CONDITIONS OF ENTRY

Entries will only be received subject to the rules and regulations of the Society and the decisions of the Council. All exhibits must be the bona fide property of the exhibitor or held by the exhibitor under a written lease recognised by the Society at the time of entry.

Entries are accepted on the distinct understanding that stock may not be removed from the Show Grounds until after 11 p.m. on Saturday, 27th September.

Unless authorised by the Society no live stock will be permitted to enter the Grounds other than those entered for exhibition.

No exhibit may be entered in more than one ordinary class unless otherwise stated at the head of the section. Sweepstakes, special classes or championship prizes do not count as ordinary classes. Throughout the schedule special classes are denoted with a star (*). Should an exhibit be incorrectly entered in more than one ordinary class such exhibit shall be deemed ineligible to compete in any class other than the first in which its name or particulars appear in the Show Catalogue.

The Council reserves the right to reject at any time any entry or prohibit any person or animal from competing in any class.

When a Special Prize is not in a numbered class, a separate entry is not required. No entry can be changed after entries close.

All entries must be made in writing on forms supplied by the Society. Entries for Horse and Contest Sections, except Trotting, must be in the hands of the Director, at his office, Show Grounds, Epsom Road, Ascot Vale, 3032, on or before Wednesday, 18th June, at 4.30 p.m. Entry fee must accompany each entry. Performance forms for all horses, galloways or ponies (except Clydesdales and Farm and Lorry Horses) must also accompany the entry form.

EVERY ANIMAL ENTERED MUST BE EXHIBITED UNLESS A CERTIFICATE SIGNED BY THE OWNER IS LODGED WITH THE SOCIETY PRIOR TO THE DATE OF THE SHOW, STATING THAT THE ANIMAL IS UNABLE TO COMPETE ON ONE OF THE FOLLOWING GROUNDS:

- (i) THE ANIMAL HAS DIED.
- (ii) THE ANIMAL IS UNFIT FOR EXHIBITION DUE TO INJURY OR DISEASE.
- (iii) THE ANIMAL HAS BECOME INELIGIBLE FOR THE CLASS ENTERED.
- (iv) SOME OTHER CAUSE WHICH THE COUNCIL OR DIRECTOR OF THE SOCIETY CONSIDERS REASONABLE.

FAILURE TO COMPLY WITH THIS RULE RENDERS THE OWNER OR ENTRANT LIABLE TO A FINE OF NOT MORE THAN \$10 FOR EVERY ANIMAL NOT EXHIBITED AND IN ADDITION THE COUNCIL MAY DEBAR THE OWNER OR EXHIBITOR FROM TAKING PART IN ANY FURTHER EXHIBITION CONDUCTED BY THE SOCIETY.

All exhibits must be placed where directed by the Director or his deputy, and (except live stock, in accordance with Regulation 18) must not be removed from their Classes during the Exhibition without the written consent of the Director being first obtained.

INSPECTION OF STOCK

Exhibitors in the Stock Sections shall, if requested by the Steward-in-Chief of the Section or by the Director or his agent, submit his exhibits, in whole or part, for inspection by a Veterinarian or Veterinarians appointed by the Society.

All male animals competing in the breeding classes must be completely entire. Any male animal in the breeding classes not deemed to be completely entire by the Society's Veterinary Surgeon may not compete. Any marks of speying on females shall disqualify them from competing in such classes.

Exhibits of horses which, in the opinion of the Society, are not in reasonable Show condition, shall be removed from the grounds.

Failure to comply with this rule shall render the exhibitor liable to a fine not exceeding \$10 for each separate offence.

No advertisement of notice (except by permission of the Council) is permitted on or in any stall or building.

SURCHARGE

A surcharge of 10 cents per horse shall be imposed on all horses, galloways and ponies entered in Sections 9 and/or 11.

This surcharge, which must be remitted with the entry fees, shall be paid into the Overseas Team Fund of the Equestrian Federation of Australia.

AGE OF EXHIBITS

The breeding year dates from 1st August in each year.

The Society's Veterinary Surgeon's decision regarding age shall be final.

MARES (in Foal)

Any prize awarded to a mare exhibited as being in foal may be withheld until the production of a certificate that she has produced a foal after the exhibition and previous to the 1st January next ensuing.

STALLIONS—Government Certification and Registration

Stallions three years old and over exhibited from States other than Victoria need not be registered under the Act, but must be examined and passed by a Government Veterinary Officer in respect of both soundness and type, except registered Clydesdales carrying a current certificate of soundness issued in South Australia which will be accepted for exhibition purposes on production of this certificate.

All Stallions three years old and over, owned in Victoria, must be registered as required by the provisions of the Horse Breeding (Victoria) Act 1928.

HORSES

VETERINARY EXAMINATION

All Stallions and Mares three years old and over entered in Sections 1 to 7 (except Farm and Lorry Horses in Section 2) must be examined by a Government Veterinary Officer and if passed, have their neck numbers stamped "Pass to Ring" before entering the judging ring. No appeal against a Government Veterinary Officer's decision will be entertained.

Stallions and Mares will be examined by Government Veterinary Surgeons on the Show Grounds commencing on Wednesday, 17th September, at 10 a.m.

HEIGHT

Where height is stipulated, horses and ponies must be measured, and an exhibit over or under the specified measurement may be transferred to its correct class. The official measurer will be in attendance on the Grounds on Tuesday, 16th, and Wednesday, 17th September, at 10 a.m., on Thursday, 18th September, at 8 a.m., and on each remaining day of the Show from 9.30 a.m. to 10 a.m., and the neck numbers of horses and ponies must be endorsed by the measurer.

When measuring a horse, galloway or pony an allowance of half ($\frac{1}{2}$) of an inch for shoes may be made at the discretion of the Measurer. Should an exhibit be measured with shoes on and the exhibitor disagree with the Official Measurer's decision as to the height of the animal, he may, should he desire, have it re-measured without shoes. The Official Measurer may, in his discretion, request the removal of shoes from any horse, galloway, or pony, prior to measurement.

If the judge entertains a doubt as to the correctness of a height certificate, he has the power to order the exhibit to be re-measured. In such case the Steward shall accompany the exhibit to the Measurer's Stand and supervise the re-measuring.

Any exhibitor who supplies wrong information on entry or performance form will render himself liable to disqualification.

ENTRY TICKETS

Entry tickets will be issued about a week before the Show opens. The entry ticket of each exhibit shall state the number of its box, stall, pen or stand, as the case may be, which shall correspond with its number in the official catalogue, and if the box, stall or pen be not occupied by such exhibit by noon on the first day of the Show, the accommodation reverts to the Society. The entry ticket must be produced at the gate, when it will admit the exhibit and attendant to the grounds. It must be retained, and again produced when the exhibit leaves the yards. Attendants' passes will be issued by the Superintendent at the Show Grounds.

PERIOD OF EXHIBITION

All horses and ponies entered in Sections 1 to 10 inclusive are required to be at the grounds from 9 a.m. on Thursday, 18th September, until 11 p.m. on Saturday, 27th September, unless otherwise specified.

The upper portion of horse boxes outside the pavilion must remain open during those hours. Exhibitors will be liable to a fine of one dollar for every infringement of this regulation.

Entry fees paid in respect of nominations not accepted shall be refunded.

Exhibitors are advised to study the time table, showing times at which judging in the various Classes is to be commenced. Judging in any Class will not commence before the time specified. No warning will be given, and any competitor not present when the Judge is ready to commence will miss the opportunity to compete.

Horses are not permitted to enter the Judging Ring if fitted with bearing reins.

Any exhibitor who shall, without due cause, fail to parade any animal before the Judge when required so to do by the Steward of the Section, shall be reported to and dealt with by Council.

LAMENESS

ACUTE OR CHRONIC—
there's a RADIOL remedy for it!

No single liniment can be expected to treat all conditions of lameness but the use of Radiol or B-R (Bone-Radiol), according to the severity of the complaint, is the most effective treatment after the case has been correctly diagnosed. To be sure you use the right one, write for the new "Radiol Handbook", free on request from the Agents.

Radiol. For all acute conditions of lameness—soft swelling and inflammation apply Radiol. Price \$2.25.

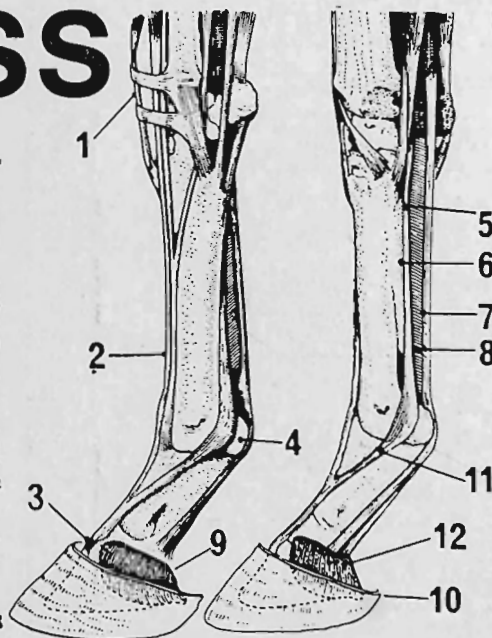

B-R Liniment is highly concentrated and is for the treatment of chronic conditions—ringbones, splints, spavins—and other forms of persistent lameness. Price \$2.25.

Radiol products are available from your usual veterinary supplier or direct from the Agents:

DRESSAGE

DRESSAGE TESTS

OBJECT AND GENERAL PRINCIPLES

The object of Dressage is the harmonious development of the physique and ability of the horse. As a result, it makes the horse calm, supple and keen, thus achieving perfect understanding with its rider.

These qualities are revealed by:

- the freedom and regularity of the paces;
- the harmony, lightness and ease of the movements;
- the lightening of the forehand and the engagement of the hind quarters;
- the horse remaining absolutely straight in any movement along a straight line and bending accordingly when moving on curved lines.

The horse thus gives the impression of doing of his own accord what is required of him. Confident and attentive, he submits generously to the control of his rider.

His walk is regular, free and unconstrained. His trot is free, supple, regular, sustained and active. His canter is united, light and cadenced. His quarters are never inactive or sluggish. They respond to the slightest indication of the rider and thereby give life and spirit to all the rest of his body.

By virtue of a lively impulsion and the suppleness of his joints, free from the paralysing effects of resistance, the horse obeys willingly and without hesitation and responds to the various aids calmly and with precision.

In all his work, even at the halt, the horse must be on the bit. A horse is said to be "on the bit" when the hocks are correctly placed, the neck is more or less raised according to the extension or collection of the pace, the head remains steadily in position, the contact with the mouth is light and no resistance is offered to the rider.

The position of the horse when "on the bit" depends on the conformation as well as on the degree of training of the horse.

SPECIFIC REQUIREMENTS

HALT. At the halt, the horse, standing square on his four legs and immobile, must be ready to move forward at the least pressure of the rider's legs.

EXTENDED WALK. At the extended walk, the horse should cover as much ground as quickly as possible WITHOUT haste and without breaking. The hindlegs passing clearly beyond the tracks of the forelegs. The rider gives freedom to the head and neck of the horse without, however, losing contact, so as to be able at any moment to make the horse change his pace, his speed, or his direction.

EXTENDED TROT. At the extended trot, the horse extends his action, his neck is stretched, his shoulders vigorously driven on by the haunches, gains ground forward without noticeably increasing height.

ORDINARY WALK. The ordinary walk is a free, regular and unrestrained walk. The horse walks briskly, but with a calm, deliberate and even step, each clearly marked, distinct and equally spaced. The rider keeps a light and steady contact on the reins.

ORDINARY TROT. The ordinary trot is a pace between an extended and a collected trot. The horse goes forward freely and quite straight, engages his haunches which remain very active pulls gently at the reins with a balanced and even bearing. His strides should be as far as possible equal; the hind legs follow exactly in the tracks of the fore legs.

ORDINARY CANTER. The ordinary canter is a pace between an extended and collected canter. The horse perfectly straight from the poll to the tail, goes freely with a natural balance.

REIN-BACK. The rein-back is the walk backwards of the horse. It is correct when the horse lifts his feet and brings them down in pairs diagonally almost simultaneously, the haunches remaining well in line. The horse walks back step by step, constantly ready, at the wish of the rider, either to halt or to advance without halting.

Comments:

1. All movements in Dressage tests may be progressive unless otherwise stated. It is, therefore, better to put in one or two strides at the walk and get the "move-off" smooth and straight, than to try to break straight into the trot and cause the movement to be rough and crooked.

2. In the extended trot make the horse lengthen his stride and let there be a definite difference between the extended and the ordinary trot. Be careful

DRESSAGE

to maintain the cadence throughout the transition and the correct bend round the corners. Keep the ordinary trot lively though with shortened strides and the same cadence.

3. Make good wide loops, making sure you go right up to the side line. It is better even to come back a little at the end of each loop as you pass the centre and then change the bend smoothly. Keep the slow trot active.

4. In the halt, the horse must stand absolutely still on all four legs on the track parallel to the long side and remain on the bit. Count six slowly. The horse must move off smoothly, remaining on the bit without throwing up his head.

5. Half-pirouette. — This is the half-turn on the haunches. The forehand commences the half-turn tracing a half-circle round the haunches, without pausing, at the moment the inside hind leg ceases its forward movement. The horse moves forward again, without a pause, upon completion of the half-turn.

During this movement the horse should maintain his impulsion and should never in the slightest move backwards or deviate sideways. It is necessary that the inside hind leg, while forming the pivot, should return to the same spot each time it leaves the ground.

Pirouette. — This movement is a small circle on two tracks, with a radius equal to the length of the horse, the forehand moving round the haunches.

At whatever pace the pirouette is executed, the horse should turn smoothly, maintaining the exact cadence and sequence of legs of that pace.

At the pirouette, as at the half-pirouette, the forelegs and the outside hind leg move round the inside hind leg, which forms the pivot and should return to the same spot each time it leaves the ground. If, at the canter, this leg is not raised and returned to the ground in the same way as the other hind leg, the pace is no longer regular.

In executing the pirouette, the rider should maintain perfect lightness while accentuating the collection and the engagement of the quarters.

The quality of the pirouette is appreciated according to the regularity of the pace, its suppleness and cadence, the unobtrusiveness of the rider's aids, and the position and contact of the horse during and after the execution of the movement.

Pirouettes and half-pirouettes can be carried out at all paces.

6. Be sure that the circle is round and goes well up to the prescribed dimensions. There should be no variation in the pace. The horse should be flexed in the direction to which he is going and the hind legs follow in the tracks of the fore legs.

A very common fault is that the second half of the circle is flatter than the first; it is better to err in the other direction as if the second half of the circle is flat it makes a more abrupt return to the long side and prevents it from being smooth.

7. Come smoothly away from the short side, make the loops well up to but not beyond the quarter lines and maintain the same bend throughout. The horse should always be bent to the leading leg whether cantering false or true. Be careful not to get on two tracks and be sure to make all three loops the same size.

8. The old canter should be continued to within six feet of the prescribed point and the change

produced progressively, i.e., through the trot. There should be at least one stride at the walk and the new canter obtained from the walk not more than six feet beyond the prescribed point. The horse's body must remain straight on the diagonal line throughout.

9. After the salute, the horse must move off with a loose rein straight towards the judges. The aid to turn may be given by a slight contact of the outside rein, the horse then being allowed to walk up the long side with a loose rein.

10. The horse should go freely and actively forward maintaining activity and cadence in all paces, with smooth transitions. Good and steady head and tail carriage, no raising or beating of the head, no tail swishing. Clear four-time walk evenly spaced. Springing activity from one diagonal to the other in the trot. Canter definitely three-time and straight.

11. Rider's body should be upright with seat well down in the saddle and should be still, the hands and the legs steady. The hands must always remain on their own side of the horse's neck with the elbows close to the sides and legs should never be in front of the perpendicular. The heels well down even when giving aids and knees turned well into the saddle. All aids should be correct and as invisible as the training of the horse permits.
