Inspectors appointed by the A.I.S. Society (Vic. Branch) will examine the tattoo marks of all exhibits and any found to be not in order may cause the exhibit to be disqualified.

All exhibits will be inspected to ascertain that they are of a satisfactory standard. (See Regulation at head of Cattle Section).

and smooth-swinging service, you can't beat the "Cyclone" farm gate. For over 50 years "Cyclone" have concentrated on making better gates — all joints are electrically welded — the heavy top and bottom hinges cannot pull or work loose — the special chain and knob fastening cannot be knocked or lifted off by stock — the "Ringlock" covering makes the gate sheep-proof.

### Look for the "Cyclone" RED TAG

Entries of milking stock will only be accepted subject to the Special Regulation regarding the disposal of milk (see head of Cattle Section).

Cattle entered in this section must be registered in the Ayrshire Herd Book of Australasia or in an approved Ayrshire Herd Book outside the Commonwealth, and animals entered in the yearling classes must be recorded in the Calf Register.

Inspectors, appointed by the Ayrshire Cattle Herd Book Society (Victorian Branch) will ex-amine stock exhibited to ensure that all are tattooed in accordance with the Herd Book Regulations. Any found not to be correctly and legibly tattooed may be disqualified.

All exhibits will be inspected to ascertain that they are of a satisfactory standard. (See Regulation at head of Cattle Section).

Over One Million produced

1945-53 : 500,000

1953-55 : 500,000

One million people can't be wrong. This astronomical figure is the most eloquent evidence of the popularity of the Volkswagen throughout the world. Even more startling testimony of Volkswagen popularity is the production figure of 500,000 in the last two years! Obviously, no car could gain this world-wide good opinion: increase it so dramatically, without being "In a class of its own!"

### Missionary Started £11/2 Million Industry

Have you ever heard of Mr. Hand?

He was a missionary who started Queensland's pineapple industry.

In 1838, Mr. Hand received some pineapples from overseas. He planted their tops in his Brisbane garden and later sent seedlings to other missionaries at Nundah (Q.).

They in turn shared the gifts with neighbours and so Queensland's pineapple industry was born. Mr. Hand would be astonished to learn today that Queensland has more than 9,000 acres of pineapple plantations, and that last year's yield was

almost 2 million bushels, worth more than £1½ million.

RIPENING NOW CONTROLLED

Mr. Hand would also be amazed to see what has been achieved in controlling the time of ripening of pineapples and increasing their size through the application of a simple hormone spray.\*

Regulated ripening means increased production, and bigger pineapples mean a bigger turnover. Once again, we find SHELL helping the Australian fruit industry.

\* Shellestone.

# OVERPORT GUERNSEY STUD

FRANKSTON, VIC.

It was four years ago that OVERPORT laid the early foundation of its imported blood-line, having decided to rest on FERNHILL, the most sought-after blood in England.

This year, with the financial position easier, due to the ever-increasing confidence in the Stud on the part of our Bank Manager and the prize-money the Stud has since won at Melbourne and Sydney Shows, Overport has completed the work then so carefully begun. Early next year OVERPORT will have a nucleus of a top imported blood-line (FERNHILL) without compare in Australian Guernseys.

The Stud will be keeping its fingers crossed for its two good Fernhill blood bulls. Our present sire, Worthy Robert 5th (imp.), first prize yearling, R.A.S.E., 1951, and the stock bull, Petwood Prosperous 17th, Res. Champion, R.A.S.E., 1954, at two years, although both by the two best-proven Fernhill sires in England will have to be pretty good to improve on our present herd average which for the year ended 30th June, is 1,000 gallons of milk and 466 lbs. B.F. for a herd in which 8 of the 15 cows are only on first or second calf.

You can buy other stock — but — like us

Bowas homesteads and country cottages are of good appearance and are solid. permanent structures unaffected by white ants or dry rot.

Bowas buildings are easily erected with the simplicity of timber frame construction—yet have the strength and durability of steel, due to the patented Bowas steelwood-steel structural member of heavy gauge steel and dressed cypress.

These members are precision cut for ease of assembly by bolting—but all walls, both inside and out, flooring and roofing are nailed on as in timber frame construction

BIRTH OF A FARM — Undeveloped now, but in a few short months the land will be cleared and the plough will weave a pattern into the rich, virgin soil.

Soon, then, will come the harvest and the fruits of this good earth will contribute to the vast project of sustaining the health and well-being of Australia's rapidly growing population.

30 years past, such a project would have been a long and back-breaking task. To-day, in this age of farm mechanisation, it becomes a matter of routine.

Now, there is mechanised equipment to solve every land-development problem. The utilitarian tractor, harnessed to ancillary tools, will handle a multitude of tasks—speedily . . . with the minimum of trouble.

THE DEVELOPMENT OF AUSTRALIA'S VIRGIN ACRES MEANS MORE THAN PROFITS
FOR THOSE WHO HOLD THEM, FOR INCREASED PRODUCTION IS THE KEYSTONE
OF OUR WAY OF LIFE.

The more we produce through mechanisation, the lower the cost of vital commodities to the consumer. The higher, therefore, becomes our standard of living.

The furthering of our nation's welfare through large-scale laud development is not an idealistic "could-be."

IT CAN BE ACHIEVED BY INDUSTRY PROVIDING THE TOOLS AND THE MAN ON THE LAND FINISHING THE JOB.

## Always a Favourite

Few "Show" events excite greater admiration and interest than wood-chopping contests. Here we see perfect co-ordination of muscle, brain and spirit, qualities so vital to achievement in a competitive atmosphere.

Experience can be a telling factor under such conditions—and in the business of banking. Having had a long and extensive association with the development of Australian industries, both primary and secondary, the National Bank is at all times ready to assist their further progress.

The National Bank will conduct an Office with a full banking service at the Royal Show.

Location and Hours of Attendance: Plummer Avenue, adjoining the Chirnside Stand. 10 a.m., to 5 p.m.

### SHEEP

Entries are accepted on the distinct understanding that stock may not be removed from the Show Grounds until after 12 noon on Friday, 30th September.

Entries will only be received subject to the rules and regulations of the Society and the decisions of the Council. All exhibits must be the bona fide property of the exhibitor.

No exhibit may be entered in more than one ordinary class unless otherwise stated at the head of the section. Throughout the schedule special classes are denoted with a star (\*). Should an exhibit be incorrectly entered in more than one ordinary class such exhibit shall be deemed ineligible to compete in any class other than the first in which its name or particulars appear in the Show Catalogue.

The Council reserves the right to reject at any time any entry or prohibit any person or animal from competing in any class.

When a Special Prize is not in a numbered class, a separate entry is not required. No entry can be changed after entries close.

All entries must be made in writing on forms supplied by the Society and must be in the hands of the Secretary, at his office, Temple Court, 422 Collins Street, Melbourne, on or before 12 noon, Saturday, 23rd July. Entry fee must accompany each entry.

The Society's Veterinary Surgeon's decision regarding age shall be final.

All male animals must be completely entire. Any male animal not deemed to be completely entire by the Society's Veterinary Surgeon may not compete or be offered for sale on the Show Grounds. Any marks of speying on females shall disqualify them from competing.

Entry tickets will be issued about a week before the Show opens. The entry ticket of each exhibit shall state the number of its pen, which shall correspond with its number in the official catalogue. The entry ticket must be produced at the gate, when it will admit the exhibit and attendant to the grounds. It must be retained, and again produced when the exhibit leaves the yards. Attendant's passes will be issued by the Secretary at the Show Grounds after 10 a.m. on Wednesday, 14th September, 1955.

In order to prevent the non-exhibition of animals which have been entered for the Show, thus causing unnecessary preparations, expense and disarrangement of the Show Yard, any person making an entry may be fined the sum of £1 for each entry of sheep not exhibited, unless a certificate under the hand of the Exhibitor or his authorised agent be lodged with the Secretary of the Society before the day of the Exhibition, certifying that such non-exhibition is caused by—(1) the death of the animal or animals; (2) contagious or infectious diseases

(confirmed by the explanatory certificate of a veterinary surgeon); or (3) by its becoming ineligible for the class in which it has been entered, or other reasonable cause. In addition to the fine aforesaid the Council may debar the entrant from taking part in any future exhibition by the Society.

The Owner or Exhibitor of any exhibit disapproved of as an exhibit by the Council of the Society, must, immediately upon notice to that effect, remove such exhibit from the Society's Grounds. The Council reserves the right to decline to receive entries in future years from any person who exhibits stock that is not up to a satisfactory standard, that is not exhibited in reasonable Show condition, or that is not given proper attention during the Show.

Exhibits must not be rugged during the hours the Show is open to the public. Exhibitors will be liable to a fine of ten shillings for every infringement of this regulation.

Exhibitors must keep the stalls allotted to their animals clean and give proper attention to their stock right throughout the Show.

Any exhibitor or his employee putting manure out of a box, stall, or pen, or putting out a trough, or cleaning out an alley way after 8 a.m. on a Show day shall be liable to a fine of ten shillings.

No advertisement or notice (except by permission of the Council) is permitted on any stall or building.

The General Regulations and regulations appearing at the heading of each section and the conditions on the entry form also form part of the conditions of entry.

All British Breeds Sheep exhibited (except imported sheep, which must be tattooed in accordance with the regulations of the recognised Flock Book of the country of origin) must be visibly and legibly tattooed with their breeder's registered flock number and the trade mark of the Australian Society of Breeders of British Sheep in accordance with the Rules of that Society.

All Corriedale Sheep exhibited (except imported sheep, which must be visibly and legibly tattooed in accordance with the regulations of the recognised Flock Book of the country of origin) must be tattooed with their breeder's registered flock number and the trade mark of the Australian Corriedale Association in accordance with the Rules of that Association.

Any found to be not visibly and legibly tatooed will be disqualified.

Disqualified sheep may not be offered for sale on the Show Grounds. Exhibitors of disqualified sheep may remove them from the Show Grounds or leave them in their pens. If sheep are left in the pens a notice carrying the words, "Rejected by Inspectors and not permitted to be offered for sale," must be erected over them.

Sheep in Sections 26 to 38 inclusive, must be penned before 2 p.m. on Sunday, 25th September.

A ewe entered as "with a lamb of her own breed at foot" may be transferred to the Class provided for ewe of her age if she has not lambed prior to judging day, or vice versa.

All sheep entered in Sections 26 to 38 (inclusive) must be registered in the exhibitor's name and be the property of exhibitors registered in an approved public Flock Book. Only one exhibitor will be recognised as the owner from any one holding.

Exhibits in the wool are not eligible to be entered in the classes provided for shorn sheep, and if found to be so entered shall be removed from the yards.

All sheep in the British Breeds Classes (except shorn sheep); over 18 months old must have been fairly and evenly shorn between 1st August and 31st December, 1954. Date of shearing to be given on entry form. Corriedales must be shorn on or after 1st July, 1954.

Inspectors will examine all registered British Breeds, Corriedale, and Fat Sheep exhibited prior to judging and discard all not up to standard and evenly shorn.

Exhibits of shorn sheep must be closely and evenly shorn on or before 1st September, 1955. No Longwool sheep entered in a shorn class may have more than one and a half inches of wool on any part of its body on judging day, and no shortwool sheep may have more than three-quarters of an inch of wool on any part of its body on judging day.

Sheep not shorn in accordance with the above regulations, will be disqualified.

In shorn sheep classes the carcase will be taken into consideration as well as the type.

Sheep need not be entered by name or tag number, and no particulars other than the breeder's name and date of shearing will be published in the Show Catalogue.

Exhibitors must sign a statutory declaration to the effect that no sheep exhibited by them will be affected by foot-rot, or show any signs or symptoms of the disease at time of exhibition.

For particulars of registration in the Flock Book for British Breeds of Sheep in Australia, apply to the Secretary, Australian Society of Breeders of British Sheep, Temple Court, 422 Collins Street, Melbourne, C.1.

SCIENCE IS CATCHING UP WITH HER.

## "LUCY" IS LIVID!

Every sheep-breeder in Australia knows "Lucy".

She's Lucilia Cuprina—the blow-fly who costs the Australian wool industry about £10,000 a year.

But now "Lucy" is livid. Science is catching up with her.

Recent scientific research has found that sheep "struck" by "Lucy" can be

successfully treated with 0.1 per cent. Dieldrin.

Experiments also showed that sheep can be protected against "fly-strike" when jetted with Dieldrin or its twin-sister, Aldrin.

SHELL laboratories are proud of the assistance they are giving Australia's greatest primary industry in the development of these two important insecticides.

**FINE** stuff this '**THENOVIS**' ... yes "fine" is the right word. No ready-to-use worm drench on sale in Australia contains phenothiazine more finely ground than 'PHENOVIS.' For the treatment of gastro-intestinal worms in livestock, there is nothing as good as 'PHENOVIS,' containing extremely fine ground phenothiazine particles.

# FOR SUCCESSFUL DIPPING

#### LICE

Lice feed on the skin of the sheep and cause rubbing and scratching, resulting in reduced wool value, loss of condition and matting of wool fibres.

Lice can be effectively eradicated by dipping in either Cooper's Powder Dip or Cooper's Gamatox Sheep Dip.

# **KEDS** (ticks)

Incessant ked irritation affects feeding, growth of wool and carcase development.

Dipping in either Cooper's Quick-Acting Powder Dip or Cooper's Gamatox Sheep Dip will eradicate keds and ensure maximum period of protection.

Remember, Cooper's "Quick-Acting" and Gamatox are dual purpose Dips, i.e., both Dips are effective against keds (ticks) and lice.

#### VETERINARY SERVICES:

All messages for veterinary services should be directed to the Cattle Superintendent's office. During the hours the Show is open to the public, the Society retains one or two members of its own veterinary panel at the grounds who may be consulted by livestock owners in need of such services. Sick or injured stock may be attended by any veterinary surgeon the exhibitor cares to employ.

#### PIGS

STEWARD-IN-CHIEF: J. M. GARDINER, Esq.

Entries are accepted on the distinct understanding that stock may not be removed from the Show Grounds until after 1 p.m. on Friday, 30th September. Pigs entered in Sections 42 to 47 must be penned not later than 12 noon, on Wednesday, 21st September.

Entries will only be received subject to the rules and regulations of the Society and the decisions of the Council. All exhibits must be the bona fide property of the exhibitor.

No exhibit may be entered in more than one ordinary class. Throughout the schedule special classes are denoted with a star (\*).

The Council reserves the right to reject at any time any entry or prohibit any person or animal from competing in any class.

When a Special Prize is not in a numbered class, a separate entry is not required. No entry can be changed after entries close.

All entries must be made in writing on forms supplied by the Society. Entries for the Pig Sections must be in the hands of the Secretary, at his office, Temple Court, 422 Collins Street, Melbourne, on or before 12 noon on Saturday, 23rd July. Entry fee must accompany each entry.

Entry tickets will be issued about a week before the Show opens. The entry ticket of each exhibit shall state the number of its pen, which shall correspond with its number in the official catalogue, and if the pen be not occupied by such exhibit by 12 noon on Wednesday, 21st September, the accommodation reverts to the Society. The entry ticket must be produced at the gate, when it will admit the exhibit and attendant to the grounds. It must be retained, and again produced when the exhibit leaves the yards. Attendants' passes will be issued by the Secretary at the Show Grounds after 10 a.m. on Wednesday, 14th September.

In order to prevent the non-exhibition of animals which have been entered for the Show, thus causing unnecessary preparations, expense and disarrangement of the Show Yard, any person making an entry may be fined the sum of £1 for each entry of pigs not exhibited, unless a certificate under the hand of the Exhibitor or his authorised agent be lodged with the Secretary of the Society before the day of the Exhibition, certifying that such non-exhibition is caused by—(1) the death of the animal or animals; (2) contagious or infectious diseases (confirmed by the explanatory certificate of a veterinary surgeon); or (3) by its becoming ineligible for the class in which it has been entered, or other reasonable cause. In addition to the fine aforesaid the Council may debar the entrant from taking part in any future exhibition by the Society.

The Owner or Exhibitor of any exhibit disapproved of as an exhibit by the Council of the Society, must, immediately upon notice to that

effect, remove such exhibit from the Society's Grounds. The Council reserves the right to decline to receive entries in future years from any person who exhibits stock that is not up to a satisfactory standard, that is not exhibited in reasonable Show condition, or that is not given proper attention during the Show.

Exhibitors must keep the stalls allotted to their animals clean and give proper attention to their stock right throughout the Show.

No bedding other than straw or hay, may be used in any box or stall.

Any exhibitor or his employee putting manure out of a pen, or putting out a trough, or cleaning out an alley way after 8 a.m. on a Show day shall be liable to a fine of ten shillings.

No advertisement or notice (except by permission of the Council) is permitted on any stall or building.

The General Regulations and regulations appearing at the heading of each section and the conditions on the entry form also form part of the conditions of entry.

Age of all pigs to be calculated to 15th September in each year. The Society's veterinary surgeon's decision shall be final on all matters regarding age. Exhibitors may be disqualified and debarred from further competition for any breach of regulations regarding the age of exhibits.

In Sections 42 to 47 (inclusive) all exhibits over the age of four months must be registered in an approved Herd Book. Pigs in classes under the age of four months must be from litters notified in accordance with the Rules of the Australian Pig Society. In the Classes for sows with litters, the sire of the litter must also be registered, and the litter must have been duly recorded.

For particulars of registration in the Australian Pig Herd Book, apply to the Secretary, Australian Pig Society, Temple Court, 422 Collins Street, Melbourne.

Pigs not registered prior to 15th July will only be permitted to be entered for the Show on payment of double entry fees.

Exhibitors must be financial members of the Australian Pig Society, whose herds must be accredited as Brucellosis-free by the Department of Agriculture.

All sows 9 months old or over must be in pig or have produced a recorded litter within 9 months prior to 15th September, 1955. The date of birth of such recorded litter must be stated on the entry form.

All boars over 12 months old must have had their tusks cut back to gum level one week prior to the Show, and the Superintendent is empowered to remove from the Show Grounds any boar whose tusks have not been cut.
