so. The Society does not accept any responsibility in this matter. Entries can only be accepted on this condition.

Birds that have been tampered with or improperly dealt with in any way shall be disqualified, and entry fees paid therefor shall be forfeited. The exhibitor shall also be liable to disqualification, and, if a member, to expulsion from the Society.

No advertisement or notice can be displayed on exhibits entered in this Section.

Exhibits in this Section must be staged before 9 a.m. on Thursday, 21st September; but, in order to avoid disappointment, exhibitors are advised to forward their produce earlier in the week.

Exhibitors will not be permitted to remove their exhibits until after 5 p.m., on Saturday, 30th September.

Exhibitors must lodge a statutory declaration when making their entries that exhibits of Wheat, Oats, Barley and Maize represent a quantity of not less than 150 bushels, that exhibits of Chaff and Hay represent a quantity of not less than 10 tons, and that they were produced by the exhibitor during the preceding twelve months.

Exhibitors in this Section will not be allowed to take more than one prize with the same variety of produce in any one Class.

NOTE.—Exhibits of Wheat, Oats, Barley and Maize will not be eligible for competition unless exhibitors state on their entry forms the name of the variety, locality where grown, character of soil, quantity of seed sown per acre, source of supply of seed, yield per acre, acreage cultivated of variety exhibited, and, if manured, state kind and quantity used per acre; also annual rainfall of district, and rainfall from 1st May, 1949, to 1st November, 1949, in the case of Wheat, Oats and Barley, and from 1st October, 1949, to 30th April, 1950, for Maize. Exhibitors of Maize must also state the type of Maize. Form will be forwarded to exhibitors, who are requested to fill in all particulars as above regarding the growing of their produce, and cards giving this information will be displayed on the exhibit stand.

It is particularly requested that all farm produce exhibits are distinctly labelled with removable cards. Such labels to indicate name and address of exhibitor, together with class and exhibit numbers.

### WHEAT.

Wheat exhibits addressed to The Secretary, Royal Agricultural Society of Victoria, Spencer Street Railway Station, Melbourne, will be received until Saturday, 29th July, 1950. The railage must be prepaid by the exhibitor, but the Society will take delivery from the railway station and convey same to the Show Grounds free of charge. It is particularly requested that exhibitors will write their names and addresses on the reverse side of the address label, and also mention Class number, names of the variety of the wheat in each bag, so that their exhibits may be identified.

Wheat which, in the opinion of the judge, has been "mill dressed" or polished, or from which the brush is absent, will be disqualified.

In classes where the varieties are specified such varieties only are eligible for competition.

Red-grained wheats are not eligible to compete in the following Classes.

The whole of the prize money in these classes, totalling £100, is presented by Messrs. H. V. McKAY, MASSEY HARRIS PTY. LTD.

## CHAMPION PRIZE.

WHEAT.—Government Certificate.

Only commercially-grown varieties will be eligible for the Championship Prize. (For this purpose a commercially-grown variety will be regarded as one of which 2,000 acres or more were grown in any one State of the Commonwealth in the year 1949-50, as determined by the Government Statists concerned).

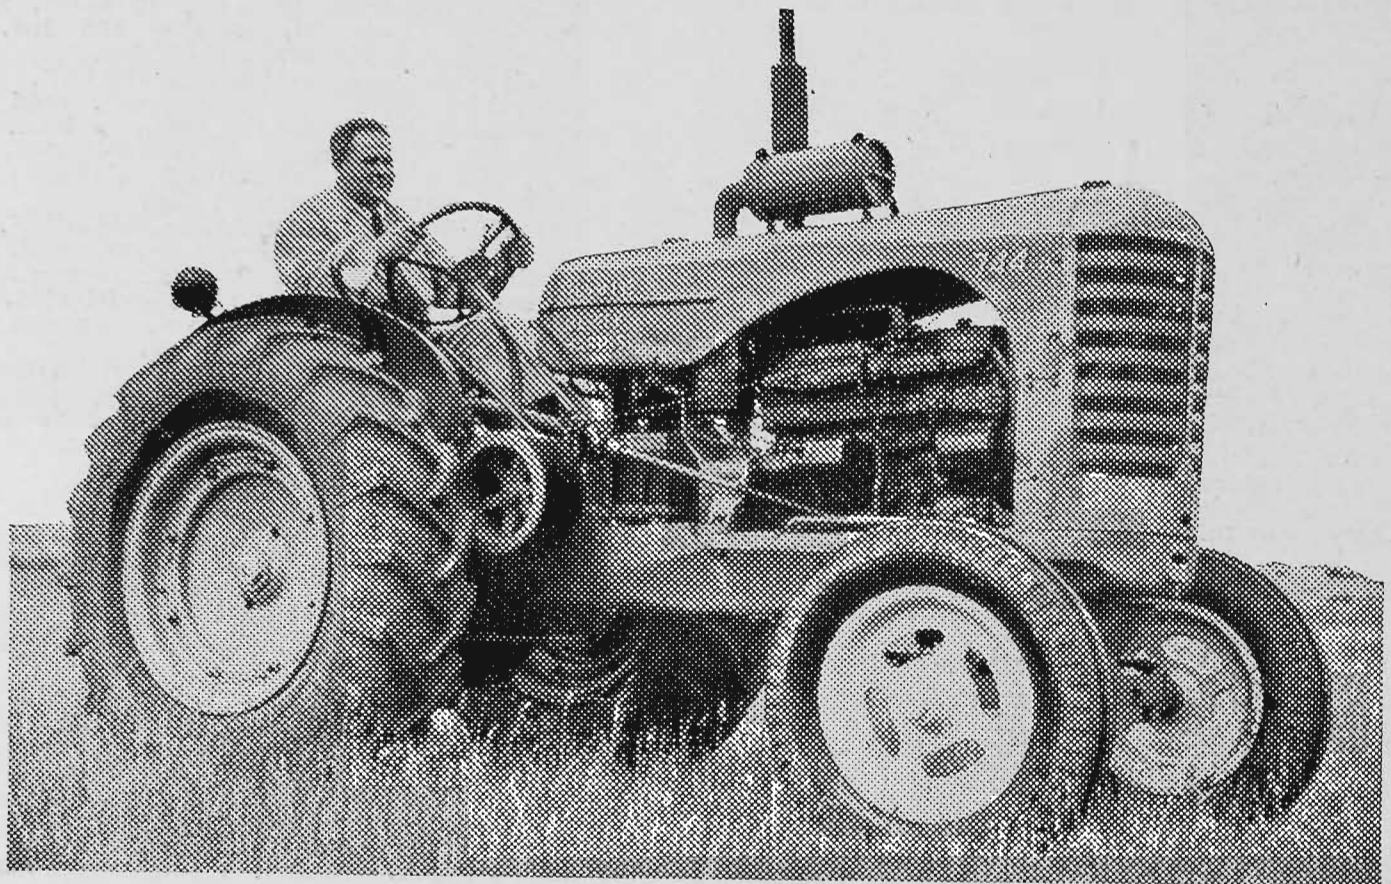

## SPECIAL NOTICE

The wheats Ghurka, Ranee 4H and Regalia have now been largely replaced by more recently-named varieties and the 1950 Show is the last for which entries of these three wheats will be accepted in those classes restricted to Victorian exhibitors. Baldmin also is to be eliminated from the Wimmera District Class in 1951.

Contributions towards the prize money in the Farm Produce Classes have been made as under:—

INTERNATIONAL HARVESTER CO. OF AUSTRALIA PTY. LTD., 171 CITY ROAD, SOUTH MELBOURNE, £25.

## The Tractor with the Longest Future!

The more acres a man can till per day, the greater is his return from time or labour employed. The more promptly and more perfectly he performs each operation, the greater will be the yield per acre of land. Case tractors, in every size, are built with eager engine power, sure-footed traction, and a wide range of gear speeds to get the work done with every implement. Every model comes to you completely equipped to handle all your power jobs. Don't fail to see these modern tractors at the Royal Show.

The Case Sliced Hay Pick-up Baler is capable of producing 2-2½ bales per minute, 14 x 18 inches in size, weighing 60 to 75 lb. each. Its two operators can average 3½ to 5 tons per hour. It puts up the hay in ready-sliced bales for easy feeding and storage and saves the precious protein-rich leaves. # FERGUSON

Has "ALL THE YEAR ROUND" Usefulness on any farm

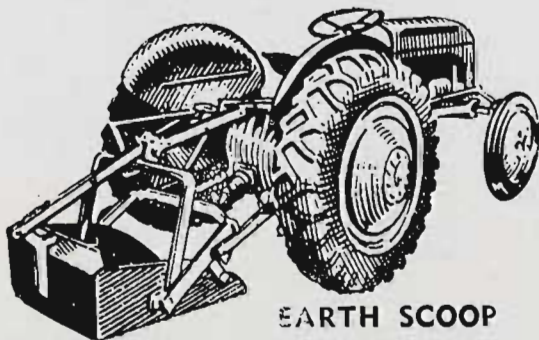

## MOST VERSATILE TRACTOR EVER BUILT

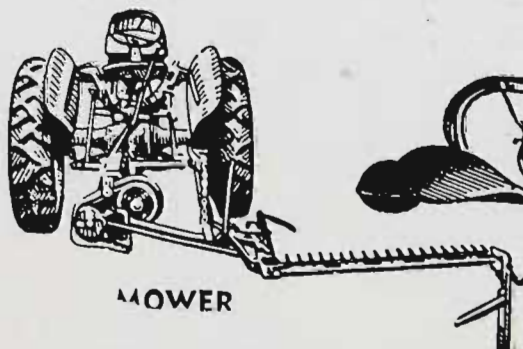

Ferguson is more than a tractor; it is a complete system of mechanised farming, from Hay Raking to Bulldozing. The unique system of Three Point Linkage with Finger-tip Hydraulic Control makes tractor and implement or attachment work as one unit—makes one-man operation possible.

The Ferguson system eliminates all lifting and heavy handling. Even such equipment as the wood saw, like all implements, can be attached in seconds, then raised clear of the ground for quick and easy transport.

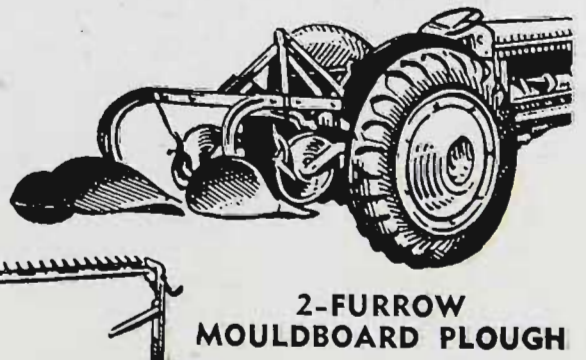

Ask your dealer to demonstrate and give you full particulars of the Ferguson Wheel Girdles. Petrol and Kerosene Models Available

1. All classes are open for competition to wine growers and wine merchants.

2. A wine merchant shall mean any person, association, or company buying wine.

3. A wine grower shall mean any wine grower owning or occupying a vineyard, and manufacturing wine from grapes grown in such vineyard, or from grapes purchased for the purpose of wine-making.

4. Exhibitors may either be members or non-members of the Society.

5. Exhibitors will be allowed up to three entries in any one class. Each wine sample to consist of three quart (reputed) bottles in the young wine classes and four bottles in the open classes. Two quart (reputed) bottles are to be supplied for Brandy and Vermouth. Exhibitors entering the same wine in more than one class must supply the full number of sample bottles for each entry.

Note.—In 1950 the number of bottles has been increased, see note at head of section.

6. All wines will be judged on points.

7. The judge may award prizes on the basis of First, Second, Third, Very Highly Commended, Highly Commended and Commended, but prize money will only be allocated for first and second awards.

7 (a). The judge shall have power, at his discretion, to transfer exhibits from one class to another when it is obvious that the exhibitor has made an error in making his entry.

8. Entries must be made on forms supplied by the Society for that purpose. Exhibitors must state on the forms the class to be competed for, the distinguishing mark on the exhibits, character and vintage of the wine, and, when stipulated, the quantity in stock.

9. No person will be allowed to inspect an entry form after reception by the Secretary, until the Judges' awards have been made public.

10. After the close of entries, no person will be permitted access to the exhibits, except the Judges, Stewards, Secretary, and Staff, until the awards have been made.

11. Exhibits are to bear labels and must show:—

(a) The year of the Competition (1950).

(b) The number of the class.

(c) Where more than one entry, the distinguishing mark of the entry to conform to the entry form.

(N.B.—Bottles must not be labelled with business labels. Branded bottles and corks are permissible).

12. Sparkling wines to represent wines which can be purchased on the market.

13. Exhibits to be delivered to the secretary of the Society at the Show Grounds in cases properly marked to show exhibitor's name, not later than 12 noon on Saturday, 19th August, 1950.

14. In all classes, the wine in stock, as stated on the entry form, may be inspected and checked by a representative of the Society or its nominee. Each exhibitor must supply the Society with a sealed envelope containing the record of any sale made subsequent to their entries being lodged, provided such sale has reduced the stipulated quantity below the minimum.

15. All exhibits to become the property of the Society.

16. Exhibits must represent stocks as set out on the entry form and be the bona fide property of the exhibitor at the time of entry.

17. All wine exhibits must be the sole produce of Australian grapes and free from any foreign substance. The Society reserves the right to have any exhibit inspected and/or analysed by one or more persons appointed for that purpose.

18. All exhibits must conform to the respective Wine or Food Acts of the States of New South Wales, Victoria, and South Australia.

19. No protest will be entertained unless made within three days of the close of the last judging day of the Wine Section.

20. No entry will be received from any person or persons disqualified by this or any other similar society during the period of such disqualification. Should any such entry be accepted, it shall, when discovered, be deemed void and the entry fee and exhibit shall be forfeited to the Society.

21. Immediately after the closing date of entries a draw may be made for the selection of three exhibitors from whose entries a further draw will be made to enable one sample to be selected from each exhibitor. An official of the Society shall make an inspection of the quantity of such wine in accordance with the entry form, and his report will be later considered by the Committee.

22. All persons exhibiting shall accept the decisions of the judges appointed by the Society as to the merits of their exhibits.

23. No exhibitor will be permitted to occupy the position of Judge or Steward or become in any way identified with the judging or handling of the exhibits.

## Amazing Scientific Discovery to Aid Gardeners!

NEW! Electronically-activated "Sweetsoil" Fertiliser not only grows bigger plants, but also enriches the soil by adding humus, Natural Hormones, etc. (unlike chemical fertilisers, which in time leave the soil impoverished). It is economical, highly sterilised, odorless, dry, clean and safe to handle; no flies, no weed seeds, no diseases. Your Lawns, Market Gardens, Orchards, Nurseries, Pastures, etc., will grow bigger and faster from use of "Sweetsoil." PUT "SWEETSOIL" ON YOUR GARDEN TODAY. So simple to

apply—just sprinkle, then hose.
