We've got a bright, value-packed CBC showbag, at two convenient display stands—at our main office in the Administration Building, and at Cliff Stand. Come in and see us. And while you're there we'll show you some pretty good ideas to make money. For instance, higher interest on ordinary pass-book Savings Accounts. At CBC we pay 4% p.a. and 5% p.a. on that part of balance over \$2,000.

On CBC Interest Bearing Deposits we pay up to 9½ % p.a.

Need more convincing?

How about CBC Cheque Accounts—with our exclusive charging system designed to save money for active cheque account users.

These are just a couple of ideas. Bring the kids along and see us while you're at the show—and let's give you a lot more ideas for the family.

# CHOOSE YOUR TYRE!

Wherever you drive, Olympic has the  
right Steel-belted radial for you.

## 3 'STEELFLEX' OLYMPIANS

'Olympic Steelflex' 70  
(Speed Rating 'H' : 130 mph/210 kph)

'Olympic Steelflex' 78  
(Speed Rating 'S' : 113 mph/180 kph)

'Olympic Steelflex' 80  
(Speed Rating 'S' : 113 mph/180 kph)

Olympic offers you the biggest choice of steel-belted radials specifically designed for Australian roads. Each tyre gives outstanding mileage and performance — wet road or dry. The secret lies beneath the tread where twin belts of **steel** combine to hold the grooves **open**. This reduces tread

'squirm', a major cause of excess wear. At the same time, it helps give better traction, steering, cornering and braking.

Your Olympic Tyre dealer can show you the right 'Steelflex' Tyre for your car. Visit him soon. Available from Beaurepaire Tyre Service Centres or wherever you see the Olympic sign.

## "GOOD HANDS" COMPETITIONS

## CLASS

## 298. THE "GOOD HANDS" CHALLENGE TROPHY FOR GIRLS.

156 Presented by Mrs. HAROLD BARTRAM for competition in perpetuity at the Royal Melbourne Show.

## 299. THE "GOOD HANDS" CHALLENGE TROPHY FOR BOYS.

764 Presented by Mrs. HAROLD BARTRAM for competition in perpetuity at the Royal Melbourne Show.

## QUALIFYING COMPETITIONS.

1. Any Gymkhana affiliated with the Equestrian Federation of Australia (Victorian Branch) and each Country Agricultural Society in Victoria is invited to co-operate in qualifying competitions for these trophies, by providing annually riding competitions for competitors 12 years and under 15 years of age on the day of its show.

IT IS COMPULSORY FOR COMPETITORS TO RIDE USING AN ORDINARY SNAFFLE (i.e. a plain snaffle with a straight bar or jointed in the centre. The mouthpiece must be smooth).

2. Each Society conducting qualifying competitions is required to notify the Royal Agricultural Society of Victoria of the names and addresses of the winners and "runners-up", so that if it is found that, for any reason, the winners were ineligible, an opportunity may be given the "runners-up" to compete in the Championship Competitions.

3. Such competitions to be named "The Good Hands Qualifying Riding Competitions," and the Royal Agricultural Society of Victoria to provide suitable certificates for presentation to the winners.

4. The holder of a R.A.S. Qualifying Certificate, won in the same year, shall not be eligible to compete.

5. The competitors shall be judged solely on their riding ability — mount, saddlery or costume will not be taken into account, but special attention will be paid to hands and seat, general management and control of the horse or pony.

## CHAMPIONSHIP COMPETITION

6. Only holders of qualifying certificates won during the preceding twelve months will be eligible to compete for the Challenge Trophies at the Royal Melbourne Show. No entry fee will be charged.

7. The Championship Competition shall be judged on the same basis as the qualifying competitions, but the Judge, before finally making his award, shall require his six finalists to execute a figure 8 at a canter, ride away from the Judge, return at a slow canter, stop at the Judge's signal and back, all six using the mount or mounts selected by the Society. (See regulation regarding saddlery in 1).

8. Eligible competitors are accepted on the condition that they will be prepared to provide the selected mount.

9. The names of the winners will be engraved on the Challenge Trophies.

10. Suitably inscribed Championship Sashes will be presented to each successive winner of the Challenge Trophies.

## RIDING COMPETITIONS—NOVELTY EVENTS

11. The winners of the Challenge Trophies will be eligible to compete in future years, subject to age.

12. The Council of the Royal Agricultural Society of Victoria may, at its discretion, vary the conditions governing the qualifying and Championship Competitions.

13. All entries must be lodged with the Society by 5 p.m. on Wednesday, 17th September. Note: Winners of Good Hands Championship Competitions are ineligible to compete in Consolation Riding Competitions.

COMPETITORS IN FLAG AND BENDING RACES MUST WEAR HARD HATS.

Competitors crossing the line of another competitor will be disqualified.

No competitor shall ride more than one animal in the same event.

The same mount may not be used by more than one competitor.

Stewards will arrange heats prior to the events and competitors must compete in the heats as drawn.

**A Special Prize of \$10 shall be awarded for Best Turned Out Competitor in Classes 300 to 320 inclusive, taking into consideration — Correctness of Dress; General Behaviour; General Appearance of Rider and Pony.**

## DRESS

All competitors must wear white shirts and jodhpurs or white shirt, breeches and boots. Ties must be worn in cool weather. Riding boots must be worn in all events other than those which incur foot running by the competitors. Gymnasium boots or sand shoes are allowed for these events, but crepe or ripple soled shoes are banned (for safety's sake), in all events.

ENTRY FEES: \$5; R.A.S. of V. Members, \$3.

PRIZES: \$30, \$20, \$10 (unless otherwise stated).

## FLAG RACE CONDITIONS

Four barrels to be placed in a straight line 10 yards apart, the outside barrels at least 10 yards from the nearest fence or obstacle.

Flags to be placed nine yards (27 ft.) apart in straight rows of six (6). Each row to be 10 yards apart.

First flag to be nine yards from the barrel. Each measured position of blocks and barrels to be marked with substance provided. Blocks to be placed on appropriate spots, with rods in place in drilled holes.

## RULES FOR FLAG RACE COMPETITION

1. Competitors to start on left hand side of barrel and turn their horses on the right (off side) rein.
2. Competitors must place each flag in the barrel before the next flag is picked up. The farthest flag should be picked up first. If missed, competitor may pick up another flag on the way back to the barrel, but must return to the first flag next time.
3. Horses will start on left side of barrel and will finish immediately the competitor places the last (6th) flag in the barrel and horse crosses the finish line.
4. (a) A competitor may use the full distance between lanes, but will be disqualified for crossing another competitor's row of flags.  
(b) Competitors who knock down another competitor's flags or barrel will be disqualified and must withdraw immediately.  
(c) If a competitor's flag or barrel is knocked down by another competitor, these must be immediately placed upright by the lane stewards. If the stewards have insufficient time to do so, and the competitor had a good chance of being placed first, the Judge shall decide whether to allow him another start in a heat or put him into the semi-final or final, as the case may be.  
(d) If there are less than four (4) starters in a heat, the vacant row of flags must be left in position, and the competitor in the adjoining row must not cross over these.  
(e) If a competitor is disqualified for breaking this rule, that competitor should retire from the course without causing further interference to the other competitors.
5. (a) If a competitor knocks over his or her own barrel, it must be placed upright by said competitor before any more flags are placed in it.  
(b) If the flags that were already in the barrel fall out when the barrel is knocked over, they may be placed back in by the competitor without having to remount.  
(c) If a competitor drops a flag or knocks down his or her barrel, that competitor may not use any outside assistance or property of the event to (1) pick up flag; (2) replace barrel; or (3) remount horse.  
(d) All flags must be placed in the barrel with the competitor mounted. If a competitor can pick up a dropped flag without dismounting, he may do so, but if not, they must dismount and pick up the flag, mount, and place it in the barrel.
6. (a) If a competitor's flag stick breaks, one broken piece may be placed in the barrel and counted as a complete flag.  
(b) If the flag material comes apart from the stick, the broken stick rule will apply, and the flag material may be placed in the barrel and counted as a flag.

## NOVELTY EVENTS

7. If a flag lands horizontally on top of the barrel, it shall be judged out of the barrel, and must be placed in same by the competitor, but if any portion of the flag stick, except the material, is inside the barrel, although it may be protruding at an acute angle, it shall be judged in and not need to be touched by the competitor. However, if that competitor tries to rectify the position and the flag falls out before the last competitor has completed the course or retired, that flag shall be judged out, and the course incomplete.
8. After a flag race is finished, the judge must inspect the barrels and make sure that all six (6) flags have been placed in each barrel. If any flags are found to be out, that competitor will be disqualified or given the chance to complete the course if the placings depend on that course being completed.
9. Competitors in outside lanes will be disqualified if they exceed the distance allotted between lanes.

## DEFINITIONS, GENERAL RULES AND PENALTIES

## OBSTACLE KNOCKED DOWN

1. An obstacle is considered to have been knocked down when, through a mistake of the horse or rider:

- (a) the whole, or any part or element of it is knocked down or dislodged even should the falling part be arrested in its fall by any other portion of the obstacle;
- (b) when at least one of the ends of a horizontal element is dislodged from its support;
- (c) any framework intended to maintain the solidity of the obstacle and forming an integral part of its support fails.

2. If the Jury is in doubt it should favour the competitor. Touches and displacements in whatever direction do not count.

3. If an obstacle which has been dislodged does not actually fall until after the competitor has crossed the finishing line, it does not count as a mistake (see a).

4. The penalty for knocking down an obstacle is set out in Tables A, B and C (Articles 236-240).

## VERTICAL OBSTACLES:

When an obstacle or part of an obstacle is composed of several elements placed one above the other and in the same vertical plane (straight obstacle), only knocking down the top element is penalised.

## OBSTACLES WITH SEVERAL ELEMENTS:

1. When an obstacle to be taken in one jump is composed of several elements not fixed in the same vertical plane (spread obstacle or water jump) knocking down one or more of the top elements, or a foot in the water when a strip or other suitable material is used, is counted as one mistake only, irrespective of the number of separate elements knocked down.

2. If any element of an obstacle, which has been knocked down prevents a competitor from jumping another obstacle, or part of a multiple obstacle, it must be removed. The time required to do this is deducted from the total time for the round.

## DISOBEDIENCE

1. The following are considered as disobedience and penalised as such:

- (a) rectified deviation from the course;
- (b) refusal;
- (c) run out;
- (d) resistance;
- (e) any form of circle or series of circles in any part of the course for any reason, except that a horse may circle without penalty in order to get into position to jump after a run out or a refusal.

2. Unless it is specifically allowed by the plan of the course or by the Jury, any circle, whereby the horse crosses its original track, between any two consecutive obstacles anywhere on the course, is a disobedience and penalised as such.

## JUMPING

3. Approaching an obstacle or the finishing line sideways, zig-zagging or turning sharply towards them, does not constitute a disobedience, provided the horse or any part of the horse has not passed the obstacle or passed outside the finishing line.

**DEVIATION FROM THE COURSE**

A deviation from the course occurs when a competitor:

- (a) does not follow the plan of the course as shown on the diagram posted up;
- (b) goes the wrong side of a flag indicating the course to be followed;
- (c) does not jump the obstacles in the prescribed order;
- (d) jumps an obstacle outside the course or misses one on the course.

**CORRECTION OF DEVIATION**

1. In order to rectify a deviation from the course, the competitor must return to the course at the point where the error was committed.

2. A deviation from the course which is rectified before jumping the next obstacle is penalised as a disobedience.

3. A deviation from the course which is not rectified, or rectified only after jumping the next obstacle, whether this forms part of the course or not, incurs the penalty of elimination.

4. Officials or others in the arena who draw the attention of competitors to a deviation from the course are giving unauthorised assistance.

**REFUSAL**

1. A refusal consists of stopping in front of an obstacle to be jumped, whether or not the horse knocks it down or displaces it.

2. If a horse stops at an obstacle without knocking it down and without reining back, followed immediately by a standing jump, it does not count as a refusal.

3. If the stop is prolonged or if the horse steps back even a single pace, voluntarily or not, or if it takes more room to jump it counts as a refusal.

4. If a competitor knocks down an obstacle while stopping and then jumps the obstacle before it has been re-erected, he is eliminated.

5. If a horse slides through an obstacle, the officiating judge must decide immediately whether it is to count as a refusal or as an obstacle knocked down. If he decides that it is a refusal the bell is sounded at once and the competitor must be ready to attempt the obstacle again as soon as it has been rebuilt. Should the judge decide that it was not a refusal he will not ring the bell and the competitor should continue his round. The competitor is penalised as for an obstacle knocked down.

6. A rider who shows an obstacle to his horse after a refusal and before resuming the course will be eliminated.

**RUNNING OUT:**

1. A horse is considered to have run out if it is not under the full control of its rider and avoids the obstacle it should have jumped.

2. A horse which jumps an obstacle outside the boundary flags which mark its limits, is considered to have run out and is penalised accordingly.

3. If the rider does not bring his horse back to jump the obstacle properly he is eliminated.

**RESISTANCE:**

1. A horse is considered to offer resistance if at any time and for whatever reason it stops (with or without moving back), turns round more or less completely, rears, etc.

2. Horses will be eliminated for resistance when they:

- (a) resist their riders for a period of 60 consecutive seconds during their round;
- (b) take more than 60 seconds to jump an obstacle — except in the case of a fall;
- (c) have not passed the starting line within 60 seconds of the signal to start.

**FALLS:**

1. A rider is considered to have fallen when he is separated from his horse, which has not fallen, in such a way that he has to remount or vault into the saddle.

2. A horse is considered to have fallen when the shoulder and quarters have touched the ground or the obstacle and the ground.

3. A fall of a horse or rider or both is penalised wherever it takes place within the course and whatever the cause. After a fall the competitor must continue the course from the point where the fall occurred or from any other point provided he does not reduce the length of the course. Failure to do so entails elimination.

4. The penalty for a fall is set out in Tables A, B and C.

5. When a horse or rider falls in knocking down an obstacle or in refusing to jump an obstacle, or following any other disobedience, the penalties for both faults are added together.

6. Should a loose horse fall, jump an obstacle, go the wrong side of a flag, or pass through the starting or finishing line it will not be penalised.

7. Should a loose horse get out of the arena, it will be eliminated.

**UNAUTHORISED ASSISTANCE:**

1. Any intervention by a third party during the course of a round, whether solicited or not, with the object of helping the rider or his horse is considered to be unauthorised assistance. Any form of unauthorised assistance will be penalised by elimination at the discretion of the jury.

2. Handing a whip which has been dropped to a competitor during the round constitutes unauthorised assistance and the competitor will be eliminated.

3. Bringing back a runaway horse, helping a rider to re-adjust his saddlery or to remount after a fall is not considered to be unauthorised assistance.

4. Officials or others in the arena who draw the attention of competitors to a deviation from the course are giving unauthorised assistance. In this case, the competitor may be eliminated and the Official concerned penalised at the discretion of the Ground Jury according to articles of the General Regulations.

**MULTIPLE OBSTACLES:**

1. A multiple obstacle is one composed of two (double), three (treble) or more (quadruple) fences or parts which must be taken in two, three or more successive jumps. The minimum distance between any two parts is 7 m. (23 ft.) and the maximum

## JUMPING

12 m. (39 ft. 4 ins.) (except in Hunting competitions under table B and C or where the obstacles are permanent fixtures in the arena, when the minimum distance may be less than 7 m.). The distance is measured from the base of the fence on the landing side to the base of the next fence on the take off side.

2. In multiple fences each fence or part of the whole must be jumped separately and consecutively on penalty of elimination. If there is a refusal, run-out or fall at any one of the parts, the competitor must take the whole obstacle again, or he will be eliminated. (For closed obstacles see Article 213).

3. All the faults for mistakes or disobediences made at each part during each attempt are counted separately and added together, but should a refusal be due to a fall between two of the fences, the refusal will not be penalised.

**BANKS, SLOPES AND RAMPS:**

1. Banks, slopes, ramps and sunken roads irrespective of whether they include any sort of fence and whatever direction in which they should be taken, are to be regarded as multiple or closed obstacles. Each part must be jumped separately and faults are penalised as for those obstacles.

2. The Jury must decide before the competition whether an obstacle of this type is to be considered as a closed, or as a multiple obstacle and their decision must be shown on the plan of the course. Any such obstacle which is not described as closed on the plan should be considered to be a multiple obstacle.

3. A bank or platform (butte) without the addition of a fence, or with only one pole, may be taken in one jump without incurring any penalties.

**CLOSED OBSTACLES:**

1. A completely closed obstacle is one where a competitor having jumped the first part cannot get out without jumping out.

2. A closed obstacle can be in the form of an in-and-out, sheep pen, square or hexagonal or any similar obstacle which the Jury decides shall be considered as such.

3. If a competitor having jumped into the obstacle leaves the enclosure by the wrong side, he is considered to have jumped an obstacle that is not part of the course and is eliminated.

4. If the competitor having jumped into the obstacle refuses to jump out, or there is a fall inside the obstacle, the competitor must attempt to jump out in the correct direction. If he is unable to do so within 60 seconds of entering or after several attempts making in all three refusals during the round, he is eliminated.

5. If a competitor deliberately displaces or causes to be displaced, or in any way modifies any of the elements of the obstacle without attempting to jump out he is eliminated.

**TIME:**

(a) Unless otherwise stated in the conditions of the Class the "Time Allowed" for the course will be announced before each event.

(b) THE "TIME LIMIT" IS TWICE THE "TIME ALLOWED".

(c) FAULTS FOR TIME:—FOR EVERY SECOND OR PART OF A SECOND EXCEEDING THE "TIME ALLOWED"  $\frac{1}{2}$  FAULT. EXCEEDING THE "TIME LIMIT". ELIMINATED.

**JUMPING-OFF:**

the winner will be decided by one of the following methods (to be indicated in the competition concerned).

Table "A1". In the event of equality of faults for first place in the second Jump-off the prize will be divided.

Table "A2". In the event of equality of faults for first place in the second Jump-off time will decide.

Table "A3". In the event of equality of faults for first place in the first Jump-off time will decide.

Table "A4". In the event of equality of faults for any award in the first round of the Competition time will decide. In the event of equality of faults and time for first place there may be one Jump-off at the discretion of the Judge.

**DEFINITION OF JUMPING ARENA:**

The Jumping Arena will, when practicable, be entirely enclosed, but if not, will be clearly marked with flags or some other easily recognised indicator. At all times the Trotting Track will be taken as off the Jumping Arena. It will be the responsibility of all competitors to acquaint themselves with the extent of the arena and its markings before competing.

THE COUNCIL RESERVES THE RIGHT TO INTRODUCE A STANDARD AT ANY TIME.

CRUELTY TO HORSES is forbidden either in the arena, exercise area or elsewhere. A competitor found guilty of committing a definite act of cruelty will be disallowed from taking part in any further competitions at the Show where the offence was committed. The decision rests with the Judge and no appeal will be considered.

**GROUP A**

Competition in classes in this group is open only to horses over 14.2 hands whose past performances, in the opinion of the committee, warrant their inclusion in the group.

From the entries received, the Council will select the horses with the best performances (up to a maximum of 20 horses) to compete in DIVISION I, and the next best (up to a maximum of 20) to compete in DIVISION II.

**DIVISION I—Classes 322 to 328.**

**DIVISION II—Classes 329 to 334.**

Horses in Group "A" may not compete in groups "B" and "C", but they may compete in groups "D" and "E" excluding Section Fours.

## 328. THE "OLYMPIC TYRE" TOP SCORE STAKES.

F.E.I. Rules.

**SPECIAL PRIZES, \$300 (of which \$260 is presented by THE OLYMPIC TYRE & RUBBER CO. PTY. LTD., CROSS ST., WEST FOOTSCRAY.)**—First prize, \$110; Second prize, \$75; Third prize, \$50; Fourth prize, \$30; Fifth prize, \$20; Sixth prize, \$15.

For horses and galloways over 14.2 hands.

The course will consist of twelve obstacles. Each obstacle is allotted a number of points according to its difficulty, namely, six obstacles valued respectively 100, 90, 80, 70, 60 and 50 points and two sets of obstacles valued respectively 40 and 30, and one obstacle at 20 and one at 10 points.

Each rider is allowed 60 seconds for the course. During this time the competitor may jump any obstacle in any order or direction in the time of 60 seconds which begins from the moment when the horse crosses the start line. The starting line is obligatory and may be crossed in either direction.

A bell will indicate the end of the time allowed. An obstacle will not be considered as having been jumped and points scored until the horse's forelegs touch the ground on landing, within the expiry of the time allowed when the bell will be sounded.

Each obstacle may be jumped twice only for scoring purposes. The jumping of an obstacle for the third time does not entail elimination of the rider concerned; however no points are gained for doing so.

An obstacle refused does not have to be jumped. If, after the refusal the rider wishes to jump this obstacle he is free to do so. If by his refusal he has knocked down the obstacle he must at once proceed to another obstacle. The obstacle will not be rebuilt during the round. There is no elimination for three refusals; these are penalised automatically by loss of time.

The horse gaining the most points is winner of this competition. In case of equality of points, for first place only there will be a single jump-off according to the same formula with time limited to 40 seconds.

**334. THE "McEWANS" TOP SCORE STAKES.**

F.E.I. Rules.

**SPECIAL PRIZES, \$250 (of which \$208 is presented by JAMES McEWAN & CO. PTY. LTD., BOURKE STREET, MELBOURNE).**—First prize, \$100; Second prize, \$60; Third prize, \$30; Fourth prize, \$25; Fifth prize, \$20; Sixth prize, \$15.

For horses and galloways over 14.2 hands.

The course will consist of twelve obstacles. Each obstacle is allotted a number of points according to its difficulty, namely, six obstacles valued respectively 100, 90, 80, 70, 60 and 50 points and two sets of obstacles valued respectively 40 and 30, and one obstacle at 20 and one at 10 points.

Each rider is allowed 60 seconds for the course. During this time the competitor may jump any obstacle in any order or direction in the time of 60 seconds which begins from the moment when the horse crosses the start line. The starting line is obligatory and may be crossed in either direction.

A bell will indicate the end of the time allowed. An obstacle will not be considered as having been jumped and points scored until the horse's forelegs touch the ground on landing, within the expiry of the time allowed when the bell will be sounded.

Each obstacle may be jumped twice only for scoring purposes. The jumping of an obstacle for the third time does not entail elimination of the rider concerned; however no points are gained for doing so.

An obstacle refused does not have to be jumped. If, after the refusal the rider wishes to jump this obstacle he is free to do so. If by his refusal he has knocked down the obstacle he must at once proceed to another obstacle. The obstacle will not be rebuilt during the round. There is no elimination for three refusals; these are penalised automatically by loss of time.

The horse gaining the most points is winner of this competition. In case of equality of points, for first place only there will be a single jump-off according to the same formula with time limited to 40 seconds.

## CONDITIONS

This Competition takes place over medium sized obstacles and is a timed Competition for which the Order of Jumping must be drawn. Combination obstacles are not permitted.

Each Competitor will jump the course in the correct order for one minute and will gain three points for each obstacle jumped clear and one point for any obstacle knocked down. An obstacle is not considered to have been jumped until the horse's fore feet have touched the ground on landing.

First and second disobediences over the course or fall of Horse and/or Rider do not count as they will increase the time. At the third disobedience the Competitor will be eliminated. If an obstacle is displaced as the result of a disobedience, even if the displacement is of a lower element in the same vertical plane, it will count as a knockdown and the Competitor must proceed to the next obstacle.

The winner will be the one with the greatest number of points and, in the event of equality of points, time decides. When the time limit is reached, the bell will be sounded and the Competitor must go through the Finish from either direction. The Finish will be as near the centre of the Ring as possible.

If the time allowed expires during a disobedience, the Competitor must continue to attempt to jump the obstacle before proceeding to the finish.

If a Competitor takes the wrong course he will be eliminated.

For horses and galloways over 14.2 hands.

## 340. THE "COLES STORES" FAULT AND OUT SUCCESSIVE RELAY. (Teams of two).

F.E.I. Rules.

Speed: 400 metres per minute.

**SPECIAL PRIZES, \$300 (which is presented by G. J. COLES & CO. LTD., MELBOURNE).**—First prize, \$100; Second prize, \$80; Third prize, \$50; Fourth prize, \$30; Fifth prize, \$25; Sixth prize, \$15.

## CONDITIONS

Owners are permitted to pair, and pairs must be declared to the jumping stewards (at the ring stewards box) one hour before event is scheduled to commence, after which the draw will be posted. In the event of a pair separately owned winning, the prize will be shared. The course will not contain combination obstacles.

The course must be completed consecutively according to the number of riders in the team. In the course of the competition the rider will be always gonged at the first fault committed no matter what this may be. The partner takes over immediately and continues the course. If it was a jumping fault, the partner takes over the round and jumps the obstacle following that where the fault was incurred.

If the fault was a disobedience, the partner takes over the round and must jump the obstacle where the disobedience occurred. Notwithstanding the conditions above, if a rider completes one circuit of the course without fault, the other member of the team **MUST** take over the jumping. The competition then proceeds in accordance with the conditions as previously detailed.

## CLASSIFICATION:

In this competition, two points will be awarded for each obstacle jumped clear and one point for each obstacle knocked down.

From the total number of points scored by a team the following are deducted: 1 point for the first disobedience (or fall); 2 points for the second disobedience (or fall); 2 points for the third disobedience (or fall). A total of four disobediences or falls entails the elimination of the team.

A  $\frac{1}{4}$  of a point is deducted for every commenced second exceeding the time limit.

In the case of equality of time and points there is a compulsory jump-off for first place only, over the same or a reduced course.

For horses and galloways over 14.2 hands.

## CONDITIONS

Four riders and horses will be invited to compete for this award.

The riders and horses selected will be the top scoring four, calculated on the following basis:—

(a) Points will be awarded in selected Classes in Group A, Division 1, as under:—

Class 324. Myer Emporium Stakes, Table A4.

Class 326. Age Puissance Championship..

Class 327. A.N.Z. Bank Grand Prix.

The winning combination in each of these Classes receives 6 points, second placing 5 points, third placing 4 points, fourth placing 3 points, fifth placing 2 points, sixth placing 1 point.

In the event of equality in the best four, the selection will be determined on a count-back. There will be a draw to decide the order of starting of the riders.

Each rider must jump a round of the course on each of the horses that have qualified, starting with his own.

If a rider does not finish one of the he/she will be penalised with 20 faults to the faults incurred by the horse highest number of faults during round.

Except for his own horse, each rider practice for three minutes on the horse he/she is to ride, and may jump, unaided, over two obstacles, the same. The trial obstacles which must be in the arena may not exceed 1.30 metres in height and 1.40 metres in width. The rider may change the saddle, but the horses must be ridden in the same bit, boots and stirrups that they had for the first round.

The Championship will be awarded to the rider who obtains the lowest total. In the case of equality for first place, there will be a jump-off against the clock on the same course, each rider being on his own horse.

This competition will be judged under Class A, Speed 350 metres per minute.

#### ACCIDENTS.

1. Accidents before the commencement of the event:—

(a) If one of the four riders or one of the four horses has an accident before the start of the event, it will be the pair of rider and horse classified in the qualification.

2. Accidents during the event:—

(a) **Rider.** A rider who has an accident during the event can never be replaced. His horse must take part in all rounds with the other riders.

(b) **Horse.**

(i) In the case of an accident in the first round, this round must be considered as valid. The rider is penalised 20 faults added to the faults incurred by the competitor with the highest number of faults in the same round. The rider with the lowest number of faults in the fourth round and the rider with the lowest number of faults in the fourth round will be based on three rounds.

(ii) If a horse has an accident in the second or third round, the round is not completed, except the first round. The classification will be based on three rounds. The rider with the lowest number of faults in the fourth round that had the accident will ride the horse that he was riding in the fourth round. The rider with the lowest number of faults in the fourth round retains the advantage of his own horse. Each rider must have ridden his own horse in the first two rounds.

(iii) If a horse has an accident in the fourth round, it will be based on three rounds in (b) i.

In all circumstances not covered by the above rules, the organisers being guided by the General Regulations of the F.E.I., may make such decisions as they consider will produce a fair classification for the Entry free.

accident and this is confirmed by the official Veterinary Surgeon at least thirty minutes before the start of the competition. The reserve horse must be ridden by the rider of the horse which is ill or injured. Once a final selection of riders and horses has been submitted to the Director no substitution will be allowed even from reserve horses and riders except on production of an approved medical or veterinary certificate as the case may be.

Riders may ride in one team only and may ride only one horse in that team. In the case of a State, Dominion or Country nominating more than one team they are required to be nominated as the State, Dominion or Country's "A" and "B" team. No rider may be nominated for any State, Dominion or Country other than that in which he or she is resident and no horse may be nominated for any State, Dominion or Country except that in which its nominator is resident. The committee may in its absolute discretion accept the nomination of a composite team from States, Dominions or Countries provided that such team does not consist of more than 50% of horses and/or riders from any one State, Dominion or Country. Nominations must be submitted to the Director in writing not later than 6 p.m. on the day preceding the day on which the event is scheduled to be contested.

Each team is required to jump two distinct rounds over the same course at a rate of 400 metres per minute. To be tried over a course as stipulated by the Committee.

The classification of the teams is established by totalling the faults over the jumps and those for time incurred by the three best horses of each team in each round. If, for any reason, a competitor does not finish the course at any stage of the competition the team is not thereby eliminated, but can continue. But each horse eliminated or withdrawn during a round is penalised by 20 faults added to the faults incurred by the competitor belonging to any team who has the most faults over the same course during the same round. The actual faults made by the horse that was stopped do not count; they are replaced by those of the horse which had the worst round, unless he himself had the most faults, in spite of having been eliminated or withdrawn.

The prize money will be divided among the owners of the horses in the winning teams. Riders must be 15 years of age or over on the first day of the Show. Should a team win this contest after its third horse has completed its second round then the fourth horse may be withdrawn. The order in which the horses compete will be decided by lot. The captain of each team then decides the order in which he wants his riders to start. All those numbered one go first, then all those numbered two, and so on.

All the horses in the team may take part in the jump-off, if there is one. In case of equality for first place, the time of the three best horses of each team in this jump-off decides.

The Committee reserves the right to invite riders from overseas countries not specifically mentioned herein to take part in this contest either as a

accident and this is confirmed by the official Veterinary Surgeon at least thirty minutes before the start of the competition. The reserve horse must be ridden by the rider of the horse which is ill or injured. Once a final selection of riders and horses has been submitted to the Director no substitution will be allowed even from reserve horses and riders except on production of an approved medical or veterinary certificate as the case may be.

Riders may ride in one team only and may ride only one horse in that team. In the case of a State, Dominion or Country nominating more than one team they are required to be nominated as the State, Dominion or Country's "A" and "B" team. No rider may be nominated for any State, Dominion or Country other than that in which he or she is resident and no horse may be nominated for any State, Dominion or Country except that in which its nominator is resident. The committee may in its absolute discretion accept the nomination of a composite team from States, Dominions or Countries provided that such team does not consist of more than 50% of horses and/or riders from any one State, Dominion or Country. Nominations must be submitted to the Director in writing not later than 6 p.m. on the day preceding the day on which the event is scheduled to be contested.

Each team is required to jump two distinct rounds over the same course at a rate of 400 metres per minute. To be tried over a course as stipulated by the Committee.

The classification of the teams is established by totalling the faults over the jumps and those for time incurred by the three best horses of each team in each round. If, for any reason, a competitor does not finish the course at any stage of the competition the team is not thereby eliminated, but can continue. But each horse eliminated or withdrawn during a round is penalised by 20 faults added to the faults incurred by the competitor belonging to any team who has the most faults over the same course during the same round. The actual faults made by the horse that was stopped do not count; they are replaced by those of the horse which had the worst round, unless he himself had the most faults, in spite of having been eliminated or withdrawn.

The prize money will be divided among the owners of the horses in the winning teams. Riders must be 15 years of age or over on the first day of the Show. Should a team win this contest after its third horse has completed its second round then the fourth horse may be withdrawn. The order in which the horses compete will be decided by lot. The captain of each team then decides the order in which he wants his riders to start. All those numbered one go first, then all those numbered two, and so on.

All the horses in the team may take part in the jump-off, if there is one. In case of equality for first place, the time of the three best horses of each team in this jump-off decides.

The Committee reserves the right to invite riders from overseas countries not specifically mentioned herein to take part in this contest either as a team or as a member/or members of a composite team.

## **The MF52 can tackle your toughest mowing problems**

The MF52 is an ideal machine for tackling your toughest mowing problems. Like tough, matted grass . . . at speeds up to 12 m.p.h. in good conditions! You can slice through damp, tangled crops without clogging up this machine. Output can average twice that of conventional mowers—up to 3 acres an hour! Cutting discs set above a slim cutter bar contra-rotate in pairs slicing through crops to leave an even stubble. Rotating divider

on the outside disc, together with adjustable deflector, forms the crop into a neat, aerated swath. You don't have to spend valuable time making adjustments to this mower. There's no knife sharpening, no need to set up the cutter bar! Choose from 5 ft. 5 in. or 7 ft. cutting widths.

## Insurance Protection for the farmer — in one simple Policy

We've designed a composite farm policy tailored to the needs of the man on the land. We call it the Primary Producers Policy. It provides for **one** policy due on **one** date, requiring only **one** review and **one** premium payment annually.

These are the items covered:

- Householders — buildings and contents of dwellings.
- Personal property — 'All risks' — clothing, jewellery, etc.
- Insurance on other buildings and contents covering fire, lightning, storm and tempest, impact, explosion, aircraft damage, malicious damage, fusion of electric motors. ■ Livestock and fencing, stacked or baled hay — fire including spontaneous combustion of hay. Temporary removal cover for livestock.
- Machinery implements — Fire and many other perils. ■ Fire, accidental damage, theft etc. cover — tractors and specified mobile farm machinery. ■ Personal accident and/or illness, including agricultural motor cycling. ■ Public liability — combined personal and business liability including among other things unregistered vehicles and DCA approved airfields extensions.
