Division 1 - Preliminary Walk/Trot. Riders requiring maximum assistance - that is leader and/or sidewalkers.

Division 2 - Advanced Walk/Trot. Riders requiring minimal assistance - that is spotters only.

Division 3 - Preliminary Canter. Independent canter riders - spotters permitted.

Division 4 - Advanced Canter. Independent canter riders.

Riders to enter the classes in the appropriate division.

Note: The Divisions are based on the divisional criteria for the Special Olympics Equestrian Competition.

Classes:

Smartest on Parade

This class is judged on cleanliness, suitability, safety, fit of gear and neatness of the combination (including handler/spotter if applicable).

Best Mount

This class is judged primarily on the obedience of the horse/pony but also takes into account paces and general outline.

Best Rider

This class is judged mainly on the riders ability to communicate effectively and appropriately with their mount and secondly on their position.

HORSEWORLD, WERRIBEE will kindly present a lead rope to every competitior in this section.

NOTES ON WINE JUDGING

Exhibits are judged on a point score with a maximum of 20 points. The judging sheets are divided as follows:

- 3 points for colour and condition, often wines with poor colour are rejected for defects on both nose and palate;
- 7 points for nose; and
- 10 points for palate: a wine with an excellent nose may fall down on the palate due to excessive acidity or tannin defects. Conversely, some wines with only a fair nose may have excellent balance on the palate.

Medals are awarded for the following points:

18.5 – 20 = Gold Medal

17.0 – 18.4 = Silver Medal

15.5 – 16.9 = Bronze Medal

At the RMWS, the judges are arranged into panels, each consisting of three judges. The Chairman of Judges divides the classes to be judged between the panels. He also gives guidance, clarification and in the case of any disputes he will adjudicate.

All exhibits are judged "on the blind". Judges do not sight or handle the bottles. Each class is set up and poured by associate judges and stewards. The judges assess the wines, allocate points and then medals are awarded. The points listed in the results section represent the total of the three judges' assessments.

The following definitions of the various wine types are offered for the guidance of exhibitors.

Varietal wines should comprise at least 80% of the specified variety for1993 and earlier vintages and 85% of the specified variety for later vintages.

"Amorim has been able to provide us with traditional closure solutions while meeting our demand for quality and progress in our continuous search for excellence."
Philippe Guigal, General Manager & Winemaker, Guigal, France

"Quality has a price, but it is worth it. With Amorim we are safe."
Ana Suria, Winemaker, Pago de Tharsys, Spain

"With Amorim, I have found consistent quality and service as well as the best price-quality relationship for our market segment."
Gianfranco Repellino, Technical Director, Giordano, Italy

"Amorim has given me exceptional service for 15 years. Each job has been completed rapidly with outstanding results and the communication, attitude and courtesy of Amorim staff is exemplary."
Robert Foley, Winemaker,
Robert Foley Vineyards, USA

"My winemaking philosophy extends to my choice of closure. I want a quality natural product and Amorim has been supplying me with that for 25 years."
Ron Laughton, Winemaker, Jasper Hill, Australia

"I am convinced that natural cork is the perfect way to seal a bottle of wine. It is a noble and reliable gift of nature."
Alfonso Larrain, President,
Concha y Toro, Chile

"By choosing Amorim corks to seal our house wine brands, we guarantee the confidence we want to share with our customers."
Ray Edwards, Liquor Manager,
SPAR Group, South Africa

Winemakers think the world of us.

All over the world, time and time again, Amorim proves to be the cork of choice for discerning winemakers. But it's more than just the superior quality of our closures. Our relationships with winemakers have evolved through constant collaboration over many years to reach a rewarding maturity.

The strength of our global resources and our partnerships with the wine industry speak for themselves, with international plaudits for our advanced production methods, quality control, environmental record, value for money and service. Put simply, when it comes to wine closures, Amorim is worlds apart.

VISY AND THE WINE INDUSTRY – A PERFECT BLEND

VISY
FOR A BETTER WORLD

Visy has long been a leading provider of innovative corrugated packaging to the wine industry.

More recently Visy offer recyclable PET plastic bottles - a shatterproof material with the look and feel of glass, point of purchase displays and robotic systems.

Visy has the solutions to add value to wine packaging by enhancing consumer appeal and marketability of your products.

To find out more about our extensive range of innovative and sustainable products and services visit www.visy.com.au or call 1800 550132.

ALL THAT SHIRAZ

Australia produces some of the world's greatest and most age worthy Shiraz. These densely structured wines need to be cellared for many years to reach their full potential. For these great wines to last the distance, storage conditions are vital. Almost as important is resisting the temptation to drink them too early.

Out of mind, out of sight and out of reach; Wine Ark's managed cellars provide the perfect solution for thousands of wine collectors. Protected by state-of-the-art security, your most treasured bottles can be left to age gracefully in optimum cellaring conditions. Should you ever need to top up your home cellar, online access to your inventory ensures your collection is only a mouse click away. Selling off a few bottles is just as simple.

In short, we offer a complete package for buying, storing, selling and enjoying fine wine.

INTRODUCTORY OFFER*

To celebrate the opening of our new sites in Adelaide, Brisbane and Perth we're offering all new managed cellarage customers in those cities a range of special benefits including:

- FREE METRO PICK-UP
- DISCOUNTED STORAGE RATES
- COMPLIMENTARY ALL RISKS INSURANCE
- FREE 'CELLARCLUB' MEMBERSHIP

• Conditions apply. See website for details.

FOR COLLECTORS OF FINE WINE

ADELAIDE | BRISBANE | PERTH | SYDNEY

HOW IT WORKS

First of all, a label template is designed in close partnership with the client, identifying the areas of the layout that will remain static (logo, address etc) and area that may contain variable data, for example text and imagery.

A workgroup is then created, using secure logins and protocols to identify which particular areas or fields within the label template each workgroup member is accountable for.

Usually, a key member of the workgroup will initiate the label and be responsible for checking the final proof before submission; they are also automatically notified by the system as to the progress of each member of the groups contribution, as well as any comments they may have with regards to content.

Once all the data is submitted into the appropriate fields, a proof is generated and a lowres pdf is viewable online.

Upon approval, background systems gather all the appropriate data, and the hires print-ready file is compiled, according to the relevant specs of the chosen printer.

The entire system is web-based, securely hosted from MH's Centre of excellence in Auckland, so clients worldwide need nothing more than an internet connection to get on board.

WHY USE LABELSFORWINE?

- The speed of the system means you can leave the creation of label artwork to the very last minute, with 24/7 global online access
- Protects against label content errors and the possibility of recalls
- Eliminates printers pre-press charges
- A fully accountable process where all comments and changes are tracked and recorded
- A permanent record of all the labels you have ever created and complete brand security

Further cost savings can be made by utilizing our in-house flexo plate manufacturing service, bottle shot photography and label design service.

FAQ'S

Q:"Labelsforwine – OK, it's a great system, but what is it going to cost?"

A: Basically, you only pay for the artwork you create using the system. This is charged at a flat rate of $200 per submission and delivers a print-ready file to the printer of your choice.

Q:"What about all the templates we'll need to get our brands set up on the system – won't that be expensive?"

A: No. We create templates for all of your **existing** labels and get you up and running on the system completely free of charge. The only costs will be for **new** label templates added to the system subsequently. These are charged at a flat rate of $550 per template, and you can use each template as many times as you like, for as long as you like.

Q:"Is there a monthly fee?"

A: Normally no. In some circumstances where the scale of the Labelsfowine system being implemented demands additional administration and support there is a monthly charge, but this is rare.

Q:"Will we need training?"

A: Probably not. We have worked really hard over the last 8 years to make Labelsforwine an incredibly easy system to use. In most cases if training is required this can be done via email or telephone. There is no charge for this service. On-site training (charged by the hour) is of course available upon request.

Q:"What about support"

A: A 24hr support line is provided free of charge to all Labelsforwine users.

Q:"Sounds good. Can we trial the system?"

A: Yes, at no cost. You need to supply us with the original artwork files for your labels (open InDesign or eps files ideally) so that we can start building your templates. We then liaise with your team to establish exactly which parts of each template needs to be variable, and once built into the system send you a link so you can test and approve them online. Once approved, you are ready to start using the system to produce your label artwork.

REGULATIONS APPLICABLE TO WOODCHOPPING CONTESTS

The Woodchopping Contests are registered with the Central Victorian Axemen's Association Inc. and held under the guidance of Australian Axemen's Association Inc. Rules.

CONDITIONS OF ENTRY

101. The rules appearing in this Schedule form part of the Regulations and conditions of entry to an Event at the Show. In the event of any inconsistency between the Regulations and these rules, the Regulations shall prevail to the extent of the inconsistency unless the Regulations provide otherwise.

102. Scratchings must be notified to the Woodchop Handicapper by 5 p.m. on the day prior to the event. Competitors not notifying scratchings will be fined $50.

103. The logs and billets will be any variety of timber and any length approved by the Stewards in their absolute discretion. The diameter of all logs will be as uniform as possible.

104. ALL COMPETITORS must state on the entry form their last win and handicap and a list of their last four performances anywhere, irrespective of Association or State, together with the name of the backmarker. An entry will definitely not be accepted unless the last win and the last four performances for each class of event entered, are stated on the back of the entry form. This applies to ALL Australian and New Zealand competitors.

105. The contest will be chopped in heats and a final, according to the number of entries.

106. All logs and billets will be numbered, and will be drawn for by the Stewards.

107. The first and second competitors in each heat unless otherwise stated, shall compete in the semi-final or final. At the absolute discretion of the Stewards, when there are two semi-finals, they may take one, two or three placegetters to start in the final.

108. No competitor will be allowed to make any axe marks on his log or to the foot holes or dog holes before his handicap starting time as allotted by the Handicapper.

109. No persons, other than competitors and officials, will be allowed in the arena during the contest.

110. Axes must entirely sever logs in two parts; competitors who sever logs with the aid of pushing or pulling will be automatically disqualified.

111. Competitors must be at their places prior to the advertised time of starting. Events will be commenced at their advertised starting time notwithstanding the absence of any competitor.

112. Each competitor shall wear long white trousers, white boots or shoes and a singlet or shirt which must be of a colour considered by the Steward-In-Chief to be appropriate to the State in which he resides or appropriate to the particular event in which the competitor is competing. Singlets or shirts provided by sponsors must be worn in the allocated events.

A competitor's wearing apparel must at all times be kept in a clean and tidy condition throughout the period of the Show. Competitors in finals should not leave the arena between end of final and presentation of awards and they must remain in the same uniform.

No advertising matter of any kind shall be displayed or be visible on the wearing apparel of any competitor, without prior approval of the Steward-In-Chief, except that the insignia or Coat-Of-Arms for Countries, States or Association Show Societies, Clubs or other bodies may be worn on the singlet or shirt front subject to the prior approval of the Steward-In-Chief.

113. In any Association or Club teams race, the Association or Club uniform coloured singlets are to be worn.

114. Any axeman who holds the right to compete in novice events, forfeits the right to compete in a novice of the particular event when he/she has won a single handed open handicap event anywhere in Australia. This rule applies Australia wide and is irrespective of prize money. A competitor who claims to be a novice may be required by the Steward-in-Chief to make a statutory declaration to this effect.

115. The RASV may appoint a Disputes Committee for the Woodchopping Contests and any decision of this Committee shall be final in all respects whatsoever save only for any decisions or directions of the RASV. No decisions, directions or determinations made by the Disputes Committee, or the RASV for the purposes of the Wood Chopping Contests shall be called into question in any manner or in any proceedings whatsoever.

116. Competitors must use clamps as supplied by the RASV in all Standing Block Events.

117. A Competitor who wins an event after the posting of marks may be re-handicapped for any subsequent event or events. The RASV reserves the right to re-handicap a competitor before an event has commenced.

118. Every care must be exercised to keep axes and saws covered. Axes and saws MUST NOT be carried among the general public unless so covered. Competitors should note the terms of rules 10.1 and 10.2 of the General Regulations. **All axes shall have a pin (minimum size 3mm) placed through the axe as near as possible to the centre of the handle area.**

119. Logs situated in a reserved area adjacent to the Dressing Room will be provided to enable competitors to test their axes. Competitors shall not be permitted to test their axes in the main arena.

120. In the Underhand events all axemen must finish on their logs.

121. In a Tree Felling event any axeman chopping in a previously cut board hole will be automatically disqualified.

122. Under no circumstances are axemen permitted to enter the Log Enclosure without the permission of the Log Steward.

123. In all sawing contests saw cuts shall be started as close as possible to the front end of the log and shall not be more than 100mm in from the edge of the top side. Oil may be used on the saw immediately prior to the commencement of the contest. In sawing contests the saw must saw through the log from one side only.

124. In sawing contests the wedger shall stand behind the log and if any wedger in any way touches or guides a saw or touches or guides that portion of the log which is being cut off, the competitor or team concerned shall be automatically disqualified. The wedger's wearing apparel must conform with regulation 112.

Definition: "Behind the log" in this regulation shall be interpreted to mean the opposite end of the log to the saw cut.

125. In the 400mm diameter butchers blocks one member of each team shall open a scarf and cut the log approximately half way through, the first cutting member of the team on ceasing to cut shall retire to his neutral area and visually indicate to his partner, in a manner prescribed by Stewards, that the other team member is to complete the cut by opening a scarf on the opposite side of the log. The wedger's wearing apparel must conform with regulation 112.

126. Save only as provided in regulation 115, any decision of a Steward with respect to any matter related to the Woodchopping Contests shall be final and any regulations, conditions, rules or guidelines, which may be expressed to apply to the Woodchopping Contests shall in no way be construed as limiting the discretion of the Stewards to conduct the Contests in such manner as they think fit.

127. Inscribed Sashes and Ribbons, presented by the RASV will be awarded to the first, second and third prize winners of events No's. 1 to 47 inclusive.

128. Woodchopping contest times and dates will be announced in the Catalogue.

SPECIAL NOTE

- All axemen are requested to be present in the Axemen's dressing room at 10.00 am, Friday 19th September to be advised of the rules they are chopping under.
- All winners of Handicap events are subject to re-handicap for the remainder of the Show.
- The Handicaps are subject to alterations as the Handicapper thinks fit.
- Penalty for win up to 4 seconds.
- Axemen are to report to the Stewards half an hour before the time of the event they are to compete in.
- Winners of prize money at Brisbane and Adelaide Royals must declare same to Handicapper before competing in any event.
- Scratchings must be notified to the Woodchop Handicapper or Arena Broadcaster by 5 p.m. on the day prior to the event.
- **COMPETITORS NOT NOTIFYING SCRATCHINGS WILL BE FINED $50.**
- All handicap events are handicapped behind scratch.
