## INTRODUCTION

Conducted by The Royal Agricultural Society of Victoria (RASV), the Australian International Beer Awards (AIBA) inspire and celebrate excellence in brewing, beer packaging design and beer media.

Providing brewers from around the globe with an essential benchmarking opportunity, the Awards are open to breweries of all sizes, from boutique small volume to large-scale commercial production.

The AIBA, this year celebrating 28 years, is the largest annual beer competition in the world judging both draught and packaged beer. In 2019, the Awards attracted over 2,590 entries from 402 breweries in 27 countries.

The 2020 AIBA offers ten major trophies, including the coveted Champion Australian Beer and Champion International Beer trophies, as well as 23 category trophies.

Judging will take place over three days in May at Melbourne Showgrounds, Ascot Vale, Victoria, Australia.

The results of the 2020 AIBA will be announced at the Awards Presentation Dinner held during *Good Beer Week* on Thursday 21 May. See page 6 for details of this and other AIBA-related events.

## WHY YOU SHOULD ENTER

There are many reasons to enter the AIBA, including:

- As the world's largest annual beer competition judging both draught and packaged beer, the AIBA offers exhibitors an unparalleled opportunity to benchmark their beers against industry standards.
- In reporting results to exhibitors, exhibit scores are represented on distribution graphs (where there is sufficient data to do so) enabling exhibitors to see how their beers rank against those of their peers, in Australia and abroad.
- Medal-winning exhibitors will be provided with the AIBA Marketing & PR Tool Kit to assist with promoting their win and marketing their beers with a seal of quality.
- Gold Medal-winning exhibitors who have demonstrated consistency across three consecutive years (since 2018) with the same beer in the same format will be awarded a Consistency of Excellence Medal (see page 8 for details).
- Medal-winning exhibits will be promoted through the AIBA associated events, including at the Awards Presentation Dinner on Thursday 21 May and Exhibitor & Trade Tasting on Friday 22 May.

## WHAT YOU SHOULD KNOW WHEN ENTERING

- The AIBA is a credible and impartial competition conducted by one of Australia's most highly esteemed royal agricultural societies, the RASV, the organisation responsible for the Royal Melbourne Wine Awards and the Australian Food Awards.
- The judging panel boasts some of the world's most highly respected brewers, beer writers and educators.
- Entries are blind tasted and judged on their own merits against a set of criteria (see 'Scoring & Medals' for details).
- Entries are allocated a tasting order number, separate from the catalogue (exhibit) number, to ensure the anonymity of the exhibit and to protect the integrity of the judging process.

## ENTRY ELIGIBILITY

- Entries must be commercially available in the precise composition and in the same packaging, including labels, in which it is submitted for judging. Beers packaged especially for the competition that are not ordinarily available in packaged form will not be accepted - this includes beer in growlers. Exhibitors may be required to verify commercial availability by providing the details of at least one stockist or outlet.
- A beer can only be entered once, in either draught or packaged formats or both, so long as the different formats are entered into the same class and beer style.
- Exhibits must be entered in their correct class according to style.
- Exhibitors are directed to consult the US Brewers Association 2019 Edition Style Guidelines, as well as the Australian and New World styles outlined herein, when determining which class to submit their beer:  
<https://www.brewersassociation.org/resources/brewers-association-beer-style-guidelines/>
- The packaging type (draught or packaged) must be stated on the entry form by the exhibitor where asked to define this attribute. As draught and packaged beers are judged together, there is no need to separate classes by packaging type.
- Exhibits that are commercially sold as the same beer but brewed at different locations by the same exhibitor must be entered under the brewery name and location. The exhibits can then be entered in the same class as the same style provided the locations of the breweries are stated (e.g. *My Brewery, Victoria*, and *My Other Brewery, Western Australia*).
- Entrants are responsible for all transportation fees and for ensuring the prompt and safe delivery of their entries.

## HOW TO ENTER

There are three simple steps to enter the AIBA:

1. Read through the competition Entry Booklet (this document) and the categories you can enter product into;
2. Complete the online entry process at [www.rasv.com.au/beer](http://www.rasv.com.au/beer) - or send your entry form to AIBA - and arrange payment for your entries; and
3. Upon receiving confirmation of your entries and product delivery instructions, submit your exhibits to AIBA for judging.

## HOW WE USE YOUR BEER

In addition to samples being used for judging, they are used to verify that products entered are commercially available and comply with labelling and other regulatory requirements. Samples are also used for promotional purposes including at VIP and media tastings, at the Awards Presentation Dinner, Exhibitor and Trade Tasting, and in displays of Trophy and Medal-winning product. Exhibit stock remaining after AIBA judging has been completed will remain the property of RASV/AIBA.

## WHAT OUR TROPHY WINNERS SAY

*Taking out Champion Medium Australian Brewery in 2018 was a huge achievement for the entire Green Beacon team. We were truly honoured to have been recognised by our peers on a global stage. AIBA is an event we look forward to each and every year.*

**Chris Borbas, Green Beacon Brewing Company, QLD**  
Winner - Champion Medium Australian Brewery, 2018

*Pelican Brewing Company has entered the AIBA every year since 2003. It has been a great event for us over the years. We have been fortunate to win consistently, and these results have helped us to communicate our commitment to excellence, quality and consistency to our customers. Winning a Gold Medal or a Category Trophy with one of our beers helps to affirm the excellence of that beer. We strive to produce world-class beer, and a Gold Medal or Trophy from the AIBA helps to demonstrate that level of quality. These awards resonate with our customers, help to provide talking points to our sales team, and boost the morale for our brewing and packaging staff.*

**Darron Welch, Pelican Brewing Company, Oregon, USA**  
Winner - Champion Medium International Brewery, 2016

*We were ecstatic last year after finding out that not only had Chelsea Moylan's Porter won Best Porter, but that Moylan's would bring home the Champion Small Brewery Trophy. Winning these awards validates all the time and effort we put in, day in and day out. To win Small Champion Brewery again is a great accomplishment as well. With the ever increasingly competitive market both here in the US and in Australia, we want to make sure our consumers get a great quality fresh beer from us.*

**Derek Smith, Moylan's Brewing Company, California, USA**  
Winner - Champion Small International Brewery, 2016

*2018 was the first time that Brownstone Microbrewery entered the Australian International Beer Awards. Brownstone is a small brewery with a single 500L fermenter located in Eumemmering on the South Eastern outskirts of Melbourne. We entered the Australian International Beer Awards, as we wanted feedback as to the state of our beers, and where we could improve.*

*While we were fortunate enough to win the Garry Sheppard Memorial Trophy for Best New Exhibitor at the 2018 AIBAs, one of our beers did not perform as well as we'd have liked. We have used the feedback to review our formulations, processes and quality systems. We see this as an opportunity to improve our beer and we relish the challenge, as our customers demand high quality product in this ever increasingly competitive beer market.*

*The Australian International Beer Awards is an internationally recognised beer competition that should be on your brewery's radar. By having your beer impartially assessed by a group of esteemed beer judges under a blind tasting, you can be assured that the feedback you receive represents your beer accurately.*

**Steve 'Hendo' Henderson, Brownstone Microbrewery, VIC**  
Winner - Garry Sheppard Memorial Trophy for Best New Exhibitor, 2018

## PROOF OF ANNUAL PRODUCTION VOLUME

Exhibitors may be required to provide proof of annual production volume with an annual excise statement from their national taxation office for the twelve (12) months prior to entry into the 2020 AIBA. If the primary language of the country of origin is not English, the exhibitor is required to provide a formal English translation. The annual excise statement (including translations) should be forwarded to the AIBA Competition & Event Manager if requested. All excise statements submitted will be treated confidentially and destroyed following the announcement of the Awards.

## SECTIONS AND CLASSES OF ENTRY

Exhibitors are directed to consult the US Brewers Association (BA) 2019 Edition Style Guidelines, as well as the Australian and New World styles outlined in the Entry Booklet, when determining which class to submit their beer. The 2019 Edition US BA Style Guidelines can be found at <https://www.brewersassociation.org/resources/brewers-association-beer-style-guidelines/>.

A beer can only be entered once, in either draught or packaged formats or both, so long as the different formats are entered into the same Class and beer style.

The packaging type (draught or packaged) must be stated by the exhibitor where asked to define this attribute. As draught and packaged beers are judged together there is no need to separate classes by packaging type.

Exhibits that are commercially sold as the same beer but brewed at different locations by the same exhibitor must be entered under the brewery name and location. The exhibits can then be entered in the same class as the same style provided the locations of the breweries are stated (e.g. My Brewery, Victoria, and My Other Brewery, Western Australia).

### PACKAGED EXHIBITS

Exhibits submitted in packaged form must be from a commercial bottling run (or canning line) and must be commercially available in the precise composition, including labels, in which it is sent for judging - growlers will not be accepted. Beers packaged especially for the competition that are not ordinarily available in packaged form will not be accepted.

Exhibits not commercially labelled to meet all legal labelling requirements in their country of origin will not be judged.

Cans, PET containers, and cork or crown-sealed bottles are acceptable.

Flip-top (or swing-top) bottles will not be accepted unless sealed with a tamper evident label.

Product may be package conditioned.

### DRAUGHT EXHIBITS

Exhibits submitted in draught form must be in clearly identifiable, commercially appropriate kegs (i.e. coupler Type D or Type A) that are the property of the exhibitor or of a keg rental provider used under agreement. Cornelius (Corny) kegs and other home-brew type containers will not be accepted. Draught exhibits not in Type D or Type A kegs will not be judged. Product may be cask conditioned.

Kegs submitted must be the property of the entering brewery or brewer and or the property of a keg rental provider used under agreement (e.g. Kegstar), and should be brewery branded or otherwise clearly labelled as to its contents and ownership. Kegs submitted that are not the property of the exhibitor or of a rental keg provider used under agreement will be withdrawn and disqualified.

## EXPLANATORY NOTES FOR CLASSES

It is essential that exhibits be entered into their correct class. Exhibits not correctly entered will be determined to be 'out of class' and will not be assessed. We encourage exhibitors to consult the US Brewers Association 2019 Edition Style Guidelines when entering their beers. In addition to the styles outlined there, the 2020 AIBA will assess the following seven (7) classes as per the guidelines outlined herein (see following pages):

- Australian Style Lager - Class 1A;
- New World Lager (replaces International-Style Pilsner) - Class 3C; and
- New World Style Pale Ale - Class 7A; and
- Black IPA - Class 10D; and
- New World IPA - Class 11B; and
- New England Style IPA - Class 11C; and
- Gluten Free - Class 19E.

Please also note the following recent changes to the AIBA.

### CLASSES FOR 'OTHER ALTERNATIVE'

The 'Other Alternative' classes under each style have been removed, as has the facility to enter brewer's notes in respect of those entries.

These classes functioned to cater for beers that sat outside their style with ABV's either higher or lower than the US BA Style Guidelines prescribed with +/-0.3 (plus or minus zero point three) tolerance applied.

Exhibitors are encouraged to consult the US BA 2019 Editions Style Guidelines in determining the appropriate class to submit their beer.

### ALCOHOL BY VOLUME (ABV)

#### Lower Limit

The lower limit of ABV for all styles is now 0.5%, the lowest alcohol by volume content that requires an ABV statement on the label as prescribed by the *Australia New Zealand Food Standards Code - Standard 2.7.1*.

Reduced and Low Alcohol beers can now either be entered into their respective classes (e.g. class 1 through 20) according to style, or into class 14 - 'Reduced or Low Alcohol', however they cannot be entered into both. Entries in class 14 must state the base style. The stated ABV must be as advertised. Entries in class 14 will be audited to verify their alcohol content and exhibitors may also be asked to provide their own report on alcohol content.

#### Upper Limit

The upper limit of ABV for all styles mirrors those found in the 2019 Edition US BA Style Guidelines with an +0.3 (plus zero point three) tolerance applied. In the instance where a beer sits above the upper ABV limit (with +0.3 tolerance applied), exhibitors are directed to consult the 2019 Edition US BA Style Guidelines for the appropriate class to submit their beer.

Higher alcohol beers can be entered in class 19E - 'Other Strong Ale or Lager'. When entering beer in class 19E online, exhibitors will be required to select the style of beer from a drop-down list of choices from the US BA Style Guidelines and to provide the ABV and IBU of the beer. These beers will then be grouped with their respective style for assessment, noting the higher ABV; however, they **will not be eligible** for their style trophy, only for the trophy for class 19 - Best Specialty Beer.

Should you need assistance in determining which class your beer should be entered into, please contact the Competition Manager, Kirsten Stubbings.

## JUDGING PROCESS

Judging of the 2020 AIBA will take place at Melbourne Showgrounds, Ascot Vale, Victoria, Australia - Wednesday 13 May through Friday 15 May. Judging is closed to exhibitors, trade and the public.

Entries will be allocated a tasting order number, separate from the catalogue (exhibit) Number, to ensure the anonymity of the exhibit and to retain the integrity of the judging process. Additionally, exhibits will be judged 'blind'. Exhibits are judged according to class (style) and are critically and quantitatively evaluated for their commercial excellence, quality attributes and trueness to type. Exhibits are not judged or ranked against each other but are assessed on their own merits.

Attribute scores for each exhibit will be awarded, checked, and entered by the judging panel. Classes will be judged to bronze, silver and gold Medal. The process for determining the trophy winner of each category requires an additional level of scrutiny. The gold medal beers from each category will be individually and independently reassessed and ranked using the borda count method - only gold medal-awarded exhibits are eligible for trophies. To illustrate the ranking, if there are four (4) gold medal Pilsner exhibits, those four exhibits will be reassessed and ranked from highest (best) to lowest with three (3) being the highest, two (2), one (1), and zero (0), with the highest scoring exhibit (in this example, the exhibit ranked three [3]) winning the Best Pilsner trophy. If there are five (5) gold medal Pilsner entries, the rank is from four (4) to zero (0), and so on.

Awards may be withheld or restricted in any class where exhibits are considered unworthy or if insufficient entries are available. The Competition & Event Manager and Head Steward, shall have the power to reallocate, dismiss or disqualify as being ineligible for judging, any exhibit that, in their opinion, does not comply with the regulations in every respect, and such reallocation, dismissal or disqualification shall be accepted as final.

The above instructions do not in any way limit or restrict any of the powers, discretions, rights, and duties conferred upon the judges by the regulations or RASV's powers under the regulations.

## 2020 JUDGING PANEL

Each year the AIBA select a panel of beer industry experts from across the globe to assemble in Melbourne to assess the entries in the world's largest annual beer competition judging both draught and packaged beer.

### JUDGING PANELS

A judging panel will typically consist of not less than four (4) Judges, including a Table Captain and an Associate.

Associate Judges participate in judging under the guidance of their Table Captain to aid their understanding of the judging process and to foster their professional development as judges. The scores and notes of Associate Judges may not be included in the final score or feedback provided to exhibitors.

Please contact the Competition & Event Manager if you do not receive this email.

### LABELLING OF EXHIBITS

In addition to bearing commercial labels, all exhibits must bear AIBA-issued labels. AIBA competition labels will be included in the exhibitor entry confirmation email in PDF format (as an attachment) that will be sent once your entries have been validated and payment received in full.

The AIBA-issued labels show the:

- (a) Name and year of the competition;
- (b) Class number;
- (c) AIBA Barcode;
- (d) Catalogue (Exhibit) number;
- (e) Class name;
- (f) Exhibitor name;
- (g) Entry name; and the
- (h) Hellmann Registration Number (HRN) - a three-digit code used by Hellmann (see below).

Exhibitors are required to print the labels in the precise format they are sent, preserving size, font, etc., and securely attach them to each container (bottle, can, keg, etc.) submitted for entry.

#### For Packaged Exhibits

Labels can either be printed on A4 paper, cut out and affixed with clear packing tape, or alternatively printed (using a Laser Printer) on Avery L7163 adhesive labels (99.1 x 38.1mm x 14). The AIBA competition label **must not obscure or cover** the commercial label and should either be run up the side of the bottle (can, etc.) between the front and back commercial labels, or affixed beneath or above the back label.

#### For Draught Exhibits

The AIBA recommends laminating your labels and affixing them with cable (zip) ties to avoid labels being lost or damaged through condensation during refrigeration - water soluble ink should be avoided.

#### For Design Awards

Exhibits for design awards are judged separately. When sending in entries for design awards please package them separately to other exhibits and clearly mark them as for design awards on the outer packaging.

**Please note** - Entries not bearing AIBA competition labels **will not** be judged.

### Please note

The RASV/AIBA will not be responsible for any costs relating to excises or duties, or any costs associated with the return of empty draught kegs, or for lost or misplaced kegs that were not clearly labelled upon receiving.

Exhibitors will be advised prior to the commencement of judging if exhibits have not been received. Please clearly label the outside of your samples to ensure your delivery can be easily identified.

Under no circumstances will the event organisers or any of their officers or employees be responsible for the late, missed or non-delivery of any exhibit(s). Special consideration might be given to delivery of Exhibits delayed by, for instance, customs clearance where all reasonable steps have been taken by the exhibitor to meet Australian Customs requirements.

## INSTRUCTIONS FOR CONTRACT & AUSTRALIAN GYPSY BREWERS

### CONTRACT BREWERIES

Exhibitors must declare on the AIBA entry form if an exhibit has been brewed on behalf of the exhibitor by a contract brewery.

An exhibit brewed by a contract brewery on behalf of an exhibitor is ineligible for consideration towards a Champion Brewery trophy, however a contract brewed exhibit is eligible for a class trophy.

### AUSTRALIAN GYPSY BREWERS

The Australian Gypsy Brewer award is open only to Australian brewers for beer brewed in Australia that is commercially available at the time of entry.

Exhibitors must declare during the entry process if they qualify for the Australian Gypsy Brewer award - that is:

- the exhibitor developed and owns the recipe to the exhibit,
- the exhibitor oversaw the brewing of the exhibit but does not own the brewery or brewhouse where the exhibit was brewed,
- the exhibit was brewed in Australia, and
- the exhibit is commercially available at the time of entry.

Exhibits brewed by a gypsy brewer or brewing company are ineligible for consideration towards a Champion Australian Brewery trophy as the exhibitor who entered the exhibit is not a brewery, however a gypsy brewed exhibit is eligible for a Best in Class trophy.

The brewery or brewhouse where the gypsy beer has been brewed will also be recognised in the award.

Members of the US Brewers Association's Export Development Program (EDP) are required to contact the Brewers Association **before** completing their 2020 AIBA entries to receive instructions on how to enter the 2020 AIBA, specifically about how EDP Members are to pay for their entries.
