THE INDUSTRY THAT MADE VICTORIA---

YOUR RAILWAYS

Railway transport has been—and still is—the basic industry for national welfare . . . indispensable in the past and still indispensable to-day.

There is no transport job too difficult for the railways. In all conditions, fair weather and foul, they provide safe, effective and reliable service for primary producer and city merchant, manufacturer and private consignor.

AND REMEMBER:

Prosperity cannot be fully restored to Victoria unless the railways, which offer the best and safest service, receive their full measure of support.
