Some of Melbourne's best rides are outside the Show.

The Met, Melbourne's public transport system, is now one of the easiest to use in the world.

Just the one ticket lets you swap between tram, train and bus as often as you like within the allotted time period.

There are three basic types of ticket. The Neighbourhood ticket, the All Day Travelcard, and the Weekly Travelcard, which also gives you and your immediate family free transport on weekends anywhere in Melbourne.

You can get the Neighbourhood ticket and the All Day Travelcard on any tram, bus or at any Train Station, and the Weekly Travelcard at any Train Station, Tram Depot, The Met Concession Office (673 Bourke Street) or The Met Kiosk in Royal Arcade.

Getting around Melbourne on The Met is so easy now you only need one ticket.

For further information, timetables, maps etc., ask at your local Train Station, Bus or Tram Depot, or ring The Met Customer Services on 602 9011.

How to start your Japan holiday on the right foot

Congratulations. You've discovered the last of the world's great holiday bargains.

You're about to explore the possibilities of Japan: all its delicacy and drama, its contrast, its sheer mind-blinding beauty.

Well, consider this logic:

To enjoy more of Japan, fly Japan. The sheer pleasure of flying with Japan Air Lines

is built on the very traditions that make Japan such a rewarding place to visit.

But also, there are very practical reasons for choosing JAL to help you on your way.

Just ask your travel agent.

About special-price packages only JAL can offer: like the unique Thrift-stay and Japaneasy holidays.

How you can cut hotel costs through JAL's own excellent hotel chain.

About the remarkable Japan holiday rail-pass you can organise right now. And much much more.

With JAL, the good things all start here.

JAL gives you more of what you're going to Japan for.

And there are more worldly reasons to fly JAL too. Did you know JAL's fleet of Jumbos is the world's most advanced? And will shortly be the world's largest. Touching down somewhere in the world about every 4 minutes.

It's too beautiful an opportunity to miss: discover Japan before the rest of the world does. And discover one of the world's great airlines, at the same time.

It's always a pleasure

JAL

BRIEF REPORT ON WINE JUDGING

by W.B. Chambers

Exhibits in all Australian wine shows are in the main judged on a comparative basis, i.e. all the entries in the class are judged at the same time. The other method used in the Varietal Classes in Adelaide and Perth, is the International system, where the wines are judged and pointed individually.

Exhibits are judged on a point score with a maximum of 20 points. On the judging sheets, this is divided into:

1. Three points for colour and condition (freedom from haze). In general wines with poor colour are rejected for defects on both the nose and the palate.
2. Seven points for nose. Different judges vary in their sensitivity and tolerance to SO^2, Hydrogen Sulphide, volatility, diacetyl and wood flavours.
3. Ten points for palate. A wine with an excellent nose may pull down on the palate due to excessive acidity, tannin or lactic defects. Conversely, some wines with only a fair nose may have excellent balance on the palate.

Medals are awarded for the following points:
18.5—20 — Gold Medal
17.0—18.4 — Silver Medal
15.5—16.9 — Bronze Medal.

All exhibits are judged on the blind. Judges do not handle bottles.

In Melbourne, the judges are arranged into three groups, each of three judges with a Chairman of Judges who arranges the groups of judges, divides the classes to be judged between the three groups, gives guidance, and occasionally resolves disagreements.

Each class is set up and poured by associate judges, who also have a set of glasses and assess the classes with judges.

The judges assess the wines, then consult and discard those with obvious faults. The remainder are then pointed, the points of the three judges averaged, and medals awarded. If there is serious disagreement, the Chairman may be called in to adjudicate.

Judges are generally selected from those who work with or are connected with the wine industry. Potential judges are recommended to the Royal Agricultural Society, and are given experience as associate judges. New judges are selected from the best performers.

The following definitions of the various wine types may be some help to those unfamiliar with them. These are taken from the specifications in the Adelaide Show Schedule. I have altered them somewhat to fit in with the R.A.S. schedule.

Dry White Hock:
Should be in brilliant condition, pale to light straw in colour, preferably with a slight greenish tinge, light to medium bodied, medium to high acidity and yet soft, with a fresh and flowery bouquet and a clean aftertaste free of bitterness or lingering sweetness. Alcoholic strength should be between 8% and 14% alcohol by volume.

Dry White Chablis or White Burgundy:
Should be in brilliant condition light to medium straw in colour. Medium to full bodied and yet delicate with medium to high acidity and fresh bouquet. The bouquet may show evidence of maturation in oak casks. Its aftertaste may be a little more pronounced than in Dry White Hock even with a very slight bitterness but no lingering sweetness, oak tannin from maturing wood should not predominate. Alcoholic strength should be between 8% and 14% alcohol by volume.

Medium Dry White Moselle:
Specification similar to Dry White Hock but with some sweetness not exceeding 1 degree baume.

Sauternes:
A white table wine of straw to light golden colour. It should be in brilliant condition, medium to full bodied with a bouquet which is dramatic or flowery and distinctly sweet in flavour. Alcoholic strength should not exceed 14% alcohol by volume, and should not show excessive SO^2. Baume should exceed 1½ degrees.

Rose:
A still, light and tart table wine, with a slight tannin finish and a fresh fruity flavour but without muscat character. Colour pink but may have a trace of apricot or amber tint.

Varietal Wines:
Should comprise at least 80% of the specified variety.

Dry Red Burgundy:
Colour medium to deep red. According to age a blue or purple tint may be present in a young wine, or a light brown edge may be present in an aged wine. Aroma and bouquet — varietial aroma may occur in varying degrees. It should be fruity and in harmony with the body and flavour of the wine. The bouquet may show evidence of maturation in oak vessels and in older wines bottle age. Palate soft and round. Body may be medium or full and in balance with the acidity. Finish clean and soft with low to moderate astringency. The alcoholic strength should be between 9% and 14.5% by volume.

Dry Red Claret:
Colour medium to deep red. According to age a blue or purple tint may be present in a young wine or a light brown edge may be present in an aged wine. Aroma and bouquet — varietal aroma may occur in

varying degrees. It should be fruity and in harmony with the body and flavour of the wine. The bouquet may show evidence of maturation in oak vessels and in older wines bottle age. Body should be full with acidity in balance. Finish, clean with a firm astringent grape tannin, oak tannin from the maturing wood should not predominate. The alcoholic strength should be between 8% and 14.5% by volume.

Sparkling White Wine, not bottle fermented:
Colour should be pale to light straw. Should have good acidity and not be too light in body. Bouquet should be fresh and fruity. Pressure not exceeding 3 atmospheres at 10°C. Not bottle fermented.

Sweet White Dessert:
Golden to dark brown in colour depending on age. Must now show muscat character but have fruity and aromatic bouquet. It must be full bodied, soft and luscious. Strength not to exceed 20.5% alcohol by volume.

Muscat:
Colour golden to red. Distinct muscat bouquet and palate. Full bodied soft and luscious. Strength not to exceed 20.5% alcohol by volume.

Sweet Red:
Colour medium to dark red. Bouquet and palate full and fruity. Excessive astringency is not acceptable. Strength not to exceed 20.5% alcohol by volume, and baume not to exceed 6 degrees.

Tawny Port:
Colour pale red with distinct amber tinge to deep amber with reddish tinge. Bouquet fruity and aromatic, palate full and soft with distinct dryness on the finish. Some flavour of oak tannin from the maturing wood is desirable. A lingering sweetness on the after palate is undesirable. Strength not to exceed 20.5% alcohol by volume, and baume not to exceed 6 degrees.

Vintage Port:
Colour deep ruby to light ruby, possibly with slight amber tint, depending on age. Bouquet fruity and characteristic of bottle aged vintage port. Should not show wood character. Flavour full and soft with firm astringent finish and no lingering sweetness. Strength not to exceed 20.5% alcohol by volume and baume not to exceed 6 degrees.

Sherry, Pale, Dry, Fino:
Colour straw to pale golden. Bouquet characteristic of flor sherry. Flavour light and dry without excessive acidity or astringency, but some oak character. Finish, dry, aromatic with distinct 'nutty' aftertaste of flor sherry. Strength not to exceed 20.5% alcohol by volume.

Sherry, Amontillado:
Colour golden to light amber. Bouquet showing more age than Fino sherry. Palate fuller and softer than Fino with some oak astringency showing through. Finish dry and aromatic with characteristic 'nutty' aftertaste of sherry. Strength not to exceed 20.5% alcohol by volume.

Sherry, Oloroso:
Colour amber to brown. Bouquet fruity and aromatic and showing both oak and sherry character. Palate soft and round but with a dry finish. Strength not to exceed 20.5% alcohol by volume and baume not to exceed 3 degrees.

Champagne:
Colour should be pale to light straw. Should have good acidity and not be too light in body. Bouquet should be fresh but without particular varietal character and should indicate some years in the bottle. The wine should be fairly dry but show no astringent finish. Bubbles should be fine and persistent.

Sparkling Burgundy:
Colour should be light to medium ruby. Older wines may show a trace of amber but not more than a trace. Bouquet fruity but should show bottle age. Fairly pronounced acidity. Full flavour and body, some sweetness but with dry finish. May show slight oak character. Bubbles should be fine and persistent.

Vermouth:
Vermouths should be distinctly aromatic clearly showing their herbal character. Little or no grape character should be evident and the complex character and aroma arising from the mixture of herbs used in their infusion should be harmonious.

Dry French Style Vermouth:
Should be very pale to light straw in colour, delicate in character, dry and yet soft on the palate. It should not show any bitterness or be aggressively dominated by any particular herb.

Sweet Italian Style Vermouth:
May be pale to red in colour, delicate to bold in its character, sweet but not excessively so on the palate. It should not show any bitterness or be aggressively dominated by any particular herb.

Two Year Old Brandy:
Entries in this class should be representative of popular commercial brandies, but should avoid fruitiness. The brandy should be a well balanced distillate of wine made from neutral grape varieties. It should avoid excessive heads or tails and should not show varietal character (e.g. Muscat). It should be smooth but without evident sweetness. A clear balanced bouquet is essential. Colour light amber.

Old Brandy:
Colour may be somewhat darker than in the young brandy class. Well matured oak should be distinguishable on both bouquet and flavour. Bouquet should be clean and somewhat ethereal but well balanced showing no particular constituent to excess. Flavour should be full smooth and aromatic. Finish aromatic without trace of fusel oil. No varietal character or fruitiness should be evident. Some slight sweetness is acceptable.

How to start your Japan holiday on the right foot

Congratulations. You've discovered the last of the world's great holiday bargains.

You're about to explore the possibilities of Japan: all its delicacy and drama, its contrast, its sheer mind-blinding beauty.

Well, consider this logic:

To enjoy more of Japan, fly Japan. The sheer pleasure of flying with Japan Air Lines is built on the very traditions that make Japan such a rewarding place to visit.

But also, there are very practical reasons for choosing JAL to help you on your way.

Just ask your travel agent.

About special-price packages only JAL can offer: like the unique Thrift-stay and Japaneasy holidays.

How you can cut hotel costs through JAL's own excellent hotel chain.

About the remarkable Japan holiday rail-pass you can organise right now. And much much more.

With JAL, the good things all start here.

JAL gives you more of what you're going to Japan for.

And there are more worldly reasons to fly JAL too. Did you know JAL's fleet of Jumbos is the world's most advanced? And will shortly be the world's largest. Touching down somewhere in the world about every 4 minutes.

It's too beautiful an opportunity to miss: discover Japan before the rest of the world does. And discover one of the world's great airlines, at the same time.

It's always a pleasure

How to start your Japan holiday on the right foot

Congratulations. You've discovered the last of the world's great holiday bargains.

You're about to explore the possibilities of Japan: all its delicacy and drama, its contrast, its sheer mind-blinding beauty.

Well, consider this logic:
To enjoy more of Japan, fly Japan. The sheer pleasure of flying with Japan Air Lines is built on the very traditions that make Japan such a rewarding place to visit.

But also, there are very practical reasons for choosing JAL to help you on your way.

Just ask your travel agent.

About special-price packages only JAL can offer: like the unique Thrift-stay and Japaneasy holidays.

How you can cut hotel costs through JAL's own excellent hotel chain.

About the remarkable Japan holiday rail-pass you can organise right now. And much much more.

With JAL, the good things all start here.

JAL gives you more of what you're going to Japan for.

And there are more worldly reasons to fly JAL too. Did you know JAL's fleet of Jumbos is the world's most advanced? And will shortly be the world's largest. Touching down somewhere in the world about every 4 minutes.

It's too beautiful an opportunity to miss: discover Japan before the rest of the world does. And discover one of the world's great airlines, at the same time.

It's always a pleasure

Some of Melbourne's best rides are outside the Show.

The Met, Melbourne's public transport system, is now one of the easiest to use in the world.

Just the one ticket lets you swap between tram, train and bus as often as you like within the allotted time period.

There are three basic types of ticket. The Neighbourhood ticket, the All Day Travelcard, and the Weekly Travelcard, which also gives you and your immediate family free transport on weekends anywhere in Melbourne.

You can get the Neighbourhood ticket and the All Day Travelcard on any tram, bus or at any Train Station, and the Weekly Travelcard at any Train Station, Tram Depot, The Met Concession Office (673 Bourke Street) or The Met Kiosk in Royal Arcade.

Getting around Melbourne on The Met is so easy now you only need one ticket.

For further information, timetables, maps etc., ask at your local Train Station, Bus or Tram Depot, or ring The Met Customer Services on 602 9011.
