ROYAL MELBOURNE
Herald Sun
DOZEN
WINE SHOW

12 August, 1997

Dear Wine Enthusiast

The Royal Agricultural Society of Victoria Limited is proud to be able to support the inaugural Wine Show Dozen, to be launched at this year's Royal Melbourne Wine Show. The project is a partnership between the Herald Sun, who will assist with the promotion of the Dozen, and Robert Mayne and Associates who administer the logistical components.

The Royal Melbourne Wine Show Dozen provides an opportunity to showcase a selection of Australia's finest wines to consumers, providing an excellent example of the quality wines available at a retail level. It is expected that some several thousand cases will be sold.

The Wine Show Dozen we believe will help educate the public, on the purpose of the Wine Show judging process and also provide benefit to consumers in recognising quality products when making a wine purchase. We are grateful that the Herald and Weekly Times have agreed to give the Dozen strong promotional support. For winemakers it makes the advantages of entering the Royal Melbourne Wine Show even greater.

Winemakers entering in the Royal Melbourne Wine Show have been encouraged to consider participating in this exciting project, by nominating their wines upon entry. Our objective is to provide consumers with a value for money product. The selected dozen will comprise all medal winning wines, with a mixture of gold, silver and bronze medals, to demonstrate that these are all quality wines.

We ask you to consider this project favorably by purchasing a dozen, on the attached entry form and as such look forward to your support of the inaugural Royal Melbourne Wine Show Dozen.

Regards,

Charles Bott

BRIEF REPORT ON WINE JUDGING

by W.B. CHAMBERS

Exhibits in all Australian Wine Shows are judged on a comparative basis, i.e. all the entries in the class are judged at the same time. The other method used in Varietal classes in Adelaide is the International system where the wines are judged and pointed individually.

Exhibits are judged on a point score with a maximum of 20 points. On the judging sheets this is divided into:

1. 3 points for colour and condition, usually wines with poor colour are rejected for defects on both nose and palate.
2. 7 points for nose.
3. 10 points for palate: a wine with an excellent nose may fall down on the palate due to excessive acidity or tannin defects. Conversely, some wines with only a fair nose may have excellent balance on the palate.

Medals are awarded for the following points:

18.5 - 20 - Gold Medal

17.0 - 18.4 - Silver Medal

15.5 - 16.9 - Bronze Medal

All exhibits are judged on the blind. Judges do not handle the bottles.

In Melbourne the judges are arranged into four groups, each of three judges with a Chairman of Judges who arranges the groups of judges, divides the classes to be judged between the four groups, gives guidance and occasionally resolves disagreements.

Each class is set up and poured by associate judges, who also have a set of glasses and assess the classes with the judges.

The judges assess the wines, point them and then collaborate on the medals awarded.

Judges are generally selected from those who work in or are connected with the Wine Industry. Potential judges are recommended to the R.A.S.V. Limited and are given experience as associate judges. New Judges are selected from the best performers.

The following definitions of the various wine types are for the guidance of Exhibitors.

Varietal wines should comprise at least 80% of the specified variety for 1995 and earlier vintages and 85% of the specified variety for 1996 vintage.

DRY WHITE TABLE WINES

Should be a brilliant condition, pale to medium straw in colour, preferably with a slight green tinge. Light to full bodied, medium to high acidity with a fresh bouquet, clean after taste no lingering sweetness. In the wooded classes the oak should be in harmony with the vinosity of the wine. Alcoholic strength should be between 8% and 14% alcohol.

MEDIUM DRY WHITE WINE

Specification similar to Dry White Table Wine but with some sweetness not exceeding 1 degree baume.

SWEET WHITE TABLE WINE

Should be in a brilliant condition, straw to light golden colour, medium to full bodied with a bouquet which is aromatic or complete and distinctly sweet in flavour. Its alcoholic strength should not exceed 14% by volume and it should not show excessive sulphur dioxide. Baume should exceed 1 degree.

ROSE

A still, light and tart table wine with a slight tannin finish and a fresh fruit flavour but without muscat character. Colour pink, but many have a trace of apricot or amber tint. Alcoholic strength should be between 8% and 14% alcohol by volume.

LIGHT BODIED DRY RED

Colour, light to medium red. A blue or purple tint may be present. Aroma and bouquet - varietal aroma may occur in varying degrees. It should be fresh and fruity and in harmony with the body and flavour of the wine. Palate - soft and light without being thin and rounded in the mid palate. Body should be in balance with the body of the wine. Finish clear and crisp with soft astringency. The alcoholic strength should be between 8% and 12% by volume.

DRY RED

Colour medium to deep red. According to age a blue or purple tint may be present in a young wine or a light brown edge may be present in an aged wine. Aroma and bouquet - varietal aroma may occur in varying degrees. It should be fruity and in harmony with the body and flavour of the wine. The bouquet may show evidence of maturation in oak vessels and in older wines bottle age. Palate soft rounded and generous in the mid palate. Body medium is full in balance with the acidity. Finish clean with tannin preferably combined with the flavour of oak tannin from maturation in wood but this should not predominate. The alcoholic strength should be between 8% and 14.5% by volume.

SWEET WHITE DESSERT

Golden to dark brown in colour depending on age. Must not show muscat character but have fruity and aromatic bouquet. It must be full bodied, soft and luscious. Strength not to exceed 20.5% alcohol by volume.

MUSCAT

Colour golden to red. Distinct bouquet and palate. Full bodied and soft and luscious. Strength not to exceed 20.5% alcohol by volume.

RUBY RED

Colour golden to dark red. Bouquet and palate full and fruity. Excessive astringency is not acceptable. Strength not to exceed 20.5% alcohol by volume.

TAWNY PORT

Colour pale red with distinct amber tinge to deep amber with reddish tinge. Bouquet fruit and aromatic, palate full and soft with distinct dryness on the finish. Some flavour of oak tannin from the maturing wood is desirable. A lingering sweetness on the after palate is undesirable. Strength not to exceed 20.5% alcohol by volume.

VINTAGE PORT

Colour deep ruby to light ruby, possibly with slight amber tint, depending on age. Bouquet fruit and characteristic of bottled aged vintage port. Should not show wood character. Flavour full and soft with firm astringent finish and no lingering sweetness. Strength not to exceed 20.5% alcohol by volume.

SHERRY, Pale, Dry, Fino

Colour straw to pale golden. Bouquet characteristic of flor sherry. Flavour light and dry without excessive acidity or astringency, but some oak character. Finish dry, aromatic with distinct 'nutty' after taste of for sherry. Strength not to exceed 20.5% alcohol by volume.

SHERRY, Amontillado

Colour golden to light amber. Bouquet showing more age than Fino sherry. Palate fuller and softer than Fino with some oak discrepancy showing through. Finish dry and aromatic with characteristic, 'nutty' aftertaste of sherry. Strength not to exceed 20.5% alcohol by volume.

SHERRY, Oloroso

Colour amber to brown. Bouquet fruit and aromatic and showing both oak and sherry character. Palate soft and round but with a dry finish. Strength not to exceed 20.5% alcohol by volume.

SPARKLING WHITE WINE

Colour should be pale to light straw. Should have good acidity and not be too light in body. Bouquet should be fresh without particular varietal character and should indicate some years in the bottle. The wine should be fairly dry but show no astringent finish. Bubbles should be fine and persistent.

SPARKLING RED WINE

Colour should be light to medium ruby. Older wines may show a trace of amber but not more than a trace. Bouquet fruity but should show bottle age. Fairly pronounced acidity. Full flavour and body, some sweetness but with dry finish. May show slight oak character. Bubbles should be fine and persistent.

TWO YEAR OLD BRANDY

Entries in this class should be representative of popular commercial brandies, but should avoid fruitiness. The brandy should be well balanced distillate of wine made from neutral grape varieties. It should avoid excessive heads or tails and should not show varietal character (e.g. Muscat). It should be smooth but without evident sweetness. A clear balance bouquet is essential. Colour light amber.

OLD BRANDY

Colour may be somewhat darker than in the young brandy class. Well matured oak should be distinguishable on both bouquet and flavour. Bouquet should be clean and somewhat ethereal but well balanced showing no particular constituent to excess. Flavour should be full smooth and aromatic. Finish aromatic without trace of fusel oil. No varietal character or fruitiness should be evident. Some slight sweetness is acceptable.
