CONDITIONS

This is a timed competition and takes place over medium-sized obstacles. Combination obstacles are not permitted. The course should provide a number of changes of direction, in order that it may be a test of handiness and obedience as well as jumping. In this Competition, each Competitor will jump the course in the correct order for one minute and will gain three points for each obstacle jumped clear and one point for any obstacle knocked down. An obstacle is not considered to have been jumped until the horse's fore feet have touched the ground on landing. Refusals up to three will only be penalised by time, the third refusal eliminates. The winner will be the one with the greatest number of points and, in the event of equality of points, time decides. When the time limit is reached, the bell will be sounded and the competitor must go through the Finish from either direction. If a Competitor takes the wrong course, he/she will be eliminated. If there are Competitors tying for the number of points and for time for first place and the Judge decides that a jump-off must be held, it will be over

a shortened course. Ties for lower awards will divide the prize money.

303. THE "COLES STORES" FAULT AND OUT RELAY. (Teams of two.)

F.E.I. Rules.

Speed: 400 metres per minute.

SPECIAL PRIZES: \$200 (which is presented by G. J. COLES & CO. LTD., MELBOURNE).—First prize, \$80; Second prize, \$50; Third prize, \$30; Fourth prize, \$20; Fifth prize, \$12; Sixth prize, \$8.

CONDITIONS

Owners are permitted to pair, and pairs must be declared to the jumping stewards (at the ring stewards box) one hour before event is scheduled to commence, after which the draw will be posted. In the event of a pair separately owned winning, the prize will be shared. The course will not contain combination obstacles.

Competitors will jump as many obstacles (in the correct order) as possible within 90 seconds, the competitors changing over as many times as there is reason to do so until they are stopped by the clock.

The horse jumping the course when the time is sounded must then jump the following obstacle. The time will be taken when the horse's forelegs touch the ground; this obstacle does NOT count in classification. If for any reason the rider does not jump the obstacle at which the clock is stopped he is gonged and the clock stopped. The team will then be placed last of those gaining an equal number of points.

In the course of the competition the rider will be always gonged at the first fault committed no matter what this may be. The partner takes over immediately and continues the course. If it was a jumping fault, the partner takes over the round and jumps the obstacle following that where the fault was incurred.

If the fault was a disobedience, the partner takes over the round and must jump the obstacle where the disobedience occurred.

Notwithstanding the conditions above, if a rider completes one circuit of the course without fault, the other member of the team MUST take over the jumping. The competition then proceeds in accordance with the conditions as previously detailed.

CLASSIFICATION:

In this competition, two points will be awarded for each obstacle jumped clear and one point for each obstacle knocked down.

From the total number of points scored by a team the following are deducted: 1 point for the first disobedience (or fall); 2 points for the second disobedience (or fall); 2 points for the third disobedience (or fall). The fourth disobedience entails elimination of the team.

A $\frac{1}{4}$ of a point is deducted for every commenced second exceeding the time limit.

In the case of equality of time and points there is a compulsory jump-off for first place only, over the same or a reduced course.

The classification of the teams is established by totalling the faults over the jumps and those for time incurred by the three best horses of each team in each round. If, for any reason, a competitor does not finish the course at any stage of the competition the team is not thereby eliminated, but can continue. But each horse eliminated or withdrawn during a round is penalised by 20 faults added to the faults incurred by the competitor belonging to any team who has the most faults over the same course during the same round. The actual faults made by the horse that was stopped do not count; they are replaced by those of the horse which had the worst round, unless he himself had the most faults, in spite of having been eliminated or withdrawn.

The prize money will be divided among the owners of the horses in the winning teams. Riders must be 15 years of age or over on the first day of the Show. Should a team win this contest after its third horse has completed its second round then the fourth horse may be withdrawn. The order in which the horses compete will be decided by lot. The captain of each team then decides the order in which he wants his riders to start. All those numbered one go first, then all those numbered two, and so on.

All the horses in the team may take part in the jump-off, if there is one. In case of equality for first place, the time of the three best horses of each team in this jump-off decides.

The Committee reserves the right to invite riders from overseas countries not specifically mentioned herein to take part in this contest either as a team or as a member/or members of a composite team.

The reserve horse can only take part if one of the four horses is ill or the victim of an accident and this is confirmed by the official Veterinary Surgeon at least thirty minutes before the start of the competition. The reserve horse must be ridden by the rider of the horse which is ill or injured. Once a final selection of riders and horses has been submitted to the Director no substitution will be allowed even from reserve horses and riders except on production of an approved medical or veterinary certificate as the case may be.

Riders may ride in one team only and may ride only one horse in that team. In the case of a State, Dominion or Country nominating more than one team they are required to be nominated as the State, Dominion or Country's "A" and "B" team. No rider may be nominated for any State, Dominion or Country other than that in which he or she is resident and no horse may be nominated for any State, Dominion or Country except that in which its nominator is resident. The committee may in its absolute discretion accept the nomination of a composite team from States, Dominions or Countries provided that such team does not consist of more than 50% of horses and/or riders from any one State, Dominion or Country. Nominations must be submitted to the Director in writing not later than 6 p.m. on the day preceding the day on which the event is scheduled to be contested.

Each team is required to jump two distinct rounds over the same course at a rate of 400 metres per minute. To be tried over a course as stipulated by the Committee.
