# CITY, COUNTRY **COME TOGETHER**

THE Royal Agricultural Society of Victoria looks forward to

welcoming you to this year's Royal
Melbourne Show. We have an exciting line-up over the 11 days that promises to offer something for everyone at the only family event in Victoria that brings

together the country and the city. Last year we introduced you to our newly redeveloped Showgrounds. We were thrilled to see the overwhelmingly positive response from the public, which led to the Show being the best attended in almost 10 years. In 2007 we have added further refinements to the

infrastructure of the Showgrounds and the content of the Show. By working closely with our committee members and loyal exhibitors we have enhanced the agricultural competitions, giving rural Victoria an opportunity to showcase the best of the best. We have also ramped up our educational emphasis and introduced even more interactivity for our visitors this year

The unique design and layout of indoor and outdoor spaces at the Showgrounds allows us to create outside areas to relax, listen to music or watch some amazing displays. It also offers indoor pavilions packed with attractions, animals, entertainment and a chance to sample the best food and wine in Victoria.

Our aim is to bring rural and urban Victoria

together for 11 days of entertainment and education for the whole family. Don't miss a fantastic line-up of the best farm animals on show in *The Weekly Times* Livestock Pavilion and the children's educational world of animals in the unique experience of the NAB Animal Nursery Discovery Farm.

We offer action-packed activity on the Coca-Cola Arena with the woodchop championship — Australia v New Zealand international Test series, the wild Stockman's Spectacular and our traditional Grand Parades and equestrian events.

and equestrian events.

Entertainment abounds with lots on offer every day, including the Open-Air Circus, Shrek the Third live stage show, and an exciting new cookery competition for budding chefs of all ages — the Chef's Studio.

Celebrate all things Victorian, from hobbies and the world of pets to rural activities and produce, plus action and entertainment for

# It's bigger, better and there's something for everyone

M ELBOURNE'S incredible new Showgrounds have passed their biggest test, winning the overwhelming approval of almost 600,000 people who streamed through the gates for last year's Show — the first after the \$108 million renovation.

Show patrons toured the new Livestock Pavilion, sampled food and wine in the Grand Pavilion, watched the spectacular entertainment on the Coca-Cola Arena, sang and danced along with the entertainers on stage in the Herald Sun Town Square, marvelled at the beautiful exhibits in the Art and Craft Pavilion and were stunned by the fashion on the catwalk in the Fibre to Fashion Pavilion.

You screamed your lungs out on the rides, bought showbags by the dozen, learned about agricultural innovation, patted lambs, calves and chooks and had so much fun.

In short, it was a wow of a Show. Incredible as it may seem, this year promises to be even bigger and better.

So what is there to get excited about at this year's Royal Melbourne Show?

# SHOWING OFF OUR BEST

# **CHEF'S STUDIO**

THERE'S nothing else like it in Australia — and possibly the world. It promises to be lots of fun over a whole lot of food. Watch top chefs, apprentices, celebrities, school students and Show patrons battle it out for glory in the kitchen. More than \$50,000 in cash and prizes is up for grabs.

# ANIMALS EVERYWHERE

ANIMALS and agriculture have been a huge part of the Show since a group of farmers held a ploughing competition in Moonee Ponds in 1848. This year you can expect to see the horses — and their talented riders who will compete for Australia at the Beijing Olympics, 880 cattle, 650 sheep, 470 alpacas and 130 goats, plus dogs, dancing and diving pigs, chooks, rabbits, ferrets, guinea pigs and cats. The huge new Weekly Times Livestock Pavilion — a whole hectare of space - is the place to see some of Australia's best beef and dairy cattle, sheep, alpacas and goats. Watch out for those bulls: last year two bulls each weighed more than 1300kg and they're bound to be just as big this year.

# **BEST OF REGIONAL VICTORIA**

THIS year's feature region in the Grand Pavilion is the Yarra Valley and the Dandenongs. Taste the wines, sample produce, talk to farmers and winemakers, plan a holiday and talk to locals.

# TOP ENTERTAINMENT

SHREK live stage show, the Football Rockstars, Sunday session, Mental as Anything on stage, stunt bikes, trick riders, circus performers, fireworks, laser-light shows and dozens of other acts will perform day and night at the Show.

# FUN FOR THE KIDS

THE NAB Animal Nursery Discovery Farm has been reconfigured this year. You can see or get involved in all sorts of farm jobs such as sheep shearing, collecting eggs and patting animals. Also, learn the secrets of the Horse-Whisperer, legendary storyteller John Bury, and the Australian Brumbies: from the Snowy River to the Royal Melbourne Show. There's a Show Treasure Hunt and your school can follow the McDonald's Show Explorers' Trail to learn how natural fibres become fashion, how food gets from paddock to plate and much more.

# **EXCITING SCHOOLS PROGRAM**

THE Royal Agricultural Society has put together a brilliant program for school groups on Thursday, September 20, and Friday, September 21, to help make the 2007 Show experience not only stress-free and affordable, but educational, interactive and fun. Visit www.royalshow.com.au/just-forfun.asp or call our education co-ordinator on 9281 7444.

# WILD RIDES

THE famous Show Carnival is back. Scare yourself stiff upside down and inside out on as many rides as you can bear every day of the Show. And if you have plenty of ticker but aren't quite tall enough for the Carnival, there's always the new Kids Carnival area for a whole lot more fun.

# SHOWBAGS GALORE

GET set for 136 showbag shopping hours at this year's Show. But you'll need every minute to decide between more than 340 different bags on sale.

# FOOD FOR EVERYONE

FANCY something swish? Spicy? Sushi? A pie? Or perhaps civilised afternoon tea with the women from the CWA. There's something to eat at the Show to suit everyone's tastes and budget.

# THEME DAYS ARE BACK

LAST year's theme days were a great success. So much so we're bringing a few of them back for a second time. Drumstick Fun Friday is especially for children and school groups, but big kids are more than welcome. Banana Sunday is an excuse to party: it's B1 and B2's 15th birthday and you're invited to the celebrations. Multicultural Monday is the perfect day to celebrate the spice of life. And Wild Wednesday is so wild we're offering you two rides for the price of one.

WELCOME to the 2007 Rayal Melbourne Show. This acclaimed annual celebration

has been a much-loved part of Victoria's cultural life for more than 150 years. No other annual public event attracts so many people—or unites the country and the city in such a spectacular way.

Last year, almost 600,000 people attended the Show at the

redeveloped Showgrounds. Our Government was proud to contribute \$108 million towards this major transformation, which was completed in partnership with the Royal

Agricultural Society.

The public grand stand, the Pie in the Sky and horse pavillon have been fully restored. The grand pavilion and its spectacular big top is now a landmark feature of the Melbourne skyline. A new event and exhibition site is already strengthening Melbourne's reputation as a major-events destination.

The Royal Melbourne Show is one of the best family events in Australia. It is also a magnificent showcase of Victoria's vibrant agricultural sector.

A MARVELLOUS MENAGERIE

Owners have a passion for showing their cattle, sheep, goats, dogs, alpacas and poultry

ILL and Ian Chappel bring their champion simmental and brahman cattle to the Show each year because it's a chance to see their friends. And the trip to Melbourne from Tennyson, near Rochester, gets them off the farm.

Their youngest son, Dale, 12, is showing his charbrays because he's bursting with enthusiasm for his own stud, Zantuk Creek, and a member of a family in which everyone is into showing cattle.

And when you're in year 6 and that keen about something, you don't care that you're the only person exhibiting charbrays. As he found out last year, your cattle are still judged, you still learn a lot and you can win a ute-load of ribbons.

The Chappels' neighbour at Tennyson, Peter Collins, brings his angus cattle to the Show as a marketing exercise. If a visitor to the Show notices your cattle and likes what they see, they're more likely to choose your stock when they're next looking to buy. Collins says he often gets a few phone calls from potential buyers after exhibiting at the Show.

The angus breed, one of the most common and best-known in Australia, needs little publicity, but the Show is a vital marketing tool for lesser-known breeds such as belgian blues or brahmans, Collins says. The same sort of general marketing benefit applies to less common animals, such as alpacas.

Collins won't only be showing his angus. He'll be at the Show this year as a judge for the murray grey breeds and for the junior beef cattle handlers' competitions, his favourite part of the Show.

"I love doing this and it's important: it's the future of our industry," Collins, who has judged junior beef cattle handlers' competitions at most of the big shows around Australia, says.

"And it's not about winning. It's about being involved, learning from the experience and building confidence. I try to get the microphone around to every entrant."

The junior beef cattle handlers prepare their animals as if they were being judged in any other livestock category. The animals and their handlers are judged on presentation and the handlers are judged on how they parade the animal.

Handlers are usually aged from 8 to 18 and the remay be more than 15 centries across four categories at the Show this year.

"It doesn't have to be a fantastic animal if we can see that it is well prepared and well paraded," Collins says.

## BEEF CATTLE

SPOT the Texan hanging out in *The Weekly Times* Livestock Pavilion. He is Fred Schuetze, of Buzzard Hollow Ranch in Texas, who is here to judge our beef cattle. This is his Royal Melbourne Show judging debut, but he is no stranger to our cattle industry, visiting plenty of times at field days and sales. Schuetze says the fundamentals of what makes a champion are the same the world over. "(They) should all look alike, be moderate in size and yes, this is a show, so they must also look the part," he says.

# **GRAND PARADES**

SALUTE the breeders and exhibitors who have worked hard to get their animals in peak condition for the Grand Parades. See the beautiful animals in three Grand Parades and three other parades — harness, clydesdales and hounds — all on the Coca-Cola Arena.

→ See the Daily Planner for dates and times.

# DOGS

EVER seen a dog that needs moisturiser, sunscreen, a chapstick and pimple cream? Then don't miss seeing the peruvian hairless dog make its debut at this year's Show, with judging on Friday, September 21.

This ancient breed is sleek, sporty, smart and friendly, but the dogs' lack of hair also make them prone to acne, sunburn and chapped ears — and they feel the cold.

Hungarian wirehaired vizslas also make their debut this year. The lean, powerful hunting breed are a cross between german wirehaired pointers and hungarian shorthaired vizslas. Judging is on Tuesday, September 25.

It would be an agile dog indeed that takes his chances in a poker game or at a snooker table. Actually, the terms gamblers and snookers in dog competitions are categories of agility games. Dogs jump, run through tunnels and around flags in gambler and snooker categories. Agility games are new to the dog competition and are on the final Sunday of the Show, September 30.

→ Dogs have a new home this year — you'll find them in Pavilions 18 and 19 and nearby outdoor judging rings.

# SHEEP

JOIN the mob admiring some of the world's best sheep. More than 15 breeds and 650 sheep will be on show in *The Weekly Times* Livestock Pavilion. The competition judging starts before the Show, from Wednesday, September 19 to Friday, September 21, with the ram sale at 11am on Friday, September 21 in the judging ring. Even if you don't know your rams from your lambs, you'll see really valuable animals at their best.

# ALPACAS

THE Show is an important time for alpaca breeders. The competition is on from Friday, September 21, to Sunday, September 23, and this year has attracted more than 470 entries, a Show record.

# GOATS

THIS year's feature breed is saanen, a dairy goat originally from the Saanen Valley, in Switzerland. Australia is now a world leader in saanen breeding. New to this year's Show is a boer goat carcase competition. Goat competitions are on Thursday, September 20, to Sunday, September 23, with boer goat judging on Sunday, September 23 and dairy goat judging on Saturday, September 22, all in The Weekly Times Livestock Pavilion.

# POULTRY

THE chooks will clean up at this year's Show — and not just in the competition categories. Chook washing demonstrations are a big hit every year

and are on again daily at 11am, 1pm and 3pm in the Poultry Pavilion, except for Thursday, September 20 (1pm only) and Sunday, September 30 (no 3pm show). The free-range area is open for 15-minute intervals during pavilion opening hours and children can hold, pat and play with the animals.

# **FIBRE TO FASHION**

DON'T let anyone tell you farming isn't fashionable. And if they do, send them to the Coffee Club Fibre to Fashion Pavilion at the Show. It's open 9.30am-9pm daily (8pm on Sunday, September 30) and is the place to go to see the fashion parades. The three spring/summer women's and menswear parades showcase natural fibres; wool, leather and cotton from a broad range of retailers. There will be plenty to suit every budget, taste and age group.

Don't only look at the clothes. Ten of the models are finalists in the Coffee Club New Faces of the Show model search and you can choose who you think has the brightest modelling future.

Heats are on at Highpoint Shopping Centre this Friday to Sunday, September 14-16. For information on how to enter or when to go to Highpoint to watch the heats, visit www.royalshow.com.au

The 10 finalists will feature in special segments of the fashion parades at the Show. On the final day of the Show one model will be named Face of the Show and receive a contract and training with Vivien's Model Agency.

→ Vote for the model you think should win the People's Choice award by visiting www.royalshow.com.au and be in the running for some great prizes.

# COMPANION ANIMALS

CATS, rabbits, ferrets, pigeons, cavies (guinea pigs), rats and exotic birds are part of the companion-animal display, which is open daily in the Wonderful World of Pets.

→ See competitions and exhibitions on these days:

Cats: September 20-24

Agility rabbits: September 25-26. Agility rabbits perform tricks and run through obstacle courses.

OSH Adamson and Patrick Barrett are the young guns of woodchopping - Adamson is Australia's under-21 team captain, Barrett the New Zealand under-21 manager. And they're in peak condition for a trans-Tasman Test under lights for the first time at the Coca-Cola Arena.

Veteran Australian axeman Laurence O'Toole says the under-21 trans-Tasman competition has been so close in recent years he can't pick the winning team.

There's absolutely nothing in it," O'Toole, who has been chopping at the Show for about 40 years and will be competing again this year, says. His son, also Laurence, is one of the world's best axemen and will also be in action.

Adamson has been in heavy training for the past couple of months, with good results at the Royal Easter Show in Sydney and almost a clean sweep of competitions at local shows

Chopping is in his blood. One greatgrandfather and two grandfathers were axemen and his father (also an axeman) and mother met through woodchopping. His mother didn't compete but she's quite handy when a barrow load of wood is required, Adamson says.

Adamson's Australian team is young, with a few 17 and 18-year-old first-timers and a couple in their second year in the team. Barrett's Kiwi team is also young, with a few members still at school.

Barrett has also been chopping since he was young. His great-grandparents, grandparents, parents, aunts and uncles, cousins, brothers and sisters and even his in-laws are all involved in the sport.

His approach to training for this big competition is simple; get fit and chop a lot. Adamson also knows the importance of fitness. He rides a bike and runs every week, saying an understanding of how to stay fit is one of the main differences between young axemen and those of generations past.

And though the youngsters wear good old Dunlop Volleys on their feet for competition — just as their fathers and grandfathers did they're using axes that are technologically more advanced than older versions and slightly heavier.

So why the Volleys and cricket whites for this new generation of woodchoppers? The cricket whites as uniform are a tradition, originally a

way of getting the bush axemen of times past out of their filthy work clothes.

And at \$25, ()'Tocole says, you can afford to buy another pair of their gift, grippy Volleys if you miss your markend cut the toe out of

# TICKET TO RIDE With the Beijing Olympics just around the corner, our showjumpers are out to impress the judges

E IGHT-year-old thoroughbred Koyuna Ted has his passport ready. Well, not really his passport, rather his certificate of eligibility, which means he and his owner and rider, champion showjumper Becky Allen, have jumped courses of a certain minimum standard and are ready to go to the Beijing Olympics if picked as part of the Australian equestrian team.

Allen says though the Royal Melbourne Show is not an official selection trial for Beijing, it's an important opportunity to compete at international standards.

"The judges will be watching very

closely," she says.

Those judges will also be watching seasoned Olympic campaigner Vicki Roycroft, who listened to Allen's glowing praise of the new Showgrounds experience last year and decided to join her in Melbourne.

Allen says equestrian legend Roycroft, who has represented Australia at three Olympics and three world championships, will be hard to beat.

Melbourne was once the pinnacle event for showjumping, a reputation that is being rebuilt on the back of the Showgrounds renovation.

Competitors are coming from all over Australia for the opportunity to participate in an international-standard competition at the Show. The four-day showjumping program is also easier on everyone's schedules than longer

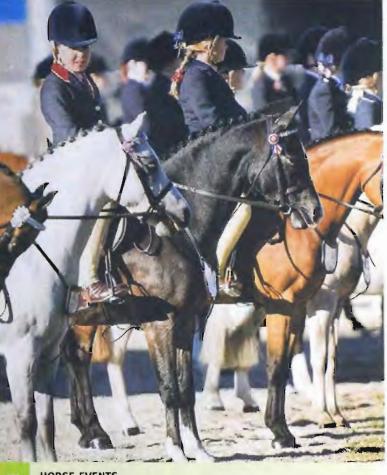

programs at other shows.

Allen has put aside her usual work commitments as a riding instructor, horse trainer and trader to concentrate on her Show and Olympic campaigns.

She is confident about her chances for success in Melbourne and for inclusion in the Olympic team. She and Koyuna Ted are on the Australian development squad for the Olympics and spent time in Queensland in July at an intensive training camp with the national coach.

The girl from Arthurs Creek, northeast of Melbourne, is no stranger to high-level equestrian competition. Allen, 27, began riding aged three and has since been a Show fixture. Her mother rode for Victoria and her father, Robbie Allen, rode for Australia and was selected for two Olympic squads, though he never competed at an Olympics.

Allen will also compete in the Garryowen Equestrienne Turnout. Garryowen was champion rider Violet Murrell's horse. Murrell tried to save Garryowen when her stables caught fire in 1934, but both died. It's rare for a rider to compete in the showjumping and the Garryowen.

# LIFE THROUGH THE LENS

A Day in the Life of Rural Victoria When: 9.30am-9pm every day Where: Fibre to Fashion Pavilion Map ref: L5

OW do you encompass all that happens in one long day on a farm or in a country town in one photograph? It's not easy, especially when most of those days begin long before the sun is up and finish long after it sets. And in between there are animals to tend, crops to sow and strip, fences to mend, paddocks to plough, bookwork to be done. family to cook and care for, endless kilometres to drive and maybe — if there's a minute to spare — sport and play time.

The Melbourne Camera Club is a group of keen amateur and professional photographers who have taken on the challenge of portraying a day in the life of rural Victoria, a project initiated and supported by VicRelief and Foodbank, in photographs entered in this year's Show photography competition.

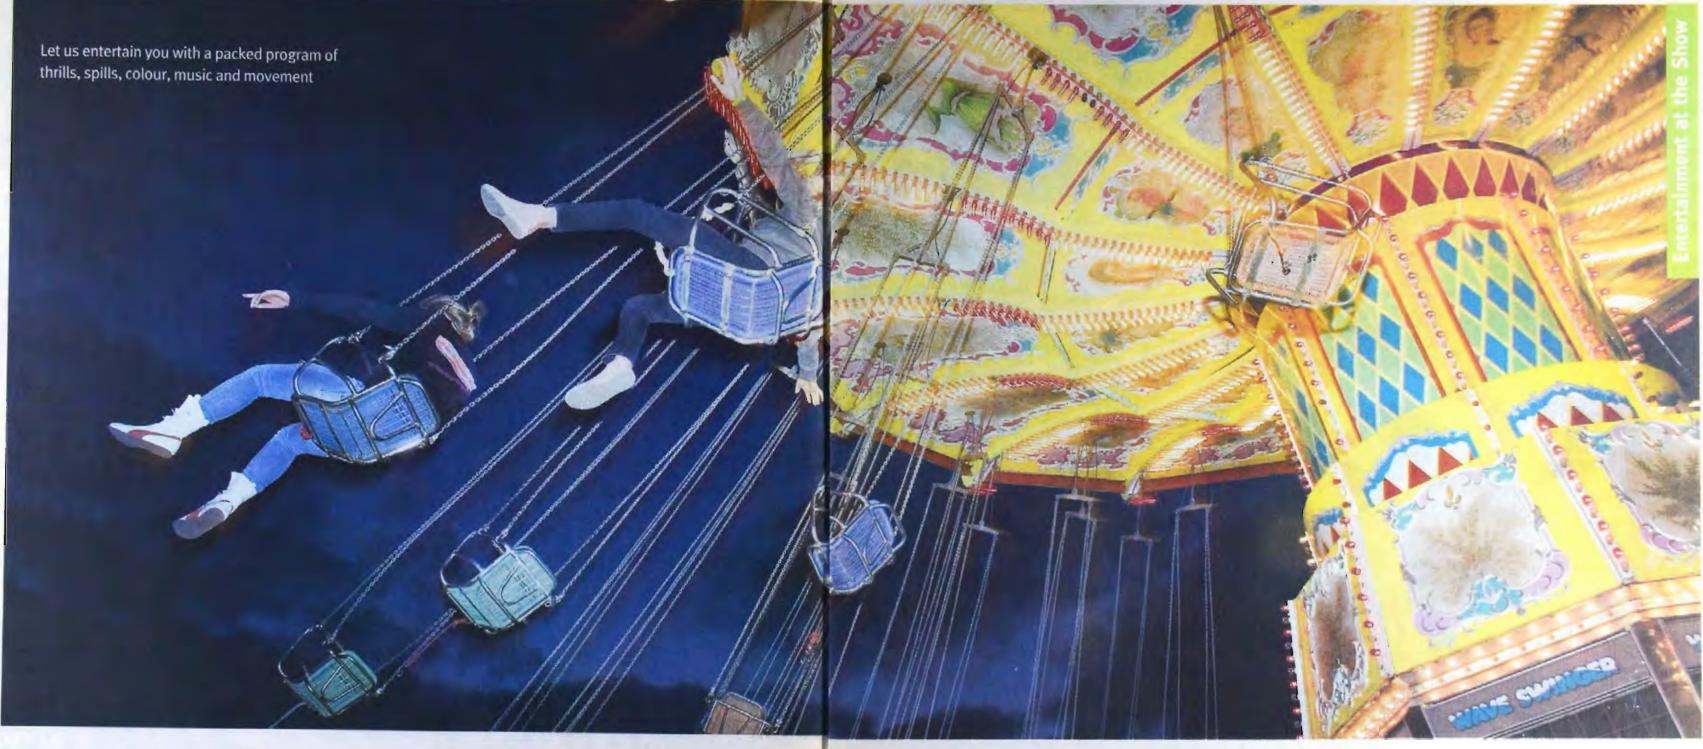

Many of the club's competition entries were taken in the Loddon Shire in North Central Victoria in and around towns such as Boort, Wedderburn and St Arnaud. The club set out to capture the effects of the drought, only to arrive just after a rain. Sheep were still being hand-fed, tractors were still kicking up dust and there were plenty of dry rivers, creeks and lakes, however, But sheep grazing in the long paddock at least had some green feed to chew on and there were a few more smiles on the locals than there would have been weeks earlier. The photography club president even bogged his car.

Showtime FMX was first performed at the Royal Canberra Show in 2000, with three mounds of dirt and lots of courage. They are now one of the most spectacular stunt acts in Australia.

Expect to see tricks including jackhammers, rock solids and heart attacks, all set to a rock 'n' roll sound track. It's exciting stuff.

# BEEFING IT UP

EMMA Setters is one of the young guns of agriculture in Victoria. The High Country beef cattle producer started a poll hereford stud when she was 18 and became a Royal Agricultural Society Rural Ambassador in 2005, aged 27. This year, she is selling her beef and lamb at the Show at her High Country Barbecue stand, fulfilling her dream of running a paddock-to-plate business.

With the grant Emma received for winning the Rural Ambassador Award in 2005, she bought business advice and commissioned agrial photographs of the property she had recently bought. She was then able to put together a modern and comprehensive farm plan for her property, Black Hills Farm, including topographical maps and to plan a sustainable business. Emma and her fiance, Peter Tellord, also ruri Black Mountain Station in the High Country.

Look out for the High Country Barbecue in the Weekly Times Livestock Favilion. You can buy High Country steak and sausage sandwiches filled with High Country Hereford Beel and High Country Hogget Majura Lamb served with specialty sauces such as blackberry barbecue sauce and bush tomato chutney.
