In this regard, Exhibitors are advised that accommodation for Exhibits may be limited and that the maximum number of animals able to be accepted is 200 head. If entries exceed 200, it may be necessary for the RAS to ballot entries. Exhibitors are also advised to read General Regulation 2.6.
10. For the purpose of this competition Hormone Growth Promotants are not permitted.

20. A complete Timetable of Arrangements for the Beef Carcase Section will be forwarded to each Exhibitor prior to the Show. The timetable that appears in this Schedule is subject to change and will be finalised once we have an indication of entry numbers for this section.

### JUDGING OF BEEF CARCASES

21. Carcases will be judged within the general parameters of the Meat Standards Australia Competition Model, incorporating carcase attributes relevant to Market Specifications and MSA developed eating quality standards.
22. Animals entered in Carcase Competitions cannot comply with the pre-slaughter management guidelines of MSA pathways, so their carcases are not eligible for MSA grading. However, the principles of MSA grading will still be applied in judging the carcases, according to the following Schedule of maximum points:

#### Market Specification

Eye Muscle Area	20 points
P8 Fat	10 points
Meat Colour (min 1B, Max 3)	5 points
Rib Fat (min 3mm)	15 points
Distribution	5 points
<b>Total Market Specification</b>	<b>55 points</b>

#### Eating Quality

Calculated using the MSA prediction model (average eating quality score for the 17 main primals by their cooking methods) and records all MSA parameters for feedback.

<b>Total Eating Quality</b>	<b>45 points</b>
<b>Total Score</b>	<b>100 points</b>

23. To be eligible for an award, carcases should meet the following MSA requirements:
  - a) pH, less than 5.7;
  - b) Meat Colour, minimum Ausmeat Chip 1B, maximum Ausmeat Chip 3;
  - c) Rib Fat Depth, minimum 3 mm;
  - d) Ossification, maximum 300;
  - e) Fat Distribution, even fat coverage over major primals and good even coverage over entire carcase. Carcases will lose points for uneven coverage and excess waste.
24. Carcases will not be penalised for bruising should any occur.

### ACQUISITION OF CARCASES

25. The RAS reserves the right to arrange the sale of carcases over the hooks using a grid system. Carcases are sold over the hook and a commission of 3.0% payable to the RAS will apply.

### MESSAGE FROM THE PREMIER

I would like to extend my congratulations to Grand Ridge Brewery for its Supershine and Supershine Vintage, the joint winners of the 2005 Premier's Trophy for 'Best Victorian Beer'. This honour recognises Grand Ridge Brewery's Supershine and Supershine Vintage as the best quality premium beers produced by a Victorian-based brewer at this year's Australian International Beer Awards.

I note with interest that national premium beer purchases have grown approx 20% pa over the past five years, and now account for approximately 10% of all beer sales. It is clear that consumer tastes have increasingly shifted towards innovative, premium beers. The Victorian Government is keen to support this growth area of the beer market and the micro-brewers who are so well represented here.

As patron of the Australian International Beer Awards, I thank The Royal Agricultural Society of Victoria Limited and The University of Ballarat for organising this important event, and I wish Grand Ridge Brewery every success with its award-winning Supershine and Supershine Vintage.

**HON STEVE BRACKS MP**  
Premier of Victoria

## CITY OF BALLARAT

Ballarat is Australia's Premier Provincial City. Ballarat has a population of 87,000 (growing at 1.4%) and is situated in a catchment of 150,000. Ballarat has direct links to key infrastructure such as the airports and the ports via non tolled freeways. A historic City, Ballarat is well serviced by first class educational and recreational facilities, as well as having world class hospitals.

In 2003 Ballarat was identified in the National Economics, *State of the Regions Report*, as the number one City in Australia that was likely to experience employment and investment growth in the next five years. In August 2005 BRW Magazine titled the *State of the States, Best State and Boom Towns* Ballarat was the only Victorian region that identified as being a significant area of development and continuing prosperity. Other regions identified included Gladstone, the Sunshine Coast, Newcastle and Shellharbour. In 2004 the Australian Industry Group released the *Regional Business Competitiveness Index Report*, that listed Ballarat as second only to Adelaide as a centre in which to conduct cost effective business.

Ballarat is continuing to be Australia's Premier Provincial City because of its mix of world class companies, its flexible labour force and the high level of lifestyle and amenity that is available to residents. The City of Ballarat is seeking to support existing companies to expand and attract new companies to Ballarat, by implementing policies and programs that assist with business relocation, business expansion and resident attraction. ([www.businessballarat.com](http://www.businessballarat.com)) The City of Ballarat does this in conjunction with other key stakeholders such as the State and Federal governments and universities.

The City of Ballarat is keen to facilitate additional business development and has a focus on supporting manufacturing, the traditional industrial base of Ballarat. In the next decade the City of Ballarat is seeking to expand and diversify the industrial activity in Ballarat and welcomes new investment into first class business and industrial parks.
