NOTES ON WINE JUDGING

Exhibits in all Australian Wine Shows are judged on a comparative basis, i.e. all the entries are judged at the same time. The other method used in Varietal classes in Adelaide is the International system where the wines are judged and pointed individually.

Exhibits are judged on a point score with a maximum of 20 points.

On the judging sheets this is divided into:

1. 3 points for colour and condition, usually wines with poor colour are rejected for defects on both nose and palate.
2. 2.7 points for nose.
3. 3.10 points for palate: a wine with an excellent nose may fall down on the palate due to excessive acidity or tannin defects. Conversely, some wines with only a fair nose may have excellent balance on the palate.

Medals are awarded for the following points:

- 18.5 - 20 – Gold Medal
- 17.0 - 18.4 – Silver Medal
- 15.5 - 16.9 – Bronze Medal

All exhibits are judged on the blind. Judges do not handle the bottles.

In Melbourne, the judges are arranged into four groups, each of three judges, with a Chairman of Judges who arranges the groups of judges, divides the classes to be judged between four groups, gives guidance and occasionally resolves disagreements.

Each class is set up and poured by associate judges, who have a set of glasses with the judges.

The judge assess the wines, point them and then collaborate on the medals awarded. The points listed in the results section represent the total of the three judges assessments.

Judges are generally selected from those who work in or are connected with the wine industry. Potential judges are recommended to the Royal Agricultural Society of Victoria Limited and are given experience as associate judges. New judges are selected from the best performers.

The following definitions of the various wine types are offered for the guidance of exhibitors.

Varietal wines should comprise at least 80% of the specified variety for 1997 and earlier vintages and 85% of the specified variety for later vintages.

DRY WHITE TABLE WINES

Should be in a brilliant condition, pale to medium straw in colour, preferably with a slight green tinge. Light to full bodied, medium to high acidity with a fresh bouquet, clean after taste, no lingering sweetness. In the wooded classes, the oak should be in harmony with the vinosity of the wine. Alcoholic strength should be between 8% and 14% alcohol.

MEDIUM DRY WHITE WINE

Specification similar to Dry White Table wine but with some sweetness not exceeding 1 degree baume.

SWEET WHITE TABLE WINE

Should be in a brilliant condition, straw to light golden colour, medium to full bodied with a bouquet which is aromatic or complete and distinctly sweet in flavour. Its alcoholic strength should not exceed 14% by volume and it should not show excessive sulphur dioxide. Baume should not exceed 1 degree.

ROSE

A still, light and tart table wine with a slight tannin finish and a fresh fruit flavour but without Muscat character. Colour pink, but many have a trace of apricot or amber tint. Alcoholic strength should be between 8% and 14% by volume.

LIGHT BODIED DRY RED

Colour, light to medium red. A blue or purple tint may be present. Aroma and bouquet - varietal aroma may occur in varying degrees. It should be fresh and fruity and in harmony with the body and flavour of the wine. Palate - soft and light without being thin and rounded in the mid palate. Finish clear and crisp with soft astringency. The alcoholic strength should be between 8% and 12% by volume.

DRY RED

Colour medium to deep red. According to age, a blue or purple tint may be present in a young wine or a light brown edge may be present in an aged wine. Aroma and bouquet - varietal aroma may occur in varying degrees. It should be

fruity and in harmony with the body and flavour of the wine. The bouquet may show evidence of maturation in oak vessels and in older wines bottle age. Palate soft rounded and generous in mid palate. Body medium is full in balance with the acidity. Finish clean with tannin from maturation in wood but this should not predominate. The alcoholic strength should be between 8% and 14.5%.

SWEET WHITE DESSERT

Golden to dark brown in colour depending on age. Must not show Muscat character but have fruity and aromatic bouquet. It must be full bodied, soft and luscious. Strength not to exceed 20.5% alcohol by volume.

MUSCAT

Colour golden to red. Distinct bouquet and palate. Full bodied and soft and luscious. Strength not to exceed alcohol by volume.

RUBY RED

Colour golden to dark red. Bouquet and palate full and fruity. Excessive astringency is not acceptable. Strength not to exceed 20.5% alcohol by volume.

TAWNY PORT

Colour pale red with distinct amber tinge. Bouquet fruit and aromatic, palate full and soft with distinct dryness on the finish. Some flavour of oak tannin from the maturing wood is desirable. A lingering sweetness on the after palate is undesirable. Strength not to exceed 20.5% alcohol by volume.

VINTAGE PORT

Colour deep ruby to light ruby, possibly with slight amber tint, depending on age. Bouquet fruit and characteristic of bottle aged vintage port. Should not show wood character. Flavour full and soft with firm astringent finish and no lingering sweetness. Strength not to exceed 20.5% alcohol by volume.

SHERRY, Pale, Dry, Fino

Colour straw to pale golden. Bouquet characteristic of flor sherry. Flavour light and dry without excessive acidity or astringency, but some oak character. Finish dry, aromatic with distinct 'nutty' after taste of sherry. Strength not to exceed 20.5% by volume.

SHERRY, Amontillado

Colour golden to light amber. Bouquet showing more age than Fino sherry. Palate fuller and softer than Fino with some oak discrepancy showing through. Finish dry and aromatic with characteristic, 'nutty' after taste of sherry. Strength not to exceed 20.5% by volume.

SHERRY, Oloroso

Colour amber to brown. Bouquet showing both oak and sherry character. Palate soft and round but with a dry finish. Strength not to exceed 20.5% alcohol by volume.

SPARKLING WHITE WINE

Colour should be pale to light straw. Should have good acidity and not be too light in body. Bouquet should be fresh without particular varietal character and should indicate some years in the bottle. The wine should be fairly dry but show no astringent finish. Bubbles should be fine and persistent.

SPARKLING RED WINE

Colour should be light to medium ruby. Older wines may show a trace of amber but not more than a trace. Bouquet fruity but should show bottle age. Fairly pronounced acidity. Full flavour and body, some sweetness but with a dry finish. May show slight oak character. Bubbles should be fine and persistent.

TWO YEAR OLD BRANDY

Entries in this class should be representative of popular commercial brandies, but should avoid fruitiness. The brandy should be well balanced distillate of wine made from neutral grape varieties. It should avoid excessive heads or tails and should not show varietal character (e.g. Muscat). It should be smooth but without evident sweetness. A clear balance bouquet is essential. Colour light amber.

OLD BRANDY

Colour may be somewhat darker than in the young brandy class. Well matured oak should be distinguishable on both bouquet and flavour. Bouquet should be clean and somewhat ethereal but well balanced showing no particular constituent to excess. Flavour should be full smooth and aromatic. Finish aromatic without trace of fusel oil. No varietal character or fruitiness should be evident. Some slight sweetness is acceptable.

Class 16 - DRY WHITE TABLE WINE - for blends and varieties ineligible for Classes 11, 12, 13, 14 and 15. The variety(ies) to be specified on the entry form. Examples: Chenin Blanc, Verdelho, Marsanne.

JUDGES REMARKS

Disappointing class, many fermentation problems. Too many wines with sulphide faults. Award wines generally light and fruity with good structure.
High alcohol is not necessarily the answer to Verdelho.

Class 46 - DRY RED
Cabernet Sauvignon

JUDGES REMARKS

Concern over the advancement of the 1997 wines, which were also drying out.
Top wines have fruit richness married with oak.

And little wonder. Pura Tone and Pura Edge have continued to drive innovation in the white milk category. Pura Light Start continues to grow strongly, leading the modified milk segment nationally. We also produce Australia's only truly national whole milk.

And as the country's largest publicly listed dairy company, all

Australians can benefit from our continued reinvestment in the national dairy industry and our commitment to supply only the highest quality fresh milk to our customers.

All in all, you're looking at one of Australia's favourite brands.

Regulations Relative to WOODCHOPPING CONTESTS

(The Woodchopping Contests are registered with the Central Victorian Axemen's Association Inc. and held under the guidance of Australian Axemen's Association Inc. Rules).

Competitors in the Woodchopping Contests are advised that arrangements have been made for specially selected timber to be provided for these contests. All timber will be inspected by representatives of the Society on arrival at the Show Grounds, and any not up to standard will be rejected.

CONDITIONS

101. The rules appearing in this Schedule form part of the Regulations and conditions of entry to an Event at the Show. In the event of any inconsistency between the Regulations and these rules, the Regulations shall prevail to the extent of the inconsistency unless the Regulations provide otherwise.

102. Scratchings must be notified to the Woodchop Handicapper by 5 p.m. on the day prior to the event. Competitors not notifying scratchings will be fined \$50.

103. The logs and billets will be any variety of timber and any length approved by the Stewards in their absolute discretion. The diameter of all logs will be as uniform as possible.

104. **ALL COMPETITORS, must state on the entry form their last win and handicap and a list of their last five performances anywhere, irrespective of Association or State, together with the name of the backmarker. An entry will definitely not be accepted unless the last win and the last five performances for each class of event entered, are stated on the back of the entry form. This applies to ALL Australian and New Zealand competitors.**

105. The contest will be chopped in heats and a final, according to the number of entries.

106. All logs and billets will be numbered, and will be drawn for by the Stewards.

107. The first and second competitors in each heat unless otherwise stated, shall compete in the semi-final or final. At the absolute discretion of the Stewards, when there are two semi-finals, they may take one, two or three placegetters to start in the final.

108. No competitor will be allowed to make any axe marks on his log or to the foot holes or dog holes before his handicap starting time as allotted by the Handicapper.

109. **No persons, other than competitors and officials, will be allowed in the arena during the contest.**

110. Axes must entirely sever logs in two parts; competitors who sever logs with the aid of pushing or pulling will be automatically disqualified.

111. Competitors must be at their places prior to the advertised time of starting. Events will be commenced at their advertised starting time notwithstanding the absence of any competitor.

112. **Each competitor shall wear long white trousers, white boots or shoes and a singlet or shirt which must be of a colour considered by the Steward-In-Chief to be appropriate to the State in which he resides or appropriate to the particular event in which the competitor is competing.**

A competitor's wearing apparel must at all times be kept in a clean and tidy condition throughout the period of the Show. Competitors in finals should not leave the arena between end of final and presentation of awards and they must remain in the same uniform.

No advertising matter of any kind shall be displayed or be visible on the wearing apparel of any competitor, without prior approval of the Steward-In-Chief, except that the insignia or Coat-Of-Arms for Countries, States or Association Show Societies, Clubs or other bodies may be worn on the singlet or shirt front subject to the prior approval of the Steward-In-Chief..

113. **In any Association or Club teams race, the Association or Club uniform coloured singlets are to be worn.**

114. Any axeman who holds the right to compete in novice events, forfeits the right to compete in a novice of the particular event when he/she has won a single handed open handicap event anywhere in Australia. This rule applies Australia wide and is irrespective of prize money. A competitor who claims to be a novice may be required by the Steward-in-Chief to make a statutory declaration to this effect.

115. The Society may appoint a Disputes Committee for the Wood Chopping Contests and any decision of this Committee shall be final in all respects whatsoever save only for any decisions or directions of the Society. No decisions, directions or determinations made by the Disputes Committee, or the Society for the purposes of the Wood Chopping Contests shall be called into question in any manner or in any proceedings whatsoever.

116. Competitors must use clamps as supplied by the Society in all Standing Block Events.

117. A Competitor who wins an event after the posting of marks may be re-handicapped for any subsequent event or events. The Society reserves the right to re-handicap a competitor before an event has commenced.

118. Every care must be exercised to keep axes and saws covered. Axes and saws **MUST NOT** be carried among the general public unless so covered. Competitors should note the terms of rules 10.1 and 10.2 of the General Regulations. **All axes shall have a pin (minimum size 3mm) placed through the axe as near as possible to the centre of the handle area.**

119. Logs situated in a reserved area adjacent to the Dressing Room will be provided to enable competitors to test their axes. Competitors shall not be permitted to test their axes in the main arena.

120. In the Underhand events all axemen must finish on their logs.

121. In a Tree Felling event any axeman chopping in a previously cut board hole will be automatically disqualified.

122. Under no circumstances are axemen permitted to enter the Log Enclosure without the permission of the Log Steward.

123. In all sawing contests saw cuts shall be started as close as possible to the front end of the log and shall not be more than 100mm in from the edge of the top side. Oil may be used on the saw immediately prior to the commencement of the contest. In sawing contests the saw must saw through the log from one side only.

124. In sawing contests the wedger shall stand behind the log and if any wedger in any way touches or guides a saw or touches or guides that portion of the log which is being cut off, the competitor or team concerned shall be automatically disqualified. The wedger's wearing apparel must conform with regulation 112.

Definition: "Behind the log" in this regulation shall be interpreted to mean the opposite end of the log to the saw cut.

125. In the 400mm diameter butchers blocks one member of each team shall open a scarf and cut the log approximately half way through, the first cutting member of the team on ceasing to cut shall retire to his neutral area and visually indicate to his partner, in a manner prescribed by Stewards, that the other team member is to complete the cut by opening a scarf on the opposite side of the log. The wedger's wearing apparel must conform with regulation 112.

126. Save only as provided in regulation 115, any decision of a Steward with respect to any matter related to the Woodchopping Contests shall be final and any regulations, conditions, rules or guidelines, which may be expressed to apply to the Woodchopping Contests shall in no way be construed as limiting the discretion of the Stewards to conduct the Contests in such manner as they think fit.
