PREMIER'S MESSAGE

Welcome to the Royal Melbourne Show, one of Victoria's most iconic events.

Each year, the Show proudly boasts the very best in Victorian food, wine and crafts — not to mention the showbags and rides.

In addition to these attractions, the Royal Melbourne Show does a great job of showcasing our agriculture industry.

In 2016/17, Victoria exported a quarter of Australia's total food and fibre — despite our state accounting for just three per cent of Australia's agricultural land.

It's a testament to our dedicated farmers and producers.

I invite Victorians from every corner of our state to come and support these hard-working men and women, while enjoying a day out at the Show.

And don't forget to pick up a showbag!

WELCOME!

★ FROM THE RASV PRESIDENT ★

Welcome to the 2018 Royal Melbourne Show, Victoria's largest and most iconic community event. This year's Show promises to be one of our best and I invite you, your family and friends to come and join us.

Celebrating the very best in food and agriculture, the Royal Melbourne Show has a long history of educating and entertaining visitors while providing an important opportunity to connect rural and urban communities. This year, there are more opportunities to interact with animals up close, new and enhanced food and drink precincts and world-class entertainment and attractions to enjoy.

The Royal Agricultural Society of Victoria is committed to providing visitors with even greater family value, and for this year's Show we have reduced the price of family tickets by 10 per cent from 2017.

The celebrations kick off on Saturday, September 22 with an opening day special event featuring a 90-minute Jimmy Barnes concert included in the price of admission. Each day our entertainment line-up is full of world-class must-see acts, and of course our nightly fireworks spectacular (weather permitting) is always a family favourite.

Claiming a coveted Royal Melbourne Show blue ribbon is a significant highlight for the thousands of exhibitors at the Show, from livestock and their handlers, to show horses and their champion riders.

From the most intricate creations of the art, craft and cookery entrants, to the strength and skill of the woodchoppers, we wish all our

talented participants the very best of luck with their competitions.

The Royal Melbourne Show would not be possible without the important contribution of all our partners and sponsors along with exhibitors, officials, members, staff and volunteers. We thank these valued stakeholders and wish them all a rewarding and successful Show.

With so much on offer, it truly is a great day out, and with significant savings available by purchasing tickets online, it is also great value. We encourage you to visit royalshow.com.au before opening day to save up to 20 per cent,

and up to 30 per cent if you are an RASV member.

BODY WORLDS VITAL

IN
AUSTRALIA
FOR THE
FIRST TIME
EVER!

Gunther von Hagens' BODY WORLDS Vital exhibition is coming to Australia for the first time, giving Royal Melbourne Show visitors a unique insight into human health and wellness.

Since the opening of Dr von Hagens' BODY WORLDS in 1995, the first and original display of human bodies, the exhibition series has been seen by more than 46 million people, including millions of children, around the globe.

BODY WORLDS Vital focuses on contemporary diseases and ailments that affect individuals most frequently to show the fragility and strength of the human body.

The extraordinary specimens — which include whole-body exhibits, individual organs, arterial and organ configurations and translucent slices — demonstrate the complexity, resilience and vulnerability of the human body in distress, disease and optimal health.

Visitors will marvel at the life processes captured in the exhibition and will leave with a new appreciation of the power we have to keep our bodies healthy.

The specimens that form the BODY WORLDS Vital exhibition come from Dr von Hagens' Institute for Plastination's body donation program in Heidelberg, Germany,

and are preserved using plastination, a scientific process invented by the pioneering anatomist.

More than 17,000 donors to date, including 14 Australians, have donated their bodies to the Institute for Plastination.

DON'T MISS OUT on a rare opportunity to see this extraordinary exhibition at the special Royal Melbourne Show price of **ONLY \$15***
During the Show, children under 8 are **FREE****

*Viewing may be limited to 30 minutes during peak Show times
**Maximum of two children under 8 with one paying adult

WOODCHOP

POWER

AND THE PASSION

See muscles bulge and chips fly as our toughest axemen and women battle for top honours.

Woodchop is one of the traditional features of the Royal Melbourne Show, having been held for more than 100 years.

The unique woodchop events — such as the exciting standing block, sawing, underhand and tree felling

— all have their origins in the timber industry and attract some of the world's best woodchop athletes.

A test of brute strength, fitness and fine skills, the woodchop events are fast, furious and over in the blink of an eye. Get in early to make sure you catch all the action!

ARNOLD SPORTS FESTIVAL

AUSTRALIA'S STRONGEST

Watch Australia's strongest athletes take on eight gruelling challenges in the Arnold Sports Festival: Australia's Strongest Man & Woman Competition.

This invitational event sees competitors pull trucks, overhead press giant logs and lift heavy stones, as they push themselves to the limit to earn the title of Australia's Strongest Man & Woman and win a place in the coveted Arnold Pro Strongman World Series Championship in the US!

AGTECH ON SHOW

EDIBLE BUG SHOP

The latest addition to the extensive line-up at this year's Royal Melbourne Show, AgTech on Show promotes and celebrates innovation within the food and agricultural industry.

Presented by SproutX in conjunction with RASV, the program includes emerging agricultural products, technology, hardware and services.

AgTech on Show demonstrations and displays can be seen and experienced in the Livestock Pavilion over the 11 days of the Show.

ROBOTIC PICKING ARM

Avocados are popular in everything from a sandwich to an avo latte (that's a latte served in an avocado half-shell), but who picks all that fruit?

Some farms will soon begin testing robotic picking arms developed by Universal Field Robots. These arms operate at a similar speed to a human and can tell if the fruit is ripe and ready for picking.

Come and see the robotic arm in action at AgTech on Show.

Daily, Livestock Pavilion

Do you think you could snack on satay crickets, or munch on roasted mealworms?

Scientists predict insects are the future of food and Australia's largest edible insect farm — the Edible Bug Shop — will have some delicious treats available at the Show this year.

Learn why edible insects are an important part of our sustainable world and how they can be part of our diet.

Visit Australia's only edible insect vending machine and take some unique products home to share with friends.
