HAPPINESS IS A WHISKAS CAT

Cats have special needs and no one knows cats better than Whiskas. Which is why every Whiskas recipe contains all the nourishment they need as well as the taste they love.

So when you feed your cat Whiskas, you know he's well cared for – from the tip of his nose to the tip of his tail.

BRIGHT EYES

Your cat depends a lot on his visual sense. To keep his vision sharp, Whiskas has the correct amount of Vitamin A because unlike humans, your cat cannot obtain Vitamin A from vegetables.

SHINY COAT

A healthy coat is important not only for your cat's appearance but for protection as well. So to keep your cat's coat in good condition, Whiskas has the right balance of essential fatty acids and amino acids.

SHARP EARS

Your cat's ears are perfectly tuned to pick up the most subtle sounds. To keep them in good condition, Whiskas has the correct amount of Vitamin B complex – to aid transmission through the nervous system.

SENSITIVE NOSE

Your cat's nose is so sensitive he can tell – even without tasting – whether a certain type of food will taste good or bad. And Whiskas has just the right amount of essential fatty acids to help maintain his acute sense of smell.

STRONG BONES

He loves to leap, jump, roll, climb ... so your cat needs strong bones. Whiskas has all the necessary calcium, vitamins and trace elements to keep him active and happy all day.

JUDGES CRITIQUE

Mr Darryl Turley (NSW)

I was very impressed with the standard of the dogs which were entered in this years Royal. I would like to congratulate the handlers who considered their dress in the overall presentation of their dogs in the ring.

The Novice standard was a pleasant surprise and I consider one of the best Novice rings I have judged in many years, The strength of the working breeds in this class was evident, with Border Collies wining both Novice Dog & Bitch. The winner in the Novice Dog was Mrs N E McIllroy with *"Khayoz Got to Have Soul"*. The Novice Bitch was won by Ms J Dedman with *"Mallawindy Melody"*.

The Open section showed the strength of obedience with some excellent work presented to me. Both the winners a German Shepherd owned by R English, *"O.C. Siegstar King Kieren"* (Open Dog) and the Miniature Poodle owned by Mr F & Mrs V Ogden, *"Hillacre Sapphire Princess U.D."* (Open Bitch) worked very nicely and would have their share of wins anywhere in Australia. There were some bad luck stories in this section when a couple of excellent dogs bombed an exercise – better luck next time.

The UD section was won by a Staffordshire Bull Terrier, owned by Mr J & Mrs S Boyce; *"O.C. Swiftstaff Classic Fox."* This unusual breed in the obedience ring is a very consistent dog. UD is a hard section to qualify in at any time but with the extra pressure of the Royal makes it so much harder. Again I saw dogs which on their day could have been in the winners circle.

The winner of winners was the German Shepherd from the Open class owned by R English, *"O.C. Siegstar King Kieren"* This dog was handled very professionally and the handler is to be congratulated on the manner in which she presented the dog and herself.

Darryl Turley.

MELBOURNE ROYAL 2001
AGILITY TRIAL REPORT

The Melbourne Royal agility trial included all levels of Agility and Jumping with a total entry of 223 which resulted in 199 runs on the day. There were 41 clear rounds with qualifying certificates issued.

The trial began at 9.00am and was expected to finish at about 5.20 in the afternoon. Due to the hard work and dedication of the stewards, the timer/scribe and course builders the trial ended earlier than estimated. It was total team work throughout the day that enabled this large number of dogs to be judged.

My course design philosophy was to provide courses that were suitably challenging without being unnecessarily 'trappy' or tricky. I designed courses that were flowing in order that triallers could enjoy running them and the spectators would find them exciting and entertaining, with fast finishing sequences to provide the opportunity for fitting climaxes to good rounds.

Novice Agility: Length of Course 103m, Rate 2.0 m per second SCT 57 seconds.

From the 30 dogs that competed there were just 5 qualifiers. Many of the Novice dogs were overawed by the spectators and distracted by the smells on the ground from the previous days of conformation shows. Apart from the distractions, the main areas of difficulties were the contacts and weaving poles as is often the case with Novice dogs.

First place with a time of 38.45 seconds went to Llandaff Kennels Cardigan Corgi "Ch Llandaff Hearts On Fire" whose exemplary performance set a standard for the rest of the class to try to achieve. Second place went to E & T Booth's Labrador Retriever Aussielab Pyrenees Star CDX. JD and third place to Ms S E Frazer's Cavalier King Charles Spaniel Arynbeth My FairLady CD. JD

Open Agility: Length of Course 137m, Rate 2.6 m per second SCT 58 seconds

This class had an entry of 39 dogs with 12 qualifiers. Once again there were problems with the colours on the dog walk and many dogs that would otherwise have achieved a clear round failed to do so as a result of slow weaving. First place getter with a time of 43.11 seconds was Leanne Jones' GSD Jyetara A Legend [A] CDX ADM JD. The dog attacked the course with consistent speed and power resulting in a flawless performance. Second place went to Alicia Larsen and her Associate Joscelin Lucy CDX, ADM, JDX and third place getter was Bentyne Kennels Staffordshire Bull Terrier Megastaff Tupelo Honey

Masters Agility: Length of Course 167m, Rate 3.2m per second, SCT 57 secs.

By now a strong, gusty wind had sprung up adding another dimension for the triallers and dogs. I substituted a single hurdle in place of the collapsible tunnel as the strong gusty wind was continually wrapping the cloth. Quite a few dogs, perhaps due to the wind, became a little too enthusiastic and thoroughly enjoyed themselves without too much concern for their handlers, resulting in wrong courses and disqualifications.

32 dogs ran in Master Agility with 8 dogs gaining clear rounds and qualifying certificates. The winning team, Charles Spencer and Tordi Goodasgold CDX ADX JD ET Associate, sliced 16 seconds off the course time with a scorching round of 40.92 seconds that no-one could beat. Another excellent round by Leanne Jones' GSD A Legend [A] CDX ADM JD Open Class winner put her in 2nd place and 3rd place went to the smooth performance of Drew Rogosin and his Border Collie Karijini Chardin CDX, ET, ADM, JD.

Novice Jumping: Length of Course 108m, Rate 3.0m per second, SCT 36 seconds.

Once again, as in Novice Agility, a large number of these novice dogs were overawed by the crowd and scents on the ground. The wind was strong and gusty further distracting these dogs. From 31 rounds there were five qualifiers. A spectacular run by Cheryl King's flying black Toy Poodle, Chezjolie Final Affair gave them first place with a time of 23.83 seconds. K O'Halloran completed a quick, steady and controlled run for second place with his Border Collie, Branalee Mystique CDX, ET, ADM. Third place went to Les Mathieson handling Canavan's Australian Shepherd, Sugargum Fort Apache CDX with another quick and accurate round.

Open Jumping: Length of Course 126m, Rate 3.4m per second, SCT 37 seconds

Once again in this class I substituted a pipe tunnel for the collapsible tunnel because of anticipated problems with the gusty wind. Unfortunately this resulted in two flexible tunnels 'looking' at each other which introduced a potentially difficult and unwanted challenge allthough it was handled by most handlers with little difficulty. This large class of 56 entries produced many great performances from experienced dogs and handlers with 14 dogs qualifying with clear rounds. With a time of 28.31 seconds first place went to Lorraine Mackay's well controlled Border Collie, Ch Glentress Jezabel UD, ADM, JD, ET, FD. Due to a tied score for second place a run off was required. After the second run, second place went to Cheryl King's speedy black miniature poodle Jenuin Jumpin Jack Flash ADM CD JDX and Fiona Brain's steady Associate Dog, Rusty Brain CD, ADM, JDX earned 3rd Place.

Master Jumping: Length of Course 155m, Rate 4.0m per second, SCT 39 seconds

Ten dogs entered this class and 2 successfully completed the course. Although six of the dogs completed a clear round four of them gained time faults. Another strong and deceptively fast performance in 38.06 seconds by Fiona Brain and her large Associate Dog, Rusty Brain CD, ADM, JDX gave them first place. Alicia Larsen and her Associate Joscelin Lucy CDX, ADM, JDX completed another fast, smooth round gained second place with only six one hundredths of a second separating the two dogs.

During the day I saw many good clean runs by competently handled well trained, motivated dogs - the best in the State and possibly the best in the country. It was a judging appointment that I was pleased to receive and will remember for many years.

Dachshund (Long)
Strong breed. Well presented. Dachshunds are a hunting and working breed. My winners had good eye colour and soft, mobile ears. Good shining coats. Some tails lacking in flag. Disappointing to see "unclean" teeth in exhibits after puppy and junior classes. Winners well keeled.

Dachshund (Miniature Long)
Sound exhibits. Excellent mouths with scissor bites. Wide mouths. Alert dogs and bitches with well presented soft coat. My winners standing four square. Again sorry to see unclean teeth after puppy and junior classes. Good mobile ears giving alert expression. One exhibit looked over the required 5kgs.

Dachshund (Smooth)
Disappointing two dogs. One lacking condition to give well muscled body. The other lacking in hindquarters - not being straing and turning into "cowhock". Bitches sound and well presented, excellent movement, all scissor bites and good mouths - needed for hunting. Excellent keel and standing square on feet with well arched toes. Short smooth coats.

Dachshund (Miniature Smooth)
Sound breed. Excellent scissor bites and wide mouths. Lovely mobile ears giving the alert expression. Some "cowhocked" and lacking drive in hind movement. Winners in good condition and coat.

Dachshund (Wire)
Excellent - Lively winners, well presented with harsh coats over undercoat. Good strong movement - front stepping out and driving with hind. All good scissor bites - clean lips. Enjoyed these winners. Sound rounded ears of correct length not meeting tip of nose.

Dachshund (Miniature Wire)
The last of the Dachshunds. Lively exhibits. Super winners. Ideal size, good head carriage. Lively movement. All good mouths with scissor bites and wide mouths. Good to see sound minis in this breed. Harsh coats with good undercoat. Smooth soft ears. Good keels allowing stance and good outline.

Norwegian Elkhound
Good size. Lovely expression with defined line from eye to ear. Excellent Dog CC and BOB - well presented as was Res.BOB. Young puppy bitch still I n roly-poly puppy form. All excellent abundant coat with good undercoat. Backs stayed level on move. Good feet, well "haired".

Irish Wolfhound
Good sized exhibits. Excellent carriage of heads. Moved with ease. Good dark eyes. Winners with good close scissor bite. All exhibits sound. All dogs must have sound feet and the IWH's did have good arched feet and strong nails to take them round.

Bearded Collie

What a super entry. You must all be very proud of your breed. Practically all a "winner". All beautifully presented. Moved freely round the ring - covered ground effortlessly. Coats harsh with good undercoat. Could picture dogs working in all weathers. Good to see so many scissor bites. Strong level backs when on the move. A very strong breed.

Old English Sheepdog

A group of well presented exhibits. Some quite differed types. Good to see so many scissor bites in this breed. Winners all fitted standard so well in shape, arching over loin. Moving with ideal amble. Coats in winners profuse with good undercoat.

Welsh Corgi (Cardigan)

Another good breed. Winners looked as if they could do a days work. Alert and active. Correct placing of ears giving fox lilke appearance. Some deep chests, strong level toplines. Enjoyed this breed,

Welsh Corgi (Pembroke)

What a beautiful sight. Great depth and again so many "a winner". Top winners outstanding - sturdy and sound - as standard says "workmanlike". Good to see all scissor bites with so many exhibits with "clean teeth". Some exhibits ears not working so lacked active - bold look. All well presented and top dogs moved freely with forelegs covering ground driven from behind. Good clean brushed coats with good undercoat. A pleasure to have been given the honour to judge this breed.

Australian Cattle Dog

It was an honour to judge the three working indiginous breeds in Australia. I would have liked to see these dogs moving outside. They did very well inside.

A working, tough breed of excellent depth throughout. Well balanced, all had good scissor bites and it was pleasing to find "clean" teeth through to the Open classes. Temperaments were sound barring a couple that did not settle inside. Good eye expression and ear carriage. Sensitive to sounds in h all. All dogs must have sound feet and this breed could not function without. Strong arched feet and hard pads. Mostly tails were typical with brush, but a few whippy ones not carried correctly. My winners moved effortlessly and one could picture them at work. Dogs were very well presented.

Australian Kelpie

Another working breed - not the strong depth of the other two breeds, but the winners just flowed. Excellent temperaments and again all bites scissor and "clean" teeth throughout. Some toplines not level and a couple of square dogs lack the sloping croup and brush tail which gives the kelpie it's traditional outline and allows the tireless free gait. Exhibits very well handled.

Stumpy Tail Cattle Dog

Good depth here and well presented. All sound scissor bites with "clean" teeth. Excellent expression with pricked ears. Only one exhibit did not have correct placement of ears. Fronts in all the three breeds were stronger than some hind movements. A couple lacking in strong topline - level - excellent feet for working breeds with hard pads. My winners moved so well - good hind thrust.

I compliment the exhibitors in these breeds for accepting my decisions in such a friendly manner.

Italian Greyhound
A good entry, but unfortunately, first on, windy and the puppies and juniors did not look comfortable and at east. My top dogs, sound and elegant. Clean scissor bite with good teeth. I was surprised to see so many level toplines on the table and on the move!! The slope over loin into low tail set gives the Italian that characteristic outline. Together with a smart, high stepping front action. Not all had the required "hare foot".

Italian Spinone
Such an endearing breed with an endearing expression. Would have liked to see tighter fitting eyelids o n some dogs. Colour of eye fitting into colour of coat. One or two level backs. But winners, square dogs, good depth of brisket and sternum and rising to loins into sloping croup. All moved with a free fluid gait.

Greyhound
Small entry of sound and good sized Greyhouds. Again some level backs and one not able to cover ground, lacking in front reach and no drive behind. My winners extremely sound and looked set to win a race. Greyhounds need good strong feet to race and the winners feet were well knuckled with strong pads.

German Shepherd Dog
Well, what can I say, how proud you must be of your breed. A wonderful depth, outstanding temperament, full mouths all. I could write a book about my winners. They fitted the standard so well. GSDs are a working breed and to see them moving round the ring is sheer poetry. Some coats not as standard requires and some exhibits movement could not be assessed as moved on tight lead.

Neapolitan Mastiff
Such an interesting breed. Definitely for the specialist owner. How disappointed you all mush have been when the Italian Judge was junable to come. Nevertheless, I found sound dogs, all with correct scissor or pincer bite. Strong puppies. All dogs had good temperaments. Adults had heavy double dewlaps. All moved soundly with strong hocks.

Tuesday, September 25, 2001

Bloodhound
Sound dogs - dignified. All standing over much ground. Good, long, narrow heads. Good scissor mouths. Sound puppy went CC and BOB.

Borzoi
Lovely set of dogs. Beautifully presented. Quite a few missing premolars and a couple of wooly coats. Good soze. But the winners - graceful and aristocratic. Long lean heads, dark eyes - intelligent expression. The winners gave me that springy action and moved effortlessly.

Deerhound
A super set - sound - gently exhibits. Excellent, harsh coats barring one with a rather soft coat. Winners moved with long stride, outline ideal, with loin well arched. Good, long, tapering tails. One rather carrying too much weight to be efficient hunting.

Finnish Spitz
A Lively set and very sound. Winners all square. Good scissor bites. Moved with vigour, covering the ground well. All had high set erect ears giving lively expression.

Foxhound
So glad we were able to judge these fine dogs outside in the sun. Strong set - looking good. Lovely BOB and CC Dog. Moved efforlessly - had keen expression. All had sound scissor mouths. Could imagine winners "Riding to Hounds" and following hunt all day.

Hamiltonstovare
Sound dog. Only one. Deserved the CC and BOB. Good tri-colour. Scissor bite. Feet well padded.

Harrier
Judged just as the rain started and went well. Good size - shorter than Foxhound. Very sound.

Whippet
What can I say. Such tremendous depth in a breed. Such elegance - a series of smooth curves. All sound mouths, good rose ears and winners used them. Covered much ground when standing on table. My winners moved so freely, flowing front legs stretching out and tru movement at rear. Found a few exhibits large all round. Remember "Big is not always best". It was an honour to judge these dogs.

Swedish Vallhund
What a super set. Sound winners, sturdy and alert. Good erect mobile ears. All had scissor bite. Strong level back. Winners all had free active movement, elbows fitting close allowing forelegs to stretch forth and low hocks allowing drive behind.

Wednesday, September 26, 2001

Basenji
Excellent set of dogs and bitches. Standing firmly high on leg. Good deeo brisket, strong curved tails. Typical small erect ears and all have doog scissor bites. My winners moved tirelessly with great stride.

German Pinscher
A neat compact breed - small in number but pleasing to judge. Well balanced, shiny healthy glossy coats. Good scissor bites and high set V shaped ears giving alert appearance. Free gait reaching well in front and driving with hind.

Pharaoh Hound
Small entry but very sound. Looked as if they could run a good hunt. Good colour nose. Large erect mobile ears. All had scissor bites. Covered ground well without effort.

Australian Shepherd
A very pleasing large entry. Such a thrill to see the winners move round. One of the most interesting breeds when reading the history and the colour lending themselves to an eyecatching breed. Winner well balanced and very agile with stamina. Good ear carriage and correct bites. Winners move effortlessly. So glad to go over these dogs outside.

German Spitz (Mittel)
An interesting breed. Winners of high quality. Happy set of dogs. Attractive colours. Good erect ears. Good scissor bite. Strong level topline in winners. Moved well keeping strong level back.

Shetland Sheepdog
Just such an honour to go over this breed. The depth you have is unbelieveable. My winners so very well presented - all naturally with little "spray" additions. Strong puppies coming on and the depth in bitch "tells the story". The Shetland is described as a "working dog" in the standard. Breaking up the large classes I was able to see some fine movement - dogs covering the ground effortlessly - a few plaiting in front. Coats were excellent giving the harsh outer and soft close under. Excellent full mouths. It is to the expression and placing of eyes together with correct ear carriage that finally gives on eht eShetland and my winners gave it ALL.

Bernese Mountain Dog
A strong set looking so smart with their distinctive colouring. My winners well balanced standing on good sound compact feet so important in such a large sized breed. A few splayed feet going "east to west". One or two carry rather too much weight for me. Excellent bone throughout, most with well fitting eye rims. Good scissor bites. Strong forelegs - strong, straight backs. Good tail sets and carrying well. A pleasure it was ending the days judging with this breed.

Thursday, September 27, 2001

Ibizan Hound
A small entry. Winner sound, finely built giving dignified expression with very mobile ears. Sound far reaching stride.

Belgian Shepherd Dog (Groenendael)
Some excellent exhibits well presented. Winners of excellent standard. Only one fluffy coat all clean scissor bite with sparkling white teeth. Lovely dark eyes with black rims. Sound arched neck, excellent toplines held when on the move going briskly.

Belgian Shepherd Dog (Malinois)
Sound lively puppy - could not handle. Winning bitch excellent, flowing round ring, other bitch carrying too much weight, could not handle.

Belgian Shepherd Dog (Tervueren)
A good group, again winners moving so well. Excellent coats well presented.

Bouvier Des Flandres
Some very sound exhibits in this group. Small entry. Winners compact - deep chest. Strong winning male. Good bite and white teeth. High set ears giving intelligent look. Winners standing square on strong round feet, moved with ease. Excellent abundant coats with good undercoat.

Briard
Small entry - winners of quality. Lovely fawn bitch from intermediate class. Junior dog could be assessed handled on a tight lead with head down. All had 2 dewclaws on hind legs. Good scissor bite. Winners moved so well extending and covering much ground.

Collie (Rough)
What an entry - all well presented. Wonnderful depth in this breed. The Rough Collie is a dog of great beauty - wonderful colours - excellent coat type - working breed. Found good feet well arched and padded. Lovely eye expression in my winners. Good mouths, scissor bite - would have liked teeth cleaned in some exhibits in Intermediate Classe and Open. Movement fluid, some plaiting and a few cowhocks, but winners flowed round ring. It was an honour to judge so many excellent dogs.

Collie (Smooth)
Small entry - winners sound. This breed can hide nothing. Winners quality dogs. Excellent coat texture, harsh with good undercoat. Strong colours. Only had one exhibit plaiting and crossing behind. Winners stood proudly with confidence.

Maremma Sheepdog
What a super group. A working breed - winners typical of breed. This breed is a herding guard dog. Winners fitted the standard. Hardy, strong winners, sound feet, well covered with short hair. Good tail sets a few square lacking slope at croup allowing natural carriage of tail. Clear eyes with balck eyelids, ears well set giving proud cariirage to head. Moved effortlessly. Good harsh coats.

Puli
What a gem I found at the end of the days judging. So well presented my BOB moved so fluidly and quickly. Square dog, level back slight slope from withers. Well presented corded coat.

Friday, September 28, 2001

Basset Hound
A very sound set of exhibits well presented, sound movement in winners with well padded large feet. Good freee action, forelegs well reaching forward. Sound hind movement. Excellent clean short coats. All with scissor bites and clean teeth

Petit Basset Griffon Vendeen
A small well pleasing entry with happy quality exhibits - winners had super harsh untrimmed coats with excellent tail carriage from level topline to slight arch over loins. Winners active, could picture them working over rough ground.

Border Collie
What can I say? Sheer poetry on the move. So many beautifully presented dogs - flowing in free tireless movement. Such intelligent expression in winners. All working dogs need good feet. My winners gave me just that, deep pads - arched. A few were east to west. Another necessary item to fit a working dog is the carriage of tail. Winners had the low set, furnished - balancing the outline. Strong backs with well sprung ribs. All had good scissor bites. My BOB/RUBOB and Best Puppy were really a joy coming on the last day of judging.

Akita Inu
What a strong attractive breed. Such distinct colours. Good sized exhibits carry substance and good bone. Only one exhibit reluctant to carry tail as required. All exhibits had correct scissor bite and allowed full examination. All had typical ear placement and shape. Good dark eyes with tight rims. Winners striding out with firt topline. A very smart set of winners.

Chinese Crested Dog
Today I started judging with Chinese Crested Dogs, a breed I like very much. The breed type, in general, was very strong. Two points that I think the breeders should look at is the length of the heads and not too strong stops, also the proportions in the bodies. Crests were very nice and attractive and of excellent structure. Some Powderpuffs could have a better structure of coat, but in general it was very good. My Best of Breed bitch was very glamourous, strong in the topline, moved with good drive and a lot of class. The Runner-up was also very classy, a very nice dog out of Open class, he just lost from her with little points. A very pleasant and interesting judgement.

Boston Terrier

Very enjoyable breed. The quality and type was a little mixed. Bitches were stronger in quality that dogs, which is always interesting for a breed. Markings were, in general, very good. My Best of Breed bitch was really pretty, with excellent balance. Strong in type, square, well marked head, short in the body with excellent topline. My Runner-up BOB was the young outstanding bitch out of the Puppy class. She has a lot to offer and is very strong in type, beautifully balanced and will have a great future when she is an adult.

Siberian Husky

It was also a pleasure for me to judge today, the Siberian Huskies. A beautiful breed of high quality. The winners could all compete all over Europe. Congratulations to the breeders. My best dog and also BOB was from Open class. Reserve best dog from Junior class. Best bitch and Reserve best bitch both came from Open. After my judgement the Steward came to thell me that I put up Mother and Son. The dogs and bitches were beautiful and of type, with excellent coats, good movers and nice temperaments. Some could have had a better stop, some with heavy skulls. All together a very strong breed in Australia, so far as I saw in my judging ring.

Cavalier King Charles Spaniel

A marvellous breed in Australia. It was a great pleasure for me to judge them and I enjoyed it very much. The quality was very high. A strong and beautiful Open class of bitches, also dogs were really of good quality. My BOB was a lovely, classy Blenheim bitch, out of Open class of very high quality, she was an eye catcher, moved like a dream, with beautiful temperament, attractive and correct coat with super texture. My best dog and Runner-up was also outstanding and very strong in type, beautiful expression, nice topline, excellent tailset and movement. Most of the breed were Blenheims. Congratulations to the breeders on breed-type and quality.

King Charles Spaniel

Only a few, and also in Europe considered as one of the rare breeds. Like in each breed, breed type is very important. I should like to advise the breeders to take care of the lovely expressions of the King, what makes him so special are the necessaarily domed heads and a good turn-up of the muzzle, which can be improved. The dogs and bitches I saw had very nice coats and excellent temperaments.

Yorkshire Terrier

Not a big entry, but some beautiful bitches and dogs, with correct, shining-silk coats and excellent steel-blue colour. Excellent toplines in some dogs and bitches. The movement was ok. To improve the breed, I would propose to breed better heads and earsets, also smaller ears. The Y.T. that I saw today were very nicely presented and groomed. A very nice breed that deserves attention. My B.O.B. was a lovely nitch, out of Open class. Runner-up was the Second bitch out of Open class.

Bichon Frise

A very attractive Franco-Belge breed which I enjoyed judging very much today. All well handled by the exhibitors. Lovely dogs and bitches with really beautiful Toy temperaments. I would like to advise the breeders to take care of the length and substance of the muzzles, some were a little snipey, which spoils the expression. They had, in general, very nice pigmentation. Grooming was very nice, although I would advise the exhibitors to respect, when they groom, the name of the breed. "Frisée". When the grooming is finished and you open the coat, you should see the structure of the Frisée. Also the length of the coat is very important. The B.F. should be white, not overtrimmed and presented clean.

Staffordshire Bull Terrier

A most enjoyable breed in Australia with excellent temperaments. Breed type was in certain dogs and bitches very stong and excellent. In general, excellent heads with large skulls and short muzzles, which makes their expressions super. Excellent bites and necessarily, stops. Short bodies with good muscles, angulations and movement could improve a little. Some dogs and bitches were a little oversized, which spoils the view and is not correct in the breed type. My best bitch and best of breed was out of Intermediate class. Very sound and attractive, moved with a lot of drive. She had a marvellous spirit and for me was an eye catcher, strong in breed type. The Runner-up was a beautiful bitch out of Open class. I really enjoyed judging this breed.

Border Terrier

17 dogs and bitches entered. Some of nice type. I would like to advise the exhibitors that the Border Terrier should be a little longer than high to have the correct type. Head needs a good expression which you cannot have with a muzzle that is too long. There were some nice hard coats with good trimmings and good temperaments.

Irish Terrier

Breed only represented by 6 dogs and 3 bitches. From what I saw there can be a lot improved in this breed. Some nice coats. The temperaments were ok, but you need more to have a good breed type.

Scottish Terrier

My own breed. I enjoyed judging them very much. It was an honour for me to judge them at the Royal in Australia. My Best of Breed was a super dog with beautiful breed type. A well balanced showdog, beautiful expression, deep set dark eyes, well set ears and clean skull. Very low to the ground with good spring of ribs, short back, excellent topline. Super tailset, dark as the night with beautiful hard coat. Super trimming. He moved with a lot of drive, very proudly and a lot of class. An excellent representative of the breed. He came out fo Open class. The Runner-up was the young dog out of Junior class, a new up-comer with a beautiful future. A pleasure to judge.

Sealyham Terrier

I would like to advise the breeders to bring or show the dogs and bitches in a good wire coat. Their temperaments were very nice.

Griffon Bruxellois

A Belgian breed that I always enjoy judging. Lovely temperaments. In Europe the three varieties are seperated into Griffon Bruxellois, Griffon Belge and Petit Brabançon which is the smooth variety. From what I saw, because of the fact you can breed them intervariety you can have a mixture of coats. My Best of Breed was a lovely Petit Brabançon out of Intermediate class, black and tan, which colour is, even in the country of origin, very rare. Beautiful dog, well balanced and attractive. Skull could be a little more prominent in proportion to the body. Nive turned up nose, right between the eyes. Excellent topline, tailset and body. Very sound, good movement. Runner-up was a small nice red Petit Brabançon bitch with good temperament and movement out of open class. A nice experience to judge them in Australia.

September 23, 2001

Chihuahua (Long)
My Best of Breed bitch out of Intermediate class was lovely and very attractive with good head and expression. She moved very well and had a nice balance and temperament. Runner-up was also out of Intermediate class and was also beautiful and very near the winning one. In general breed type was excellent. I would advise breeders to take care of the expressions, which means good proportions in the heads. Some did not have enough substance and rounding in the skulls, which makes the ears too high set. Coat quality and toplines, also the side, were in general, very good.

Chihuahua (Smooth)
Very nice representatives of the breed in Australia. In general, nice expressive heads, which makes the Chi so special. Good balance in the bodies, nice movement in general, and what is very important in both breeds - long and smooth had good temperament in my ring. BOB, Open dog and Challenge - beautiful dog with excellent expression. Very showy, excellent head and earset. Strong topline, excellent tailset. Runner-up was a beautiful bitch out of Open class which was really feminine alongside the dog.

Cairn Terrier
I was very impressed by the Cairn Terriers I had to judge today. Congratulations! You have a very strong breed type in general. I was impressed by the beautiful coats and trimming. Very hard and trimmed with respect for the length of the coat. Expressions ere in general very typical, some could have a little more substance in the skulls. Excellent toplines, well balanced bodies. Tailsets were excellent in general. Typical movements with the right Cairn Terrier angualtion behind. I loved the way the handlers brought their dogs and showed the real Cairn Terrier temperament.

Norwich Terrier
The breed type could have been stronger. The structure of the coat was excellent but trimming can be improved. Don't forget the Norwich Terrier is the smallest terrier in the Terrier group. Expressions could be improved. Temperaments were super and very alert. I missed drive in movement caused by lack of good angulation, although for me it was very interersting to see this breed in Australia.

Australian Silky Terrier
A pleasure to judge in the country of origin. The breeders brought their dogs in super coats, very shiny, really silky, as it should be. Beautiful expressions, well balanced heads, strong toplines and excellent tailsets. Excellent proportions in the bodies, some movements could have been a little better. The temperaments were super and I enjoyed judging this breed.

Lowchen
A continental breed, which has to be a real Toy. I was surprised that some were on the limit of the size, but anyway good balanced dogs. Expressions were in general very good. Some toplines could have been a little better. Tailsets were ok. Angulation behind could be improved in general. Do not forget to respect the structure of the coat, which is what makes the Lowchen so special.

Maltese
I thank the exhibitors for bringing me such beautiful dogs to judge. I enjoyed this breed very much. Outstanding breed type with beautiful pigmentation. Super coats which make the breed a real eye catcher. Very nice heads and expressions, excellent strong toplines. Tailsets were in general ok. Very good movement. The Best of Breed and Runner-up were both very attractive and of similar type. The coats were of good length and of high quality. They flow through the ring. Congratulations to the breeders.

Tibetan Spaniel
A very enjoyable sweet Toy breed. In general the earsets were excellent, some could have a little bit more importance in the head. Very nive toplines and proportions in the body. Tail carriages completed the general appearance of the dogs and the bitches. Some with super coats. Movement wasw in general excellent behind. Fronts could h ave been a little improved. Sweet temperaments and very showy.

Tuesday, September 25, 2001

Affenpinscher
Smart breed which needs to be improved from what I saw. Coats were not really in condition. Sweet expressions and nice temperaments.

English Toy Terrier (Black & Tan)
A pleasure to judge them today. Very rare breed on the continent. Beautiful heads with good proportions. Nice expressions, correct ears. Toplines were ok, so were the tailsets. Some movements could have been a little better. The coats were, in general, in good condition. A very pleasant assignment.

Airedale Terrier
It was also a pleasure to judge Airedales in Australia. Well balanced dogs, in general. From what I saw movement was very good. Some were not in show coats. But, in general, excellent. Beautiful long heads with typical expression in some dogs. Dogs were stronger than bitches in breed type. My Best of Breed was an outstanding dog in super condition. He was an eye catcher and went with a lot of power and drive throught the ring. Excellent topline, beautiful tailset and angulations and a lot of class! Runner-up was of the same type, also a powerful dog and a worthy winner!

Bull Terrier
From what I saw the breed needs to be improved. Breed type is not strong enough. Heads are not typical. The Bull Terrier needs to have a down face and a roman finish in the head and a good fill up in the muzzle.

Bull Terrier (Miniature)
The same as the Bull Terrier, not enough breed type and too big.

Fox Terrier (Smooth)
It was a pleasure for me to judge today, the Smooth Fox Terriers in Australia. Some were very typical. From what I saw, toplines could be improved. The Smooth Fox Terrier needs to have a long next and a short back, which makes him so different from other breeds. I saw very nice heads and beautiful expressions. The temperaments of dogs and bitches were super and very showy. My Best of Breed was a lovely bitch which could win all over.

Fox Terrier (Wire)
Not a big entry today, but from what I saw, some excellent dogs, nice in breed type with good movement.

Keeshond
Beautiful breed in Australia. First of all I want to thank the exhibitors for showing their dogs on the table for me. The bitches were stronger in type that the dogs, which is always good for a breed. I saw today the beautiful expressions, well marked, which makes the Keeshond so unique. Outstanding coats,m very nicely kept and goormed, in excellent colours. It was a pleasure to judge them today and I enjoyed it very much. Somme looked to me a little on the big side. The bodies were, in general, well developed and well balanced. Movement was ok. Beautiful tailsets, correctly carried. Congratulations to the breeders. Best of Breed was a beautiful bitch, very sound. An eye catcher. My Runner-up was very nice and also excellent.

Thursday, September 27, 2001

Havanese
Only two present. Sizes ok. Good heads and toplines. Coats could be improved.

Australian Terrier
For me it was a pleasure to judge in Australia, it's country of origin. I want to congratulate the breeders on the excellent type and high class of their dogs. The way they were trimmed with respect to the length of the coat was excellent. Beautiful expressions, nice set ears is what makes the aussie different in some ways. Strong toplines and good tailsets and good terrier temperaments. My Best of Breed was an outstanding dog of super quality. He was an eye catcher.

Parson Jack Russell Terrier
Breed alsmost not presented. From what I saw heads could be improved and they were on the limit of the size.

Bedlington Terrier
From what I saw today - very nice type, but totally differently groomed than in Europe, which gives the breed a different appearance. Very nice male, on the size. Head could have been a little longer, but the rounding was correct. Nice topline, even when he moved. My best bitch and runner-up were very pretty. Topline went a little away on moving.

Jack Russell Terrier
I was really very pleased to judge Jacks in Australia. Very pleasant breed in which type is already settled here in Australia. Beautiful proportions, correct height of bodies. Excellent expressions, toplines and tailsets. Very lievely pretty dogs, with sweet temperaments. It was very difficult to make the choice between my two best males, which were both worthy examples of the breed.

Kerry Blue Terrier
From what I saw type was ok. The only thing I would have preferred was to have shorter bodies. They had excellent temperaments. They Kerry Blue needs to have a soft coat with a special structure. The colour needs to be really blue.

Lakeland Terrier
One fo the rare breeds with not so many representatives. In general they could have had more substance. Trimming work was ok but on the short side. Coat quality was excellent. Movement could be improved. Very nice temperaments.

Skye Terrier
The Skye Terrier is very difficult to breed because there are so many difficult points that you have to take care of, which gives the class on the breed, earset, level topline and h eight, the length of the dog and the carriage of the tail. Don't foget the quality of the coat. From what I saw today many points could be, in general, improved. Some movements were not typical, without drive and wrong angulations. My Best of Breed was a beautiful outstanding dog with the most beautiful head and earset, excellent pigmentation, good tailset with excellent croup. He moved powerfully and easily without losing the topline. Marvellous coat and excellent temperament. Runner-up was the Puppy bitch which has a lot to offer for the future. I wish her good luck. She will do well for the breed. Congratulations to the breeder!.

Soft Coated Wheaten Terrier
Typical Irish breed, whose name should be respected, because it says "soft coated". My Best of Breed was a very nice bitch, which moved very well and was squarely built. Good head, shoulders and topline, also the tailset. Excellent temperaments. Runner-up was an excellent dog, which did not want to show himself anymore at the last mement. He had a very nice head and an excellent coat.

Welsh Terrier

From what I saw this is a breed that really needs to be improved in Australia. Lack of bones and type. They were trimmed, but not really typical. Colours were ok. Some coats were of good texture and some too soft.

West Highland White Terrier

A pretty breed, which I very much like judging. I asked the breeders to take care of the proportion in the heads, from what I saw, it could, in general, be improved. Some were excellently trimmed. My Best of Breed was a very pretty bitch with excellent proportions, nive expression and excellent pigmentation.

American Staffordshire Terrier

Not many entries. Some very nice dogs, but also, some oversized. I would advise the breeders to respect what the standards say about substance in the heads and the sloping topline which is what makes the American Staffordshire different from other breeds. There was enough substance in the bodies, temperaments were very stable. Thanks to the exhibitors for understanding and showing their dogs on the table. My Best of Breed was a very nice dog, with the ral Amstaff type.

Dandie Dinmont Terrier

I was very pleased to see the Dandies here in Australia, because it is, besides the Scottish , a breed I have always had. The breed representatives were beautiful. I was very charmed when they looked at me with their big eyes. The peppers were dominant in numbers, well balanced, excellent heads and toplines. My Best of Breed dog was outstanding, in beautiful coat and well trimmed, which is difficult with the "pilly" structure of the coat. He was well balanced, with a fluid topline in the right places. He was long and low with excellent breastbone and body and went with typical movement through the ring.

Pomeranian

Very pretty breed, which was well represented today. I saw beautiful heads, pretty expressions. Some were a little bit too long in body, but in general had good tail placements. Excellent temperaments. Movements were ok. In general, very nice coats. Some were not really in coat today.

Pug

I always enjoy judging Pugs, but today it was special, because of the high quality in the representatives of your breed. In general dogs and bitches with beautiful wrinkled faces and nice masks. Cobby bodies with good substance, excellent high tailsets and nice quality of coats. My Best of Breed was a beautiful dog, and eye catcher with the most delightful expression, excellent eyes, ears and nose. He had an excellent topline, excellent front, behind and typical movement. He was "multi in parvo". He had outstanding coat and moved through the ring as a dream. You could not see beside him. Congratulations to the breeder! My Runner-up was a beautiful puppy which has a great future before him.
