Manufacturers of
Land-Rovers, The Rover Company Ltd.

This picture graphically proves, far better than words can, the claim that the Land Rover is a "Go anywhere — Do anything" vehicle. The Land Rover will take roads, like the one illustrated, in its stride. It is built to cope with this kind of work and *will* do it with minimum driving and maximum comfort and safety.

The 1954 Land Rover is even better equipped than its predecessor to do any and every kind of job. It has a longer wheel-base (86 in.), twenty-five per cent. more carrying capacity, and increased driving comfort.

ROVER TRAINED SERVICE

AGRICULTURAL CHEMICALS

Du Pont agricultural chemicals, produced by the Grasselli Department of Messrs. E. I. Du Pont de Nemours & Co. of Wilmington, Delaware, U.S.A., are now available in Australia for use in agricultural, horticultural and pastoral industries. The following products constitute the current range:

MANZATE. Manzate is a fungicide based on the chemical Manganese ethylene bisdithiocarbamate. This material has been specially developed for control of fungus diseases in potatoes and tomatoes and in fruit and vegetable crops.

PARZATE. Parzate is a fungicide based on Zinc ethylene bisdithiocarbamate for use against fungus diseases on a wide range of crops, including potatoes.

FERMATE. This is a fungicide based on Ferric dimethyldithiocarbamate. This material is particularly useful for control of tobacco fungus diseases.

METHOXYCHLOR INSECTICIDES. A number of formulations, based on Methoxychlor, are now available. These include Marlate 50, a 50% wettable powder for use on fruit and vegetables, and Marlate 2-MR, an emulsifiable oil, and Dairy Cattle Spray. These last mentioned sprays are for use wherever stock are handled.

C.M.U. WEED KILLER. This material is based on 3-(p-chlorophenyl)-1, 1-dimethylurea. It is a non-poisonous total weed killer, which is effective for long periods. At very low dilution it is ideal for pre-emergence control of weeds in crops as divergent as sugar cane and asparagus.

AMMATE WEED AND BRUSH KILLER. This material is based on Ammonium sulfamate and it is ideal for control of eucalypt suckers and other tree species. It will control Mallee shoots, Crofton weed and most perennial weeds and brush.

Further information is readily available upon request.

No animal born on or after 1st January, 1954, may be exhibited.

Entries of milking stock will only be accepted subject to the Special Regulations regarding the disposal of milk (see head of Cattle Section).

Cattle entered in this Section must be registered in a recognised Herd Book. Animals under 12 months must be recorded as the progeny of registered parents. For particulars of registration in the Dairy Shorthorn Herd Book of Australia, apply to the Secretary, The Dairy Shorthorn Association of Australia, Temple Court, 422 Collins Street, Melbourne, C.1.

Inspectors, appointed by the Dairy Shorthorn Association of Australia, will examine stock exhibited to ensure that all are tattooed in accordance with the Herd Book Regulations. Any found not to be correctly and legibly tattooed, or not up to Show condition, will be disqualified.

No dehorned bull may be exhibited in this Section.

The Dairy Shorthorn Judge will not penalise female exhibits because they are dehorned.

All prize-winning cattle must be paraded. (See Regulation at head of Cattle Section).

All cattle entered in this Section must be certified tuberculosis free. Animals from herds listed as accredited or in process of accreditation under the Accredited Tubercle-free Herd Scheme conducted by the Department of Agriculture, Victoria, need not be individually tested, but all

other cattle exhibited must be tuberculin tested within ninety days prior to the opening date of the Show. Certificates for these individual tests must accompany entry forms.

Attendants leading stock in the judging ring or on parade must wear uniform grey coats, which can be secured from the Society.

There's nothing to match a genuine **Cyclone** gate

FOR strength, long life and smooth-swinging service, you can't beat the "Cyclone" farm gate. For over 50 years "Cyclone" have concentrated on making better gates — all joints are electrically welded — the heavy top and bottom hinges cannot pull or work loose — the special chain and knob fastening cannot be knocked or lifted off by stock — the "Ringlock" covering makes the gate sheep-proof.

Look for the "Cyclone" RED TAG

Every genuine "Cyclone" gate carries the red tag illustrated at left. Demand the genuine, and make sure of a life-time of trouble-free gate service.

"In a test at a poor hatchability time (March) we achieved a 74% hatchability result—normal 62%. The survival of chicks was the greatest ever. Min-a-Vit was responsible."

"By adding Min-a-Vit to the normal diet of my birds, feather picking was reduced to almost nil within ten days. Vigorous feather growth showed up within 14 days."

Section 19—Ayrshires

JUDGE: R. M. ANDERSON, Esq.

STEWARDS: D. McCALLUM, Esq.; W. J. WILLIAMS, Esq.

Entries will be accepted on the understanding that, should they be in excess of the accommodation, the number of exhibits will be reduced accordingly.

*Denotes Special class.

Exhibits in this section can only be entered in one ordinary class.

An exhibit cannot be entered in a special class unless it has been entered in an ordinary class.

No animal born on or after 1st November, 1953, may be exhibited.

Entries of milking stock will only be accepted subject to the Special Regulation regarding the disposal of milk (see head of Cattle Section).

Cattle entered in this section must be registered in the Ayrshire Herd Book of Australasia or in an approved Ayrshire Herd Book outside the Commonwealth, and animals entered in the yearling classes must be recorded in the Calf Register.

Inspectors, appointed by the Ayrshire Cattle Herd Book Society (Victorian Branch) will examine stock exhibited to ensure that all are tattooed in accordance with the Herd Book Regulations. Any found not to be correctly and legibly tattooed will be disqualified.

All exhibits will be inspected to ascertain that they are of a satisfactory standard. (See Regulation at head of Cattle Section).

For particulars of registration in the Ayrshire Herd Book of Australasia, apply to the Secretary, Ayrshire Cattle Herd Book Society of Australasia, Temple Court, 422 Collins Street, Melbourne, C.I.

All prize-winning cattle must be paraded. (See Regulation at head of Cattle Section).

All cattle entered in this Section must be certified tuberculosis free. Animals from herds listed as accredited or in process of accreditation under the Accredited Tubercle-free Herd Scheme conducted by the Department of Agriculture, Victoria, need not be individually tested, but all other cattle exhibited must be tuberculin tested within ninety days prior to the opening date of the Show. Certificates for these individual tests must accompany entry forms.

Attendants leading stock in the judging ring and on parade must wear uniform grey coats, which can be secured from the Society.

The Judge of Ayrshires will not penalise exhibits because they are dehorned.

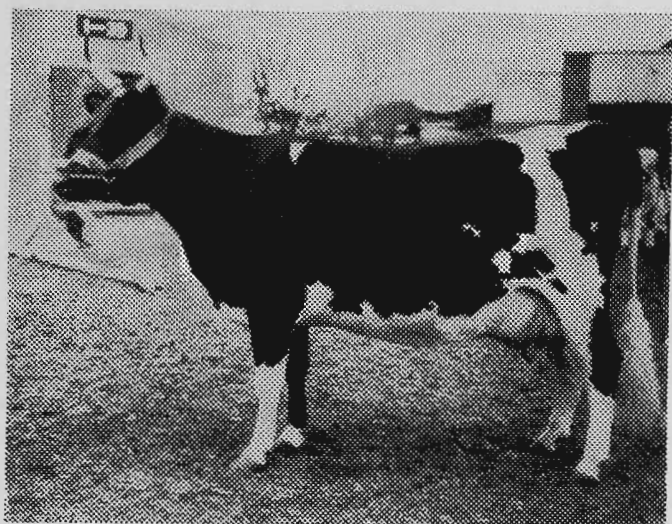

Cows and Heifers entered in the "In Calf" Classes must be stripped out prior to entering the Judging Ring.

(For particulars of conditions in Type and Utility Classes, see Section 23).

The Importance of Checking Growth Weight

SCALES TO CHECK GROWTH RATE

"The time will come when beef bulls will be sold according to their demonstrated ability for rapid growth rate as expressed in weight gain. The scales will then become as important in beef-raising as herd testing is in dairying for progeny checking of production sires.

"The Fairway Scale & Tube Co., of Braybrook, Victoria, has produced a scale especially adapted to this cattle-weighing work."

SHEEP

Entries are accepted on the distinct understanding that stock may not be removed from the Show Grounds until after 12 noon on Friday, 1st October.

Entries will only be received subject to the rules and regulations of the Society and the decisions of the Council. All exhibits must be the bona fide property of the exhibitor.

No exhibit may be entered in more than one ordinary class unless otherwise stated at the head of the section. Throughout the schedule special classes are denoted with a star (*). Should an exhibit be incorrectly entered in more than one ordinary class such exhibit shall be deemed ineligible to compete in any class other than the first in which its name or particulars appear in the Show Catalogue.

The Council reserves the right to reject at any time any entry or prohibit any person or animal from competing in any class.

When a Special Prize is not in a numbered class, a separate entry is not required. No entry can be changed after entries close.

All entries must be made in writing on forms supplied by the Society and must be in the hands of the Secretary, at his office, Temple Court, 422 Collins Street, Melbourne, on or before 12 noon, Saturday, 24th July. Entry fee must accompany each entry.

The Society's Veterinary Surgeon's decision regarding age shall be final.

All male animals must be completely entire. Any male animal not deemed to be completely entire by the Society's Veterinary Surgeon may not compete or be offered for sale on the Show Grounds. Any marks of speying on females shall disqualify them from competing.

Entry tickets will be issued about a week before the Show opens. The entry ticket of each exhibit shall state the number of its pen, which shall correspond with its number in the official catalogue. The entry ticket must be produced at the gate, when it will admit the exhibit and attendant to the grounds. It must be retained, and again produced when the exhibit leaves the yards. Attendant's passes will be issued by the Secretary at the Show Grounds after 10 a.m. on Wednesday, 15th September, 1954.

In order to prevent the non-exhibition of animals which have been entered for the Show, thus causing unnecessary preparations, expense and disarrangement of the Show Yard, any person making an entry may be fined the sum of £1 for each entry of sheep not exhibited, unless a certificate under the hand of the Exhibitor or his authorised agent be lodged with the Secretary of the Society before the day of the Exhibition, certifying that such non-exhibition is caused by—(1) the death of the animal or animals; (2) contagious or infectious diseases

(confirmed by the explanatory certificate of a veterinary surgeon); or (3) by its becoming ineligible for the class in which it has been entered, or other reasonable cause. In addition to the fine aforesaid the Council may debar the entrant from taking part in any future exhibition by the Society.

The Owner or Exhibitor of any exhibit disapproved of as an exhibit by the Council of the Society, must, immediately upon notice to that effect, remove such exhibit from the Society's Grounds. The Council reserves the right to decline to receive entries in future years from any person who exhibits stock that is not up to a satisfactory standard, that is not exhibited in reasonable Show condition, or that is not given proper attention during the Show.

Exhibits must not be rugged during the hours the Show is open to the public. Exhibitors will be liable to a fine of ten shillings for every infringement of this regulation.

Exhibitors must keep the stalls allotted to their animals clean and give proper attention to their stock right throughout the Show.

Any exhibitor or his employee putting manure out of a box, stall, or pen, or putting out a trough, or cleaning out an alley way after 8 a.m. on a Show day shall be liable to a fine of ten shillings.

No advertisement or notice (except by permission of the Council) is permitted on any stall or building.

The General Regulations and regulations appearing at the heading of each section and the conditions on the entry form also form part of the conditions of entry.

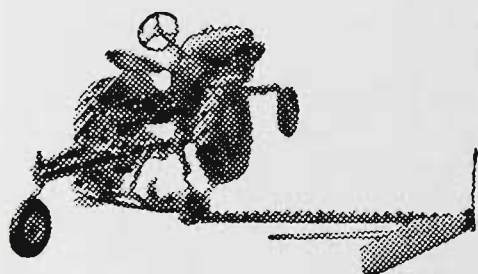

All British Breeds Sheep exhibited (except imported sheep, which must be tattooed in accordance with the regulations of the recognised Flock Book of the country of origin) must be visibly and legibly tattooed with their breeder's registered flock number and the trade mark of the Australian Society of Breeders of British Sheep in accordance with the Rules of that Society.

All Corriedale Sheep exhibited (except imported sheep, which must be visibly and legibly tattooed in accordance with the regulations of the recognised Flock Book of the country of origin) must be tattooed with their breeder's registered flock number and the trade mark of the Australian Corriedale Association in accordance with the Rules of that Association.

Inspectors will examine all registered British Breeds, Corriedale, and Fat Sheep exhibited prior to judging and discard all not up to standard and not fairly and evenly shorn. Any found to be not visibly and legibly tattooed will be disqualified.

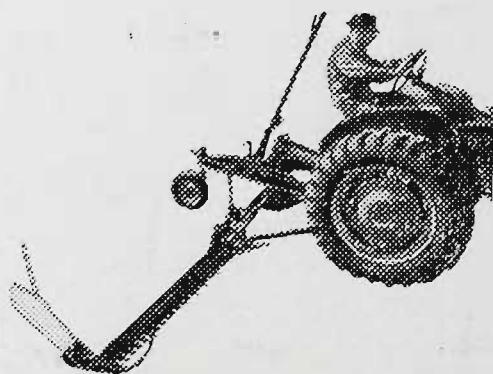

MITCHELL POWER MOWERS

"Mitchell" Power Mowers are built in two types: Hydraulic lift for Allis-Chalmers "B" and "WD" Tractors, and Hand lift to suit almost any Tractor; 5 ft. and 6 ft. cut.

Quickly attached to the tractor drawbar, the "Mitchell" Power Mower is horizontally hinged and having a castor trailing wheel, it floats and follows the contour of the land.

Drop forged, the fingers, knife head and sockets are tough—so withstand shocks—and being hard are long lasting. Shafts run on roller bearings in oil baths. Drive, by "V" belt to crankshaft, is quiet, smooth and positive.

In shorn sheep classes the carcase will be taken into consideration as well as the type.

Sheep that have been unfairly shorn or unfairly trimmed will be disqualified.

Sheep need not be entered by name or tag number, and no particulars other than the breeder's name and date of shearing will be published in the Show Catalogue.

INCORPORATED IN

LIQUID "PHENOVIS"

BRAND OF PHENOTHIAZINE

A new formulation of extremely fine particles

WITH ACKNOWLEDGMENTS TO THE 4th ANNUAL REPORT OF C.S.I.R.O.

16. INTERNAL PARASITES.

(a) *Studies on Anthelmintics.*—(i) *Phenothiazine.*
—It was mentioned last year that very finely ground phenothiazine appeared to be more effective than commercial grades of the drug. Trials carried out during the year have shown clearly that large particle size greatly detracts from efficiency. A sample in which 98 per cent. of the particles ranged from 46 to 76 microns in diameter was of such low efficiency that a dose of 20 g. left large residual infections with *Haemonchus contortus*, whereas 10 g. is usually highly effective against this parasite; a finely ground sample, in which 99 per cent of the particles were 10 microns or less in diameter was highly efficient, not only against *H. contortus* but also against less susceptible worm parasites such as *Trichostrongylus* spp. (black-scour worms) and *Oesophagostomum columbianum* (nodule worms). It was found that commercial

Release of Liquid 'Phenovis' has been delayed pending the results of exhaustive tests — see extract. These latest scientific developments have been incorporated in the new Liquid 'Phenovis'—the most efficient worm drench for removing internal parasites in sheep.

FOR SUCCESSFUL DIPPING

LICE

Lice feed on the skin of the sheep and cause rubbing and scratching, resulting in reduced wool value, loss of condition and matting of wool fibres.

Lice can be effectively eradicated by dipping in either Cooper's Powder Dip or Cooper's Gamatox Sheep Dip.

KEDS (ticks)

Incessant ked irritation affects feeding, growth of wool and carcase development.

Dipping in either Cooper's Quick-Acting Powder Dip or Cooper's Gamatox Sheep Dip will eradicate keds and ensure maximum period of protection.

Remember, Cooper's "Quick-Acting" and Gamatox are dual purpose Dips, i.e., both Dips are effective against keds (ticks) and lice.

REGULATIONS

Entries Close 12 Noon on Saturday, 4th September, 1954.

All exhibits must be in the hands of the Secretary before 12 noon on Wednesday, 8th September.

Exhibitors are reminded that the Society's General Regulations apply to all Sections of the Show and that the Special Regulations hereunder apply to this section only and are merely supplementary to the General Regulations.

Exhibitors must attach a tag showing name and address and class number to each fleece and also to the wrapping used.

If exhibits are sent by rail, address to the Secretary (Wool Exhibition), Royal Agricultural Society of Victoria, Spencer Street Railway Station, Melbourne, Vic.

All exhibitors are requested to include precise instructions, as to the desired method of disposal at the conclusion of the Show. The Society will re-pack and re-address or deliver exhibits to any nominated authorised Wool Broker in Melbourne or Geelong if so instructed, or re-address to place of origin. In this regard no responsibility will be accepted for loss or damage in transit.

All entries must be accompanied by the full entry fee.

Exhibits in Classes 1 to 27 are to be skirted and prizes in these classes will be awarded to fleeces valued at the highest price per lb.

Exhibits in Classes 28 to 44 are to be unskirted and have belly wool attached, locks are not to be included. Prizes in these classes will be awarded to the most valuable fleeces.

The Judges will transfer any fleece to the class to which it rightfully belongs and reserve the right to skirt or re-skirt any fleece.

Any fleece entered in previous competition will be accepted if accompanied by a score card signed by the steward in charge of the competition at which the fleece was exhibited.

Fleeces, which in the opinion of the Judges are overgrown, will be valued as such.

Polwarth fleeces entered in classes 12, 13, 38 and 39 are not eligible to compete for the world's championship Polwarth fleece unless the exhibit has a minimum length of 4 inches and a maximum length of 5 inches and the fleece to weigh not less than 13 lbs. Fleeces not meeting these requirements are eligible to compete in the general classes and for the most stylish fleece championships.

As an indication to exhibitors any fleece entered in general classes is eligible to win the Grand Championship of the World and all fleeces

irrespective of their position in the general classes will be considered for selection.

The winning fleece may be unplaced in its Class and carry faults such as burr or dust caused by climatic conditions and may be of any breed or cross breed but will be selected because it displays the most stylish characteristic quality of its type.

All fleeces are to be shorn from sheep that are the bona fide property of the exhibitor.

All enquiries regarding this section should be addressed to R. L. BATTEN, Box 21, P.O., Whittlesea, Vic., who has been appointed as Organiser of this Section of the Wool Exhibition.

PIGS

Entries are accepted on the distinct understanding that stock may not be removed from the Show Grounds until after 1 p.m. on Friday, 1st October. Pigs entered in Sections 42 to 47 must be penned not later than 12 noon, on Wednesday, 22nd September.

Entries will only be received subject to the rules and regulations of the Society and the decisions of the Council. All exhibits must be the bona fide property of the exhibitor.

No exhibit may be entered in more than one ordinary class. Throughout the schedule special classes are denoted with a star (*).

The Council reserves the right to reject at any time any entry or prohibit any person or animal from competing in any class.

When a Special Prize is not in a numbered class, a separate entry is not required. No entry can be changed after entries close.

All entries must be made in writing on forms supplied by the Society. Entries for the Pig Sections must be in the hands of the Secretary, at his office, Temple Court, 422 Collins Street, Melbourne, on or before 12 noon on Saturday, 24th July. Entry fee must accompany each entry.

Entry tickets will be issued about a week before the Show opens. The entry ticket of each exhibit shall state the number of its pen, which shall correspond with its number in the official catalogue, and if the pen be not occupied by such exhibit by 12 noon on Wednesday, 22nd September, the accommodation reverts to the Society. The entry ticket must be produced at the gate, when it will admit the exhibit and attendant to the grounds. It must be retained, and again produced when the exhibit leaves the yards.

Attendants' passes will be issued by the Secretary at the Show Grounds after 10 a.m. on Wednesday, 15th September, 1954.

In order to prevent the non-exhibition of animals which have been entered for the Show, thus causing unnecessary preparations, expense and disarrangement of the Show Yard, any person making an entry may be fined the sum of £1 for each entry of pigs not exhibited, unless a certificate under the hand of the Exhibitor or his authorised agent be lodged with the Secretary of the Society before the day of the Exhibition, certifying that such non-exhibition is caused by—(1) the death of the animal or animals; (2) contagious or infectious diseases (confirmed by the explanatory certificate of a veterinary surgeon); or (3) by its becoming ineligible for the class in which it has been entered, or other reasonable cause. In addition to the fine aforesaid the Council may debar the entrant from taking part in any future exhibition by the Society.

The Owner or Exhibitor of any exhibit disapproved of as an exhibit by the Council of the Society, must, immediately upon notice to that effect, remove such exhibit from the Society's Grounds. The Council reserves the right to decline to receive entries in future years from any person who exhibits stock that is not up to a satisfactory standard, that is not exhibited in reasonable Show condition, or that is not given proper attention during the Show.

Exhibitors must keep the stalls allotted to their animals clean and give proper attention to their stock right throughout the Show.

Any exhibitor or his employee putting manure out of a pen, or putting out a trough, or cleaning out an alley way after 8 a.m. on a Show day shall be liable to a fine of ten shillings.

No advertisement or notice (except by permission of the Council) is permitted on any stall or building.

The General Regulations and regulations appearing at the heading of each section and the conditions on the entry form also form part of the conditions of entry.

Age of all pigs to be calculated to 15th September in each year. The Society's veterinary surgeon's decision shall be final on all matters regarding age. Exhibitors may be disqualified and debarred from further competition for any breach of regulations regarding the age of exhibits.

In Sections 42 to 47 (inclusive) all exhibits over the age of four months must be registered in an approved Herd Book. Pigs in classes under the age of four months must be from litters notified in accordance with the Rules of the Australian Pig Society. In the Classes for sows with litters, the sire of the litter must also be registered, and the litter must have been duly recorded.

For particulars of registration in the Australian Pig Herd Book, apply to the Secretary, Australian Pig Society, Temple Court, 422 Collins Street, Melbourne.

Pigs not registered prior to 15th July will only be permitted to be entered for the Show on payment of double entry fees.

Exhibitors must be financial members of the Australian Pig Society, whose herds must be accredited as Brucellosis-free by the Department of Agriculture.

All sows 9 months old or over must be in pig or have produced a recorded litter within 9 months prior to 15th September, 1954. The date of birth of such recorded litter must be stated on the entry form.

All boars over 12 months old must have had their tusks cut back to gum level one week prior to the Show, and the Superintendent is empowered to remove from the Show Grounds any boar whose tusks have not been cut.

The Registered Herd Book numbers of all exhibits and of the sires and dams of exhibits must be stated on entry form.

Entries are limited to two in each class from any one exhibitor, in whose name the exhibits must be registered in the Herd Book.

Exhibitors must make a statutory declaration that their entries are true and correct in every particular, that their exhibits are eligible for entry according to the conditions specified, and subject to the Rules, Regulations and By-laws of the Society, and that their exhibits, and the holding or holdings on which such exhibits were kept, have been free from swine fever for 12 months prior to the date of entry.

Judges shall give consideration to sows entered in the "Sow and Litter" Classes when making Champion and Reserve Champion awards.

No sow (other than those entered in the sow and litter classes) will be permitted to be exhibited with a litter.

Any boar, entered in the breeding classes, not deemed to be completely entire by the Society's Veterinary Surgeons may not compete or be offered for sale on the Show Grounds.

Several feed sheds are available for exhibitors in the Pig Section. On application to the Secretary, sheds will be reserved. Charge, 12/6 each, during the currency of the Show. Ten extra large sheds beyond the end of the Pig Pavilion, each fitted with four sleeping bunks, may be reserved on payment of £1/10/- each.

No pig shall be transferred from its numbered pen without the sanction of the Superintendent.

All pigs entered in the stud classes will be paint branded with exhibit numbers.

TRUCKS, TRANSPORTS AND CARAVANS.

EXHIBITORS PLEASE NOTE that it is a condition of entry that motor vehicles, including trucks and stock transports, will not be permitted to remain on the Show Grounds after unloading. They must be removed immediately, and will not be re-admitted until after 12 noon on Friday, 1st October.

Caravans will not be admitted to the Show Grounds.
