- (iii) THE ANIMAL HAS BECOME INELIGIBLE FOR THE CLASS ENTERED.
- (iv) SOME OTHER CAUSE WHICH THE COUNCIL OR DIRECTOR OF THE SOCIETY CONSIDERS REASONABLE.

FAILURE TO COMPLY WITH THIS RULE RENDERS THE OWNER OR ENTRANT LIABLE TO A FINE OF NOT MORE THAN £5 FOR EVERY ANIMAL NOT EXHIBITED, AND IN ADDITION THE COUNCIL MAY DEBAR THE OWNER OR EXHIBITOR FROM TAKING PART IN ANY FURTHER EXHIBITION CONDUCTED BY THE SOCIETY.

All exhibits must be placed where directed by the Director or his deputy, and (except live stock, in accordance with Regulation 18) must not be removed from their Classes during the Exhibition without the written consent of the Director being first obtained.

INSPECTION OF STOCK

Exhibitors in the Stock Sections shall, if requested by the Steward-in-Chief of the Section or by the Director or his agent, submit his exhibits, in whole or part, for inspection by a Veterinarian or Veterinarians appointed by the Society.

All male animals competing in the breeding classes must be completely entire. Any male animal in the breeding classes not deemed to be completely entire by the Society's Veterinary Surgeon may not compete. Any marks of speying on females shall disqualify them from competing in such classes.

Exhibits of horses which, in the opinion of the Society, are not in reasonable Show condition, shall be removed from the grounds.

Failure to comply with this rule shall render the exhibitor liable to a fine not exceeding £5 for each separate offence.

No advertisement of notice (except by permission of the Council) is permitted on or in any stall or building.

SURCHARGE

A surcharge of 1/- per horse shall be imposed on all horses, galloways and ponies entered in Sections 9 and/or 11.

This surcharge, which must be remitted with the entry fees, shall be paid into the Overseas Team Fund of the Equestrian Federation of Australia.

AGE OF EXHIBITS

The breeding year dates from 1st August in each year.

The Society's Veterinary Surgeon's decision regarding age shall be final.

MARES (in Foal)

Any prize awarded to a mare exhibited as being in foal may be withheld until the production of a certificate that she has produced a foal after the exhibition and previous to the 1st January next ensuing.

STALLIONS—Government Certification and Registration

Stallions over two years of age exhibited from States other than Victoria, need not be registered under the Act, but must be examined and passed by a Government Veterinary Officer in respect of both soundness and type, except registered Clydesdales carrying a current certificate of soundness issued in South Australia which will be accepted for exhibition purposes on production of this certificate.

All Stallions over 2 years of age, owned in Victoria, must be registered as required by the provisions of the Horse Breeding (Victoria) Act 1928.

VETERINARY EXAMINATION

All Stallions and Mares over two years of age entered in Sections 1 to 7 (except Farm and Lorry Horses in Section 2) must be examined by a Government Veterinary Officer and if passed, have their Entry Tickets stamped "Pass to Ring" before entering the judging ring. No appeal against a Government Veterinary Officer's decision will be entertained.

Stallions and Mares will be examined by Government Veterinary Surgeons on the Show Grounds on Wednesday, 15th September, commencing at 10 a.m.

HEIGHT

Where height is stipulated, horses and ponies must be measured, and an exhibit over or under the specified measurement may be transferred to its correct class. The official measurer will be in attendance on the Grounds on Tuesday, 14th, and Wednesday, 15th September, at 10 a.m., on Thursday, 16th September, at 8 a.m., and on each remaining day of the Show from 9.30 a.m. to 10 a.m., and the neck numbers of horses and ponies must be endorsed by the measurer.

When measuring a horse, galloway or pony an allowance of half ($\frac{1}{2}$) of an inch for shoes may be made at the discretion of the Measurer. Should an exhibit be measured with shoes on and the exhibitor disagree with the Official Measurer's decision as to the height of the animal, he may, should he desire, have it re-measured without shoes. The Official Measurer may, in his discretion, request the removal of shoes from any horse, galloway, or pony, prior to measurement.

If the judge entertains a doubt as to the correctness of a height certificate, he has the power to order the exhibit to be re-measured. In such case the Steward shall accompany the exhibit to the Measurer's Stand and supervise the re-measuring.

Any exhibitor who supplies wrong information on entry or performance form will render himself liable to disqualification.

ENTRY TICKETS

Entry tickets will be issued about a week before the Show opens. The entry ticket of each exhibit shall state the number of its box, stall, pen or stand, as the case may be, which shall correspond with its number in the official catalogue, and if the box, stall or pen be not occupied by such exhibit by noon on the first day of the Show, the accommodation reverts to the Society. The entry ticket must be produced at the gate, when it will admit the exhibit and attendant to the grounds. It must be retained, and again produced when the exhibit leaves the yards. Attendants' passes will be issued by the Superintendent at the Show Grounds.

PERIOD OF EXHIBITION

All horses and ponies entered in Sections 1 to 10 inclusive are required to be at the grounds from 9 a.m. on Thursday, 16th September, until 11 p.m. on Saturday, 25th September, unless otherwise specified.

The upper portion of horse boxes outside the pavilion must remain open during those hours. Exhibitors will be liable to a fine of ten shillings for every infringement of this regulation.

NECK NUMBERS AND COMPETITORS' NUMBERS

Numbers corresponding to the number in the catalogue must be worn by each exhibit or competitor when appearing before the Judge.

Neck numbers for the horses must be collected at the offices of the Horse Superintendents.

Competitors' numbers for Riding Competitions, Jumping Contests and Novelty Events must be collected from the office of the Horse Superintendent, Eastern Area.

PAVILIONS AND STALLS —

Hours Open and Cleanliness

With the exception of Saturdays and Thursday (Show Day) the Horse Pavilion will remain open to the public until 7 p.m.

On Saturdays and Show Day they will remain open until 9 p.m. but will close between 5 p.m. and 6 p.m..

Exhibitors shall, to the satisfaction of the Horse Superintendent:

- (i) Keep each stall allotted to them and their stock in a clean and proper condition throughout the Show.
- (ii) Clean out their stalls or boxes before 8 a.m. each day.

ACCEPTANCE AND ACCOMMODATION

The Society may limit acceptances to that number of horses which can be accommodated on the Show Grounds.

Restrictions are therefore imposed on entries in Sections 3, 4, 5, 6 and 7, and the nature of the restriction is referred to at the head of each Section concerned.

PERFORMANCES

All entrants in saddle and contest sections must state performances of horse or pony on a form. After the close of entries the Horse Committee will go through all forms, and from the information supplied will determine which entries will be accepted, and for which animals accommodation will be provided. All entrants will be notified of the Committee's decision, and all fees paid on any entries not accepted will be refunded.

The best performed horses shall receive first consideration in respect of exhibition and stall allocation.

JUDGING AND PARADES

Exhibitors are advised to study the time table, showing times at which judging in the various Classes is to be commenced. Judging in any Class will not commence before the time specified. No warning will be given, and any competitor not present when the Judge is ready to commence will miss the opportunity to compete.

* Denotes Special Class.

An exhibit may only be entered in one ordinary class in each of Sections 5, 6, 7, 9 and 10 and in as many Special Classes as it is eligible to compete in Sections 5, 6, 7, 9, 10 and 11.

An exhibit cannot be entered in a Special class unless it has been entered in an ordinary class in the same section. (This regulation does not apply to the Miscellaneous and Dressage Classes, which include Classes 154 to 166.

An exhibit must compete and qualify in an ordinary class before becoming eligible for Champion Prizes.

(Stallions are not eligible to compete in this Section. Dressage Classes excepted).

All animals entered in this Section must be registered in the Equestrian Federation of Australia's Register. For particulars regarding registration apply to the Secretary Equestrian Federation of Australia (Victorian Branch), Royal Show Grounds, Epsom Road, Ascot Vale, W.2.

Where height is stipulated, horses must be measured, and an exhibit over or under the specified measurement may be transferred to its correct Class. Where a definite weight is specified, the horse must, in the opinion of the judge, be suitable for carrying such weight.

All horses in the 14-st., 12-st. and 10-st. Hack Classes must be paraded before judging, when the Judge will classify them into their various classes in the following way:—The horses entered for 14-st. Hack shall be paraded, when any horse too light in the opinion of the Judge, shall be transferred to the 12-st. Class. Those entered in the 12-st. Class shall be next paraded, when the Judge shall class out any he considers too heavy or too light, and shall transfer the heavy to 14-st. and the light to 10-st. Class. Those entered for the 10-st. Class shall be paraded, and the Judge shall class out all considered too heavy, and transfer to 14st. or 12-st. Class, as the case may be. Judging will then commence with the 14-st. Class.

No hacks shall be classified after the appointed time unless permission is obtained from the Chief Light Horse Steward.

N.B.:—Hacks which are not paraded for classification will not be eligible to compete.

Please state on entry form the name, colour and correct age of exhibit, also pedigree (if known).

All entrants in saddle and contest sections must state performances of horse or pony on a form. Immediately after the close of entries, the Horse Committee will go through all forms, and from the information supplied will determine which entries will be accepted, and for which animals accommodation will be provided. All entrants will be notified of the Committee's decision, and all fees paid on any entries not accepted will be refunded. The best performed horses shall receive first consideration in respect of exhibition and stall allocation.

Notwithstanding any regulation to the contrary, an exhibit may be entered in one ordinary class in the Saddle Section and one ordinary class in the Harness Section.

DRESSAGE TESTS

OBJECT AND GENERAL PRINCIPLES

The object of Dressage is the harmonious development of the physique and ability of the horse. As a result, it makes the horse calm, supple and keen, thus achieving perfect understanding with its rider.

These qualities are revealed by:

- the freedom and regularity of the paces;
- the harmony, lightness and ease of the movements;
- the lightening of the forehand and the engagement of the hind quarters;
- the horse remaining absolutely straight in any movement along a straight line and bending accordingly when moving on curved lines.

The horse thus gives the impression of doing of his own accord what is required of him. Confident and attentive, he submits generously to the control of his rider.

His walk is regular, free and unconstrained. His trot is free, supple, regular, sustained and active. His canter is united, light and cadenced. His quarters are never inactive or sluggish. They respond to the slightest indication of the rider and thereby give life and spirit to all the rest of his body.

By virtue of a lively impulsion and the suppleness of his joints, free from the paralysing effects of resistance, the horse obeys willingly and without hesitation and responds to the various aids calmly and with precision.

SADDLE SECTION

In all his work, even at the halt, the horse must be on the bit. A horse is said to be "on the bit" when the hocks are correctly placed, the neck is more or less raised according to the extension or collection of the pace, the head remains steadily in position, the contact with the mouth is light and no resistance is offered to the rider.

The position of the horse when "on the bit" depends on the conformation as well as on the degree of training of the horse.

SPECIFIC REQUIREMENTS

HALT. At the halt, the horse, standing square on his four legs and immobile, must be ready to move forward at the least pressure of the rider's legs.

EXTENDED WALK. At the extended walk, the horse should cover as much ground as quickly as possible WITHOUT haste and without breaking. The hindlegs passing clearly beyond the tracks of the forelegs. The rider gives freedom to the head and neck of the horse without, however, losing contact, so as to be able at any moment to make the horse change his pace, his speed, or his direction.

EXTENDED TROT. At the extended trot, the horse extends his action, his neck is stretched, his shoulders vigorously driven on by the haunches, gains ground forward without noticeably increasing height.

ORDINARY WALK. The ordinary walk is a free, regular and unrestrained walk. The horse walks briskly, but with a calm, deliberate and even step, each clearly marked, distinct and equally spaced. The rider keeps a light and steady contact on the reins.

ORDINARY TROT. The ordinary trot is a pace between an extended and a collected trot. The horse goes forward freely and quite straight, engages his haunches which remain very active, pulls gently at the reins with a balanced and even bearing. His strides should be as far as possible equal; the hind legs follow exactly in the tracks of the fore legs.

ORDINARY CANTER. The ordinary canter is a pace between an extended and collected canter. The horse perfectly straight from the poll to the tail, goes freely with a natural balance.

REIN-BACK. The rein-back is the walk backwards of the horse. It is correct when the horse lifts his feet and brings them down in pairs diagonally almost simultaneously, the haunches remaining well in line. The horse walks back step by step, constantly ready, at the wish of the rider, either to halt or to advance without halting.

Comments:

1. All movements in Dressage tests may be progressive unless otherwise stated. It is, therefore, better to put in one or two strides at the walk and get the "move-off" smooth and straight, than to try to break straight into the trot and cause the movement to be rough and crooked.

2. In the extended trot make the horse lengthen his stride and let there be a definite difference between the extended and the ordinary trot. Be careful

to maintain the cadence throughout the transition and the correct bend round the corners. Keep the ordinary trot lively though with shortened strides and the same cadence.

3. Make good wide loops, making sure you go right up to the side line. It is better even to come back a little at the end of each loop as you pass the centre and then change the bend smoothly. Keep the slow trot active.

4. In the halt, the horse must stand absolutely still on all four legs on the track parallel to the long side and remain on the bit. Count six slowly. The horse must move off smoothly, remaining on the bit without throwing up his head.

5. Turn about on the haunches, the inside hind leg being the pivot, the fore legs performing a semi-circle with even strides round this pivot, the outside fore leg moving over and in front of the left. The pivoting leg when raised should be replaced on the same spot; it is a bad fault if it is drawn back. The horse should be flexed in the direction of the turn, but the neck should not be bent. The rider's outside hand should not be carried across the withers. As soon as the turn is completed and the horse parallel to the long side he should proceed at once at the walk. After three or four strides at the walk break into the canter. Here the transition should not be progressive as it definitely lays down that the canter be done from the walk. Be careful to avoid the quarters coming in and the head being bent out or thrown up.

6. Be sure that the circle is round and goes well up to the prescribed dimensions. There should be no variation in the pace. The horse should be flexed in the direction to which he is going and the hind legs follow in the tracks of the fore legs.

A very common fault is that the second half of the circle is flatter than the first; it is better to err in the other direction as if the second half of the circle is flat it makes a more abrupt return to the long side and prevents it from being smooth.

7. Come smoothly away from the short side, make the loops well up to but not beyond the quarter lines and maintain the same bend throughout. The horse should always be bent to the leading leg whether cantering false or true. Be careful not to get on two tracks and be sure to make all three loops the same size.

8. The old canter should be continued to within six feet of the prescribed point and the change produced progressively, i.e., through the trot. There should be at least one stride at the walk and the new canter obtained from the walk not more than six feet beyond the prescribed point. The horse's body must remain straight on the diagonal line throughout.

9. After the salute, the horse must move off with a loose rein straight towards the judges. The aid to turn may be given by a slight contact of the outside rein, the horse then being allowed to walk up the long side with a loose rein.

10. The horse should go freely and actively forward maintaining activity and cadence in all paces, with smooth transitions. Good and steady head and tail carriage, no raising or beating of the head, no tail swishing. Clear four-time walk

SADDLE SECTION

evenly spaced. Springing activity from one diagonal to the other in the trot. Canter definitely three-time and straight.

11. Rider's body should be upright with seat well down in the saddle and should be still, the hands and the legs steady. The hands must always remain on their own side of the horse's neck with the elbows close to the sides and legs should never be in front of the perpendicular. The heels well down even when giving aids and knees turned well into the saddle. All aids should be correct and as invisible as the training of the horse permits.

MUSICAL CHAIRS CONDITIONS

Oil drums (one less than the number of competitors) are placed in the centre of a circle, approximately 50 feet in diameter marked out with stakes or flags or whitewash. Competitors must, when mounted, trot or canter (not walk) around the circle.

Competitors must keep to outside of the circle whilst music is being played.

When the music stops, all competitors dismount and run in to the centre leading their mounts, and sit on the drums. The competitor left without a seat retires, and the same process is continued until the ultimate winner is decided.

As each competitor is eliminated, one drum is removed from the ring.

Competitors may be disqualified for unnecessary roughness. Reins must be joined and of conventional length.

JUMPING

DEFINITIONS, GENERAL RULES AND PENALTIES

OBSTACLE KNOCKED DOWN:

1. An obstacle is considered as having been knocked down when through the fault of the horse, or rider:

(a) Any part, or the whole, of it is knocked down, even when the falling part is arrested in its fall by any other portion of the obstacle.

(b) When at least one of its ends is dislodged from its support.

(c) Any framework intended to maintain the solidity of the obstacle, and forming an integral part of its support falls. Touches and displacements, in whatever direction, do not count.

2. (a) When an obstacle, or part of an obstacle, is composed of several elements placed one on top of the other and in the same vertical plane, the dislodging of the top element alone is penalised.

(b) When an obstacle to be taken in one jump is composed of several elements not fixed in the same vertical plane (oxer, brook, triple bar, water jump or ditch, preceded or followed by another obstacle, etc.), the fall of one or more elements or foot in the water is counted only as one fault, irrespective of the number and position of the elements knocked down.

(c) If an obstacle that has been knocked down does not actually fall until after the horse has left the arena, it will not be penalised.

(d) If any element of an obstacle that has been knocked down prevents the horse from jumping the next obstacle it must be removed. The time required for doing this is deducted from the total time of the round.

(e) All obstacles with water (with the exception of the water jump which is subject to special rules) must be marked by a lath both on the take-off side and on the landing side.

DISOBEDIENCE:

3. The following are considered as disobediences and are penalised as such:

Rectified deviation from the course.

Refusal.

Run-out.

Resistance.

Any form of circle or series of circles, in any part of the course for any reason, except that a horse may circle once or more without penalty to re-take the track after a run-out or a refusal. In a course that is not marked by a continuous line, unless there is any indication to the contrary on the plan or notified by the Jury, any circle (whereby the horse crosses its original track), wherever it may be on the course, is penalised as a disobedience. Approaching an obstacle sideways, or zig-zagging, or turning sharply towards it, do not constitute a disobedience, provided the horse has not passed the obstacle.

DEVIATION FROM THE COURSE:

4. There is a deviation from the course when the horse does not follow the plan for the course as shown on the diagram posted up, as when the rider:

(a) Disregards a flag to indicate the course to be followed.

(b) Does not clear the obstacles in the prescribed order.

(c) Jumps an obstacle outside the course, or misses one on the course.

5. (a) To rectify a deviation from the course the rider must resume the course from the spot where the error was committed.

(b) A deviation from the course rectified before clearing an obstacle is penalised as a disobedience.

(c) A deviation from the course not rectified, or rectified only after taking an obstacle, whether this forms part of the course or not, incurs the penalty of elimination. Officials or others in the arena are never allowed to warn the competitor of his error.

REFUSAL:

(a) A refusal consists of stopping in front of an obstacle to be jumped, whether or not the horse knocks it down or displaces it.

(b) Stopping at an obstacle without knocking it down and without reining back, followed immediately by a standing jump, is not penalised.

(c) If the halt is perceptible, or if the horse steps back even a single pace, voluntarily or not, or retakes the track, a refusal is incurred.

(d) If a horse, having knocked down an obstacle in stopping, jumps this obstacle before it has been re-erected, he is eliminated.

(e) If a horse slides through an obstacle, the officiating judge must decide immediately whether it is to count as a refusal or as an obstacle knocked down. If he decides it is a refusal, the bell is sounded at once and the competitor must retrace his steps and re-jump the obstacle. Should he fail to do so and jumps an obstacle, other than another of the same combination, he is eliminated. Should the Judge decide it was not a refusal, he will not ring the bell and the competitor must continue his round. He is then penalised as for an obstacle knocked down.

(f) The action of showing an obstacle to the horse after a refusal and before resuming the course is penalised by elimination.

RUNNING OUT:

7. It is considered as running-out and the horse must be brought back to jump the obstacle again, failing which he is eliminated, when:

(a) The horse, not being properly under control of his rider, avoids the obstacle he should have jumped.

(b) He jumps the obstacle outside the boundary flags which mark it.

RESISTANCE:

8. It is considered to be a resistance when the horse, wherever he may be, refuses to go forward (stops, runs back, turns round more or less completely, rears, etc.).

All horses are eliminated that:

(a) Resist their riders for a period of sixty consecutive seconds during the round.

JUMPING

(b) Take more than sixty seconds to jump an obstacle, except in the case of a fall.

(c) Have not passed the starting line sixty seconds after being given the signal to start.

FALLS:

9. (a) A rider is considered to have fallen when he is separated from his horse, which has not fallen, in such a way as to necessitate remounting, or vaulting, into the saddle.

(b) A horse is considered to have fallen when the shoulder and quarters have touched either the ground, or the obstacle and the ground.

10. (a) A fall is penalised wherever it takes place within the course and whatever the cause. After a fall the rider must continue the course from the point where he fell, or from any other point, provided he does not reduce the length of the course.

(b) The penalty to be imposed for a fall is set out in Table "A", "B", or "C".

(c) When the horse or rider falls in knocking down an obstacle the penalties for both occurrences are added together. The same applies to a fall following a disobedience.

UNAUTHORISED ASSISTANCE:

11. Any intervention by a third party, whether solicited or not, with the object of facilitating the task of the rider or helping his horse, is unauthorised assistance and is forbidden under penalty of elimination.

The judges have full powers to decide whether the rider will be eliminated or not.

Bringing back a runaway horse after a fall or helping the rider to re-adjust the saddlery, or to remount, is not considered as unauthorised assistance. The course must be re-taken at the exact spot where it was interrupted.

Handing his whip to a rider who has dropped it during the round is unauthorised assistance.

DOUBLE, TREBLE AND MULTIPLE OBSTACLES:

12. A double, treble, or multiple obstacle is one composed of two, three or more fences or parts, and with a maximum inner distance between them of 39 ft. 5 ins. (12 metres), which must be taken in two, three or more successive jumps. The distance is measured from the base of the one fence on the landing side to the base of the next fence on the take-off side.

In double, treble and multiple obstacles, each fence or part of the whole must be jumped separately, on penalty of elimination. When there is a refusal, run-out, or fall, the rider must take the whole obstacle again, or he will be eliminated. Exception is made for completely closed obstacles.

All the faults for mistakes and resistances made at each fence and during the various attempts are counted separately and added together, but should a refusal be due to a fall between two fences it will not be penalised.

BANKS, SLOPES AND RAMPS:

13. Banks, slopes, ramps and sunken roads, irrespective of whether they include any sort of fence and whatever the direction in which

they should be taken, will be regarded as double, treble, multiple or closed obstacles. Each part must be jumped separately and faults will be penalised as for these obstacles.

The Jury must decide before the competition whether the obstacle is to be considered as closed or as a double, treble, or multiple obstacle. This decision must be included on the plan of the course.

14. A bank or platform («butte») without the addition of a fence, or with only one pole, can be taken in a flying jump. This way of jumping does not incur any penalties.

OBSTACLES COMPLETELY CLOSED

15. (a) If an obstacle is completely closed (such as in-and-out, square or hexagonal) the rule for rejumping the whole obstacle does not apply.

(b) In such cases, if the horse leaves the enclosure on the wrong side, he is considered as having jumped an obstacle that is not part of the course and he is eliminated.

(c) If, on the other hand, once in the enclosure, there is a refusal or fall, the rider is obliged to leave the enclosure by jumping out of it in the correct direction. If he is unable to do so within 60 seconds or after several attempts, making in all three refusals during the round, he is eliminated. He has not the right to displace, or cause to be displaced, or to modify any of the elements of the obstacle.

TIME:

(a) Unless otherwise stated in the conditions of the Class the "Time Allowed" for the course will be announced before each event.

(b) THE "TIME LIMIT" IS TWICE THE "TIME ALLOWED".

(c) FAULTS FOR TIME:—FOR EVERY SECOND OR PART OF A SECOND EXCEEDING THE "TIME ALLOWED" ½ FAULT. EXCEEDING THE "TIME LIMIT". ELIMINATED.

JUMPING-OFF:

See conditions of class concerned.

DEFINITION OF JUMPING ARENA:

The Jumping Arena will, when practicable, be entirely enclosed, but if not, will be clearly marked with flags or some other easily recognised indicator. At all times the Trotting Track will be taken as off the Jumping Arena. It will be the responsibility of all competitors to acquaint themselves with the extent of the arena and its markings before competing.

THE COUNCIL RESERVES THE RIGHT TO INTRODUCE A STANDARD AT ANY TIME.

CRUELTY TO HORSES is forbidden either in the arena, exercise area or elsewhere. A competitor found guilty of committing a definite act of cruelty will be disallowed from taking part in any further competitions at the Show where the offence was committed. The decision rests with the Judge and no appeal will be considered.

SECTRONIC BY SMITHS

What is Sectaronic?

Sectaronic is the name given to Smiths new transistorised battery-operated clock movement. It means time without wires or winding. Its many unique features make it the most advanced transistor movement in the world.

What makes Sectaronic unique?

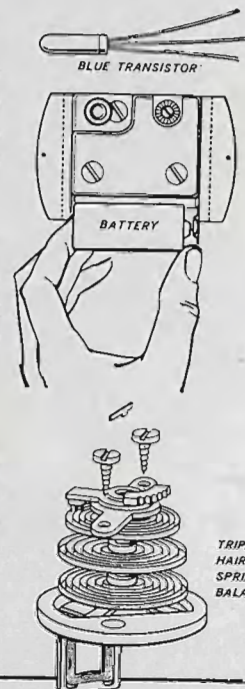

Sectaronic is the only movement to combine transistorised power supply with a featherweight moving coil balance assembly. The result is greater reliability and timekeeping accuracy. Smiths Sectaronic clocks can operate wherever they are placed, and at any angle.

How long does the battery last?

The single 1.5 volt torch battery will give at least 12 months' continuous operation. A special built-in control ensures constant time throughout the entire life of the battery—without the "slow down" common to many battery clocks.

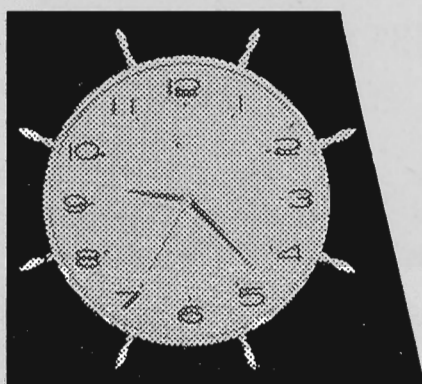

How good a timekeeper is it?

Because the balance assembly is fitted into 2 jewelled bearings and between 2 jewelled end-stones and includes a tiered triple hairspring (see illustration), Sectaronic clocks give long, maintenance-free life and outstanding accuracy. Final adjustment is simple, each graduation representing a change of 6 seconds per day.

Smiths have a range of 20 battery clocks, either wall or mantel models to choose from, and remember—

JUMPING

CLASS

265. THE "COLES STORES" FAULT AND OUT RELAY.

(Teams of two)

F.E.I. Rules.

Speed: 436 yards (400 metres) per minute.

SPECIAL PRIZES, £100 (of which £65 is presented by G. J. COLES & CO. LTD., MELBOURNE).—First prize, £40; Second prize, £25; Third prize, £15; Fourth prize, £10; Fifth prize, £6; Sixth prize, £4.

CONDITIONS

The course will not contain combination obstacles.

Competitors will jump as many obstacles (in the correct order) as possible within 90 seconds, the competitors changing over as many times as there is reason to do so until they are stopped by the clock.

The horse jumping the course when the whistle for time is sounded must then jump the following obstacle. The time will be taken when the horse's forelegs touch the ground; this obstacle does NOT count in classification. If for any reason the rider does not jump the obstacle at which the clock is stopped he is gonged and the clock stopped. The team will then be placed last of those gaining an equal number of points.

In the course of the competition the rider will be always gonged at the first fault committed no matter what this may be. The partner takes over immediately and continues the course. If it was a jumping fault, the partner takes over the round and jumps the obstacle following that where the fault was incurred.

If the fault was a disobedience, the partner takes over the round and must jump the obstacle where the disobedience occurred.

Notwithstanding the conditions above, if a rider completes one circuit of the course without fault, the other member of the team MUST take over the jumping. The competition then proceeds in accordance with the conditions as previously detailed. In this competition, two points will be awarded for each obstacle jumped clear and one point for each obstacle knocked down.

In the case of equality of time and points there is a compulsory jump-off for first place only, over the same or a reduced course.

Owners will be allowed to pair and in the event of a pair separately owned winning, the prize will be divided.

For horses and galloways over 14.2 hands.

No rider may ride more than two horses.
