289. THE "McEWANS" TOP SCORE STAKES.

F.E.I. Rules.

SPECIAL PRIZES, \$160 (which is presented by JAMES McEWAN & CO. PTY. LTD., BOURKE STREET, MELBOURNE).—First prize, \$70; Second prize, \$42; Third prize, \$24; Fourth prize, \$16; Fifth prize, \$8.

For horses and galloways over 14.2 hands.

The course will consist of twelve obstacles. Each obstacle is allotted a number of points according to its difficulty, namely, six obstacles valued respectively 100, 90, 80, 70, 60 and 50 points and two sets of obstacles valued respectively 40 and 30, and one obstacle at 20 and one at 10 points.

Each rider is allowed 60 seconds for the course. The obstacle valued at 10 points is designated as the first obstacle and must be jumped in the direction indicated. Thereafter the competitor may jump any obstacle in any order or direction in the time of 60 seconds which begins from the moment when the horse crosses the start line.

A bell will indicate the end of the time allowed. An obstacle will not be considered as having been jumped and points scored until the horse's forelegs touch the ground on landing, within the expiry of the time allowed when the bell will be sounded.

Each obstacle may be jumped twice only for scoring purposes. The jumping of an obstacle for the third time does not entail elimination of the rider concerned; however no points are gained for doing so.

An obstacle refused does not have to be jumped. If, after the refusal the rider wishes to jump this obstacle he is free to do so. If

by his refusal he has knocked down the obstacle he must at once proceed to another obstacle. The obstacle will not be rebuilt during the round. There is no elimination for three refusals; these are penalised automatically by loss of time.

The rider gaining the most points is winner of this competition. In case of equality of points, for first place only, there will be a single jump-off according to the same formula with time limited to 40 seconds.

The horse jumping the course when the time is sounded must then jump the following obstacle. The time will be taken when the horse's forelegs touch the ground; this obstacle does NOT count in classification. If for any reason the rider does not jump the obstacle at which the clock is stopped he is gonged and the clock stopped. The team will then be placed last of those gaining an equal number of points.

In the course of the competition the rider will be always gonged at the first fault committed no matter what this may be. The partner takes over immediately and continues the course. If it was a jumping fault, the partner takes over the round and jumps the obstacle following that where the fault was incurred.

JUMPING

If the fault was a disobedience, the partner takes over the round and must jump the obstacle where the disobedience occurred. Notwithstanding the conditions above, if a rider completes one circuit of the course without fault, the other member of the team MUST take over the jumping. The competition then proceeds in accordance with the conditions as previously detailed.

CLASSIFICATION:

In this competition, two points will be awarded for each obstacle jumped clear and one point for each obstacle knocked down.

From the total number of points scored by a team the following are deducted: 1 point for the first disobedience (or fall); 2 points for the second disobedience (or fall); 2 points for the third disobedience (or fall). The fourth disobedience entails elimination of the team.

In the case of equality of time and points there is a compulsory jump-off for first place only, over the same or a reduced course.

For horses and galloways over 14.2 hands. Entry fee (per single entry): \$7; R.A.S. of V. Members, \$5.

SPECIAL PRIZES, \$250 (presented by THE NATIONAL BANK OF AUSTRALASIA LTD., 271 COLLINS STREET, MELBOURNE).—First, \$120; Second, \$80; Third, \$50.

This contest will be restricted to teams of four horses over 14.2 hands and riders from each State of the Commonwealth of Australia, the Dominion of New Zealand or any country within the British Commonwealth of Nations. Should a team be able to produce only three riders the team captain must enter only three horses and riders. Each State, Dominion or Country will be limited to a maximum of two teams each. In the event of teams from four or more States, Dominions or Countries being nominated, one team only from each State, Dominion or Country will be eligible to compete. Teams will be selected by their respective State Branches of the E.F.A or their National Federation from horses already nominated and which have competed in jumping events in Group "A". One reserve horse and rider for each team may also be nominated. The reserve horse can only take part if one of the four horses is ill or the victim of an accident and this is confirmed by the official Veterinary Surgeon at least thirty minutes before the start of the competition. The reserve horse must be ridden by the rider of the horse which is ill or injured. Once a final selection of riders and horses has been submitted to the Director no substitution will be allowed even from reserve horses and riders except on production of an approved medical or veterinary certificate as the case may be.

Riders may ride in one team only and may ride only one horse in that team. In the case of a State, Dominion or Country nominating more than one team they are required to be nominated as the State, Dominion or Country's "A" and "B" team. No rider may be nominated for any State, Dominion or Country other than that in which he or she is resident and no horse may be nominated for any State, Dominion or Country except that in which its nominator is resident. The committee may in its absolute discretion accept the nomination of a composite team from States, Dominions or Countries provided that such team does not consist of more than 50% of horses and/or riders from any one State, Dominion or Country. Nominations must be submitted to the Director in writing not later than 6 p.m. on the day preceding the day on which the event is scheduled to be contested.

Each team is required to jump two distinct rounds over the same course at a rate of 400 metres per minute. To be tried over a course as stipulated by the Committee.

The classification of the teams is established by totalling the faults over the jumps and those for time incurred by the three best horses of each team in each round. If, for any reason, a competitor does not finish the course at any stage of the competition the team is not thereby eliminated, but can continue. But each horse eliminated or withdrawn during a round is penalised by 20 faults added to the faults incurred by the competitor belonging to any team who has the most faults over the same course during the same round. The actual faults made by the horse that was stopped do not count; they are replaced by those of the horse which had the worst round, unless he himself had the most faults, in spite of having been eliminated or withdrawn.

In the case of a State, Dominion or Country nominating more than one team they are required to be nominated as the State, Dominion or Country's "A" and "B" team. No rider may be nominated for any State, Dominion or Country other than that in which he or she is resident and no horse may be nominated for any State, Dominion or Country except that in which its nominator is resident. The committee may in its absolute discretion accept the nomination of a composite team from States, Dominions or Countries provided that such team does not consist of more than 50% of horses and/or riders from any one State, Dominion or Country. Nominations must be submitted to the Director in writing not later than 6 p.m. on the day preceding the day on which the event is scheduled to be contested.

Each team is required to jump two distinct rounds over the same course at a rate of 400 metres per minute. To be tried over a course as stipulated by the Committee.

The classification of the teams is established by totalling the faults over the jumps and those for time incurred by the three best horses of each team in each round. If, for any reason, a competitor does not finish the course at any stage of the competition the team is not thereby eliminated, but can continue. But each horse eliminated or withdrawn during a round is penalised by 20 faults added to the faults incurred by the competitor belonging to any team who has the most faults over the same course during the same round. The actual faults made by the horse that was stopped do not count; they are replaced by those of the horse which had the worst round, unless he himself had the most faults, in spite of having been eliminated or withdrawn.
