THE ECONOMICAL RANSOMES **MG6**

**now with 3-speed gear box
and hydraulic lift and
linkage attachment**

With three forward speeds— $1\frac{1}{8}$, $2\frac{1}{4}$, and 4 m.p.h. and two reverse speeds, plus a powerful hydraulic lift and linkage attachment (optional fitting) the Ransomes MG6 Tractor is a versatile unit for which work can be found on a property of any size. Rugged and economical—maximum petrol consumption of its 8 h.p. engine is 4 to 5 pints per hour—the MG6 can handle a full range of jobs. Frictionless rubber-jointed tracks which ensure full tractive effort under all conditions, small turning circle, low ground pressure and general manoeuvrability make the MG6 an outstanding proposition for restricted areas, difficult ground and hillsides. The MG6 also incorporates a power take-off for stationary work, and a complete range of matched equipment, including a special hillside plough is available. Full after sale and spare parts service.

See the MG6 on display at
Stand 74, Plummer Av., or for full details contact:

PRODUCTION

More men on the land select Metters water supply and conservation equipment because they recognise that in the manufacture Metters have taken into account the practical requirements of the user. And they know that Metters products have the in-built efficiency and durability that make them an economical proposition. POPULAR DEMAND PUTS MIN-A-VIT AHEAD AS FEED SUPPLEMENT

Well-known Breeders endorse Min-A-Vit

Cattle Breeder, of Champion Jerseys, Mr. Murray Moloney, of Belgonia Jersey Stud:

"I have used Min-A-Vit Orange Band for several years now and have found it a wonderful supplement for the rearing of calves."

Calf-raising Simplified, Made More Profitable! Mr. N. A. Stuchbery, of Glen Alvie, Victoria:

"Before using Min-A-Vit this winter we had lost thirteen calves from a total of forty-nine, due to indigestion and scours."

"Since starting our calves on Min-A-Vit we've not lost another one, and they've made an amazing recovery. I have found by feeding Min-A-Vit to calves from two days old that they don't develop scours at any time and they develop a bloom that cannot be obtained by other means."

Progressive Pig Farmer, Mr. A. L. C. Salmon, of W.A.:

"Prior to feeding Min-A-Vit to the pigs, we had several cases of a type of rickets, due apparently to Mineral and Vitamin deficiency; once feeding Min-A-Vit there has been no recurrence."

Champion Dog Owner, Mrs. N. Thompson:

"When Sedora Syntax of Ware arrived in Australia and had to spend nine weeks in quarantine, I never thought he would be in condition for the important shows later in the year. He just wouldn't eat. On my vet's advice, I started him on Min-A-Vit, and three weeks later he had picked up wonderfully."

Champion Dairy Cow Owner, Mr. Ken Wilkie, of Balliang, Vic.:

"Ruperswood Oakie—Champion Dairy Cow (all breeds), Melbourne Royal Show, September, 1954. Ruperswood Oakie calved five weeks prior to the Show, and my problem then was to retain her in show condition whilst in full milk. I achieved this by feeding her Min-A-Vit, which, by the way, is added daily to the diet of all my stud Friesians."

Breeder of Famous South Boorook Herefords, Mr. Jim Allen, owner of the famous South Boorook Stud:

"I have used Min-A-Vit throughout my Hereford Stud from the time it first became available, and would certainly recommend its use on stud beef cattle."

Horse Trainer, Mr. Theo Lewis:

"I gave Min-A-Vit a trial when it first became available. It is now part of the everyday diet of all gallopers in my care."

Poultry Farmer, Mr. A. G. Edmonds, of Clarinda, Victoria:

"For the past two seasons I have fed your Min-A-Vit Plus Pack to my breeders and chickens."

"I have found that it improves hatchability and is a great help in chick rearing."

Owner of Champion Fencer, Cyrette, Mr. A. Pritchard:

"The recent record established by gelding Cyrette of winning the Redleap, the A. V. Hiskens, the Godfrey Watson and the Australian Steeplechase, in consecutive starts—a feat never before achieved in the history of Australian racing—leads me to tell you that I consider much of the credit for Cyrette's wonderful condition is due to the fact we consistently give him Min-A-Vit with his feed."

Acres Grew to **MILLIONS**

Australia's first farmers had a tough time. The soil was poor, the climate fickle.

But, in 1797, after ten years' hardships and perseverance, Governor Hunter reported the cultivation of 3,361 acres of wheat, 1,527 acres of maize, 26 acres of barley, 11 acres of potatoes, and 8 acres of vines.

Today, Australia has about 20,000,000 acres of land devoted entirely to the production of cereal, vegetable, and industrial crops, as well as vineyards and orchards.

Such an achievement is remarkable, and says much for the work of succeeding generations of settlers.

By developing many new agricultural and horticultural aids, science is helping today's man-on-the-land to achieve still more spectacular results.

Here, SHELL products — weed-killers, soil fumigants, insecticides and hormone sprays — are playing a big part in boosting Australia's primary production.

Certificates for these individual tests must accompany entry forms.

Attendants leading stock in the judging ring and on parade must wear uniform grey coats, which can be procured from the Society.

All prize-winning cattle must be paraded. (See Regulation at head of Cattle Section).

The Judge of Jerseys will not penalise exhibits if they are dehorned.

PETWOOD PROSPEROUS 17th (imp.)

1st Under 2½ Years and Res. Champ. R.A.S.E., 1954

(Overport breeding is being based on imported FERNHILL blood)

The OVERPORT HERD AVERAGE under Standard Herd Test . . .

1954-55—10,003 lbs. and 467 lbs. B.F. (15 cows, 300 days lactation).

1955-56—10,075 lbs. and 470 lbs. B.F. (18 cows, including six heifers on first calf).

The Herd is not "molly-coddled" but is carefully fed and managed. The farm is on undulating, light, sandy country 500 feet up, without river flats or irrigation.

The first four daughters of WORTHY ROBERT 8th to finish a lactation have all given over 400 lbs. B.F. at around two years of age and have each beaten the corresponding lactation of their A.R. dams. Although they had the advantage of a 300 days' test as against their dams' 273 days', this is offset by the fact that two of the dams were Senior 2's.

At Royal Melbourne Show 1955, OVERPORT won the SENIOR GROUP of THREE COWS with one imported cow and two home-bred heifers.

At Berwick Show 1955, OVERPORT won the SEWELL CUP (for the second time in two efforts) for a GROUP of THREE, one male and two females, BRED by EXHIBITOR.

ALL OVERPORT Stock is TESTED FREE of T.B. and C.Ab. and sold under guarantee, and any female sold as in calf is sold under guarantee to be in calf. This is Overport's way of doing business and is for YOUR PROTECTION and our satisfaction.

SHEEP

Entries are accepted on the distinct understanding that stock may not be removed from the Show Grounds until after 12 noon on Friday, 28th September.

Entries will only be received subject to the rules and regulations of the Society and the decisions of the Council. All exhibits must be the bona fide property of the exhibitor.

No exhibit may be entered in more than one ordinary class unless otherwise stated at the head of the section. Throughout the schedule special classes are denoted with a star (*). Should an exhibit be incorrectly entered in more than one ordinary class such exhibit shall be deemed ineligible to compete in any class other than the first in which its name or particulars appear in the Show Catalogue.

The Council reserves the right to reject at any time any entry or prohibit any person or animal from competing in any class.

When a Special Prize is not in a numbered class, a separate entry is not required. No entry can be changed after entries close.

All entries must be made in writing on forms supplied by the Society and must be in the hands of the Secretary, at his office, Temple Court, 422 Collins Street, Melbourne, on or before 12 noon, Saturday, 21st July. Entry fee must accompany each entry.

The Society's Veterinary Surgeon's decision regarding age shall be final.

All male animals must be completely entire and deemed physically sound. Any male animal not deemed to be completely entire and physically sound by the Society's Veterinary Surgeon may not compete or be offered for sale on the Show Grounds. Any marks of speying on females shall disqualify them from competing.

Entry tickets will be issued about a week before the Show opens. The entry ticket of each exhibit shall state the number of its pen, which shall correspond with its number in the official catalogue. The entry ticket must be produced at the gate, when it will admit the exhibit and attendant to the grounds. It must be retained, and again produced when the exhibit leaves the yards. Attendant's passes will be issued by the Sheep Superintendent at his office at the Show Grounds after 10 a.m. on Wednesday, 12th September, 1956.

Unless authorised by the Society no live stock will be permitted to enter the grounds other than those entered for exhibition.

In order to prevent the non-exhibition of animals which have been entered for the Show, thus causing unnecessary preparations, expense and disarrangement of the Show Yard, any person making an entry may be fined the sum of £1 for each entry of sheep not exhibited, unless a certificate under the hand of the Exhibitor or his authorised agent be lodged with the Secretary of the Society before the day of the Exhibition, certifying that such non-exhibition is

caused by—(1) the death of the animal or animals; (2) contagious or infectious diseases (confirmed by the explanatory certificate of a veterinary surgeon); or (3) by its becoming ineligible for the class in which it has been entered, or other reasonable cause. In addition to the fine aforesaid the Council may debar the entrant from taking part in any future exhibition by the Society.

The Owner or Exhibitor of any exhibit disapproved of as an exhibit by the Council of the Society, must, immediately upon notice to that effect, remove such exhibit from the Society's Grounds. The Council reserves the right to decline to receive entries in future years from any person who exhibits stock that is not up to a satisfactory standard, that is not exhibited in reasonable Show condition, or that is not given proper attention during the Show.

Exhibits must not be rugged during the hours the Show is open to the public. Exhibitors will be liable to a fine of ten shillings for every infringement of this regulation.

Exhibitors must keep the stalls allotted to their animals clean and give proper attention to their stock right throughout the Show.

Any exhibitor or his employee putting manure out of a box, stall, or pen, or putting out a trough, or cleaning out an alley way after 8 a.m. on a Show day shall be liable to a fine of ten shillings.

No advertisement or notice (except by permission of the Council) is permitted on any stall or building.

The General Regulations and regulations appearing at the heading of each section and the conditions on the entry form also form part of the conditions of entry.

All British Breeds Sheep exhibited (except imported sheep, which must be tattooed in accordance with the regulations of the recognised Flock Book of the country of origin) must be visibly and legibly tattooed with their breeder's registered flock number and the trade mark of the Australian Society of Breeders of British Sheep in accordance with the Rules of that Society.

All Corriedale Sheep exhibited (except imported sheep, which must be visibly and legibly tattooed in accordance with the regulations of the recognised Flock Book of the country of origin) must be tattooed with their breeder's registered flock number and the trade mark of the Australian Corriedale Association in accordance with the Rules of that Association.

Any found to be not visibly and legibly tattooed will be disqualified.

Disqualified sheep may not be offered for sale on the Show Grounds. Exhibitors of disqualified sheep may remove them from the Show Grounds or leave them in their pens. If sheep are left in the pens a notice carrying the words, "Rejected by Inspectors and not permitted to be offered for sale," must be erected over them.

Sheep in Sections 26 to 38 inclusive, must be penned before 2 p.m. on Sunday, 23rd September.

A ewe entered as "with a lamb of her own breed at foot" may be transferred to the Class provided for ewe of her age if she has not lambed prior to judging day, or vice versa.

All sheep entered in Sections 26 to 38 (inclusive) must be registered in the exhibitor's name and be the property of exhibitors registered in an approved public Flock Book. Only one exhibitor will be recognised as the owner from any one holding.

Exhibits in the wool are not eligible to be entered in the classes provided for shorn sheep, and if found to be so entered shall be removed from the yards.

All sheep in the British Breeds Classes (except shorn sheep): over 18 months old must have been fairly and evenly shorn between 1st August and 31st December, 1955. Date of shearing to be given on entry form. Corriedales must be shorn on or after 1st July, 1955.

Inspectors will examine all registered British Breeds, Corriedale, and Fat Sheep exhibited prior to judging and discard all not up to standard and evenly shorn.

Exhibits of shorn sheep must be closely and evenly shorn on or before 1st September, 1956. No Longwool sheep (except Romney Marsh) entered in a shorn class may have more than one and a half inches of wool on any part of its body on judging day. No Romney Marsh entered in a shorn class may have more than one inch of wool on any part of its body on judging day, and no shortwool sheep may have more than three-quarters of an inch of wool on any part of its body on judging day.

Sheep not shorn in accordance with the above regulations, will be disqualified.

In shorn sheep classes the carcass will be taken into consideration as well as the type.

Sheep need not be entered by name or tag number, and no particulars other than the breeder's name and date of shearing will be published in the Show Catalogue.

Exhibitors must sign a statutory declaration to the effect that no sheep exhibited by them will be affected by foot-rot, or show any signs or symptoms of the disease at time of exhibition.

For particulars of registration in the Flock Book for British Breeds of Sheep in Australia, apply to the Secretary, Australian Society of Breeders of British Sheep, Temple Court, 422 Collins Street, Melbourne, C.1.

For particulars of registration in the Australian Corriedale Flock Book, apply to the Secretary of the Australian Corriedale Association, 422 Collins Street, Melbourne, C.1.

Several feed sheds are available for exhibitors in the Sheep Sections. On application to the Secretary, sheds will be reserved. Charge: Five shillings during currency of Show. Several large feed sheds are also available, and may be reserved on payment of 10/- each.

Judging of all Registered Sheep will commence at 9 a.m. on Monday, 24th September.

FIELD GATES

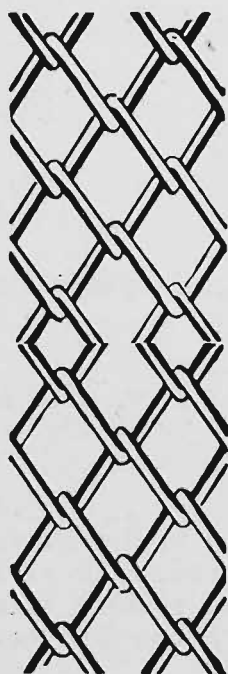

Design 323C

Made to fit openings from 8ft. to 16ft. Height is 3ft. 9in. Ring-knob catches are standard equipment on AUSTRAL Field Gates. Electric welding means years of service. Also available with Ringlock and Flexite covering.

SHEEP YARD GATES

Design 314 (illustrated at left) is 3ft. high and made to fit openings from 3 feet to 12 feet. Extra heavy, with frames and stays of 1 3/4 in. pipe, covered with 2 in. mesh x 10 gauge chain wire.

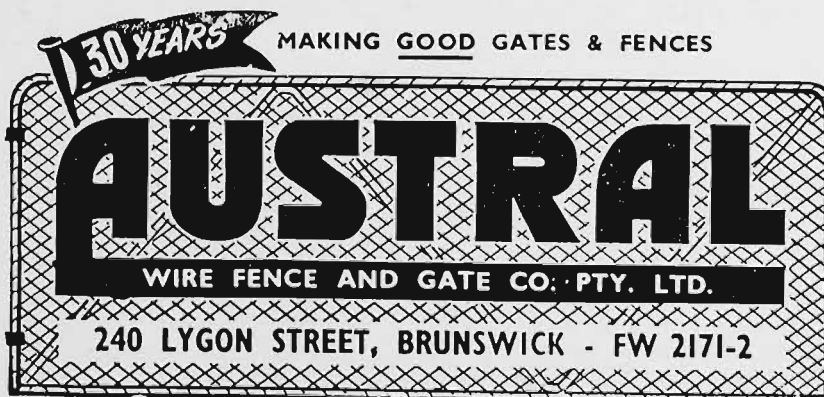

AUSTRAL "FLEXITE"

The principle of AUSTRAL "FLEXITE" ensures fencing with unusual strength and flexibility. That's because it's strained on steel tubing and has an interlocking weave that's far stronger and much cheaper than wood fencing. Contact your storekeeper for full details of AUSTRAL Products.

Fine stuff
this "PHENOVIS"

FINE stuff this '**PHENOVIS**' . . . yes "fine" is the right word. No ready-to-use worm drench on sale in Australia contains phenothiazine more finely ground than '**PHENOVIS**.' For the treatment of gastro-intestinal worms in livestock, there is nothing as good as '**PHENOVIS**,' containing extremely fine ground phenothiazine particles.

STOP OIL WASTE THIS TAXI OWNER PROVED IT!

The Miracle of Molybdenum Proves It!

The owner of this Sydney Taxi (T4466), Mr. T. Keating, c/o Security Cabs (Sydney), has expressed his complete satisfaction with "PRE-BOR," the amazing Molybdenum base treatment for worn cylinders and rings. This taxi has done now a total of 100,000 miles, without new rings, and oil consumption is NIL. (Letter on file.)

"PRE-BOR" is not a "metal" type of preparation, and is therefore HARMLESS to any engine. Used by Govt. Depts., Ambulances, Air-Lines, and the world's LARGEST taxi fleet, and proved in vehicles of U.S. Army and Navy.

"PRE-BOR" will save you pounds in minutes. Motor gives NEW power and oil wastage is cured. Stops piston slap. ONLY "PRE-BOR" contains MOLYBDENUM, the miracle American discovery that gives a hundred thousand miles longer life to all engines.

PIGS

Steward-in-Chief: J. M. GARDINER, Esq.

Entries are accepted on the distinct understanding that stock may not be removed from the Show Grounds until after 1 p.m. on Friday, 28th September. Pigs entered in Sections 42 to 47 must be penned not later than 12 noon, on Wednesday, 19th September.

Entries will only be received subject to the rules and regulations of the Society and the decisions of the Council. All exhibits must be the bona fide property of the exhibitor.

No exhibit may be entered in more than one ordinary class. Throughout the schedule special classes are denoted with a star (*).

The Council reserves the right to reject at any time any entry or prohibit any person or animal from competing in any class.

When a Special Prize is not in a numbered class, a separate entry is not required. No entry can be changed after entries close.

All entries must be made in writing on forms supplied by the Society. Entries for the Pig Sections must be in the hands of the Secretary, at his office, Temple Court, 422 Collins Street, Melbourne, on or before 12 noon on Saturday, 21st July. Entry fee must accompany each entry.

Entry tickets will be issued about a week before the Show opens. The entry ticket of each exhibit shall state the number of its pen, which shall correspond with its number in the official catalogue, and if the pen be not occupied by such exhibit by 12 noon on Wednesday, 19th September, the accommodation reverts to the Society. The entry ticket must be produced at the gate, when it will admit the exhibit and attendant to the grounds. It must be retained, and again produced when the exhibit leaves the yards. Attendants' passes will be issued by the Superintendent at his office on the Show Grounds.

In order to prevent the non-exhibition of animals which have been entered for the Show, thus causing unnecessary preparations, expense and disarrangement of the Show Yard, any person making an entry may be fined the sum of £1 for each entry of pigs not exhibited, unless a certificate under the hand of the Exhibitor or his authorised agent be lodged with the Secretary of the Society before the day of the Exhibition, certifying that such non-exhibition is caused by—(1) the death of the animal or animals; (2) contagious or infectious diseases (confirmed by the explanatory certificate of a veterinary surgeon); or (3) by its becoming

ineligible for the class in which it has been entered, or other reasonable cause. In addition to the fine aforesaid the Council may debar the entrant from taking part in any future exhibition by the Society.

Unless authorised by the Society no live stock will be permitted to enter the Grounds other than those entered for exhibition.

The Owner or Exhibitor of any exhibit disapproved of as an exhibit by the Council of the Society, must, immediately upon notice to that effect, remove such exhibit from the Society's Grounds. The Council reserves the right to decline to receive entries in future years from any person who exhibits stock that is not up to a satisfactory standard, that is not exhibited in reasonable Show condition, or that is not given proper attention during the Show.

All pigs will be inspected by a nominee of the Royal Agricultural Society of Victoria and a Veterinary Surgeon, and any pig not up to Show standard or in a fit state of health or not conforming with the Rules of the Royal Agricultural Society of Victoria and the Australian Pig Society will be rejected.

Exhibitors must keep the stalls allotted to their animals clean and give proper attention to their stock right throughout the Show.

No bedding other than straw or hay, may be used in any box or stall.

Any exhibitor or his employee putting manure out of a pen, or putting out a trough, or cleaning out an alley way after 8 a.m. on a Show day shall be liable to a fine of ten shillings.

No advertisement or notice (except by permission of the Council) is permitted on any stall or building.

The General Regulations and regulations appearing at the heading of each section and the conditions on the entry form also form part of the conditions of entry.

Age of all pigs to be calculated to 15th September in each year. The Society's veterinary surgeon's decision shall be final on all matters regarding age. Exhibitors may be disqualified and debarred from further competition for any breach of regulations regarding the age of exhibits.

In Sections 42 to 46 (inclusive) all exhibits over the age of four months must be registered in an approved Herd Book. Pigs in classes under the age of four months must be from litters notified in accordance with the Rules of the Australian Pig Society. In the Classes for sows with litters, the sire of the litter must also be registered, and the litter must have been duly recorded.

For particulars of registration in the Australian Pig Herd Book, apply to the Secretary, Australian Pig Society, Temple Court, 422 Collins Street, Melbourne.

Pigs not registered prior to 15th July will only be permitted to be entered for the Show on payment of double entry fees.

Exhibitors must be financial members of the Australian Pig Society, whose herds must be accredited as Brucellosis-free by the Department of Agriculture.

All sows 9 months old or over must be in pig or have produced a recorded litter within 9 months prior to 15th September, 1956. The date of birth of such recorded litter must be stated on the entry form.

All boars over 12 months old must have had their tusks cut back to gum level one week prior to the Show, and the Superintendent is empowered to remove from the Show Grounds any boar whose tusks have not been cut.

The Registered Herd Book numbers of all exhibits and of the sires and dams of exhibits must be stated on entry form.

Entries are limited to two in each class from any one exhibitor, in whose name the exhibits must be registered in the Herd Book.

Judges shall give consideration to sows entered in the "Sow and Litter" Classes when making Champion and Reserve Champion awards.

No sow (other than those entered in the sow and litter classes) will be permitted to be exhibited with a litter.

Any boar, entered in the breeding classes, not deemed to be completely entire by the Society's Veterinary Surgeons may not compete or be offered for sale on the Show Grounds.

Several feed sheds are available for exhibitors in the Pig Section. On application to the Secretary, sheds will be reserved. Charge, 12/6 each, during the currency of the Show. Ten extra large sheds beyond the end of the Pig Pavilion, each fitted with four sleeping bunks, may be reserved on payment of £1/10/- each.

No pig shall be transferred from its numbered pen without the sanction of the Superintendent.

All pigs entered in the stud classes will be paint branded with exhibit numbers.

TRUCKS, TRANSPORTS AND CARAVANS.

EXHIBITORS PLEASE NOTE that it is a condition of entry that motor vehicles, including trucks and stock transports, will not be permitted to remain on the Show Grounds after unloading. They must be removed immediately, and will not be re-admitted until after 12 noon on Friday, 28th September.

Caravans will not be admitted to the Show Grounds.

In order to avoid disappointments, exhibitors are advised to despatch their birds so that they will arrive as early as possible on that day.

Poultry arriving at Spencer Street Railway Station on Wednesday, 19th September, will be picked up and conveyed to the Show Grounds by the Society's carrier.

Judging will be commenced at 9 a.m. on Thursday, 20th September. The pavilion will be open to the public from 9 a.m. until 9 p.m. from Friday, 21st September, to Friday 28th September, and from 9 a.m. until 3 p.m. on Saturday, 29th September.

No exhibit may be entered in more than one class.

The Council reserves the right to reject at any time any entry or prohibit any person or bird from competing in any class.

When a special prize is not in a numbered class, a separate entry is not required. No entry can be changed after entries close.

In order to prevent the non-exhibition of birds which have been entered for the Show, thus causing unnecessary preparations, expense and disarrangement of the Show Yard, any person making an entry may be fined the sum of 10/- for each bird not exhibited unless a certificate under the hand of the Exhibitor or his authorised agent be lodged with the Secretary of the Society before the day of the Exhibition, certifying that such non-exhibition is caused by—(1) the death of the bird or birds; or (2) contagious or infectious diseases (confirmed by the explanatory certificate of a veterinary surgeon); or (3) by its becoming ineligible for the class in which it has

been entered, or other reasonable cause. In addition to the fine aforesaid the Council may debar the entrant from taking part in any future exhibition by the Society.

Unless authorised by the Society no live stock will be admitted to the Grounds other than those entered for exhibition.

The owner or Exhibitor of any exhibit or stand of exhibits disapproved of as an exhibit by the Council of the Society, must, immediately upon notice to that effect, remove such exhibit or stand of exhibits from the Society's Grounds. The Council reserves the right to decline to receive entries in future years from any person who exhibits stock that is not up to a satisfactory standard, that is not exhibited in reasonable Show condition, or that is not given proper attention during the Show.

No advertisement or notice (except by permission of the Council) is permitted on any stall or building.
